Re: Additional Registration and Other Regulatory Relief for Commodity Pool Operators and  
Commodity Trading Advisors  
(68 FR 12622, March 17, 2003)

Dear Ms. Webb:

Man Investments Inc is pleased to provide comments to the Commission on the above-referenced proposed CFTC regulations on registration and other regulatory relief for commodity pool operators (CPOs) and commodity trading advisors (CTAs), and the accompanying release cited above (individually or collectively, the "Proposed Rules"). This letter urges the CFTC to adopt these Proposed Rules as final rules; in particular, we strongly support the MFA Proposal (Proposed Rule 4.13(a)(4)). We believe the MFA Proposal will encourage more participation in commodity futures trading by pool operators that had previously declined to engage in this market and should be adopted in its proposed form.

We thank the Commission for its efforts on this important issue.

Sincerely,

John M. Kelly  
President & CEO
