Subject: COT Report

06-3
6/18

I am writing to voice my strong opposition to stopping the publishing of the COT data. Among the market professionals with whom I interact, this data is viewed as not only important but also "clean" and not impeachable by statistical manipulation. I can think of no legitimate reason for ceasing the publication of this data - open and free markets depend on information.

Sincerely,
James L Dailey, CFA
Chief Investment Officer
