Ms. Eileen A. Donovan
Acting Secretary of the Commission
Commodity Futures Trading Commission
Three Lafayette Centre
1155 21st Street NW
Washington, D.C. 20581

RECEIVED
C.F.T.C.
2006 JUL 28 PM 3: 07
OFFICE OF THE SECRETARIAT

SUBJECT: Rule Certification

Dear Ms. Donovan:

Pursuant to Commodity Exchange Act ("CEAct") Section 5c(c)(1) and Commodity Futures Trading Commission ("Commission") Regulation 40.6(a), the Minneapolis Grain Exchange ("MGEX" or "Exchange") hereby certifies that the attached amended Regulations 2011.00. and 2014.00. comply with the CEAct and the regulations thereunder. Additions have been underlined; there were no deletions.

The purpose for amending the Regulations is to allow Spring Wheat futures contracts to trade on the current electronic platform during the time the contracts are trading by open outcry. The amendments do not materially change the terms or conditions of the contracts.

Pursuant to the authority of MGEX Rule 210.01., the Board of Directors overwhelmingly approved amending the Regulations. The MGEX plans to implement the changes effective the trade date of August 1, 2006.

If there are any questions regarding this submission, please contact me at (612) 321-7190. Thank you for your attention to this matter.

Sincerely,
Sullivan
Sandra S. Sullivan
Director, Market Regulation

Enclosure

cc: Anne Reuter

2011.00. HOURS OF TRADING.

Pursuant to the provisions of **Rule 210.01.**, the Board of Directors has adopted this Regulation.

The hours of trading at the Minneapolis Grain Exchange shall conform to Central Time.

2014.00. SETTLEMENT PRICES.

Pursuant to the provisions of Rule 210.01., the Board of Directors has adopted this Regulation.

A. Open Outcry Contracts.

Promptly after the close of trading in each Futures Contract, Exchange staff, in conjunction with the Quotations Committee, shall compute settlement prices for each contract month as follows. The settlement price shall be price consistent with the minimum fluctuations of the contract.

1. After the closing bell, all Brokers and Traders in the Pit shall report to the Market Observer and a member of the Quotations Committee all trades, bids and offers made in the closing period. The settlement price shall be determined by the weighted average of the trades and applicable bids and offers made in the closing period.
2. If no trade occurs in the closing period, the settlement price shall be the last trade price, unless there is a higher bid or lower offer. If there is no trade during the day, the settlement price shall remain unchanged, unless there is a higher bid or lower offer. In such cases, the higher bid or lower offer shall be the settlement price.
3. If such settlement price is not consistent with the settlements in other months or with market information known to the designated Exchange official supervising the closing or to members of the Quotations Committee, or if the settlement was inaccurately determined, the

designated Exchange official, with the advice of the Quotations Committee, may establish a settlement price at a level consistent with such other settlement prices or market information and shall prepare a written record setting forth the basis for any modification of such settlement price.

B. MGEXpress® Contracts.

Promptly after the close of the trading session in each Futures Contract, the Exchange shall ensure that settlement prices are calculated for each contract month as follows. The settlement price shall be price consistent with the minimum fluctuations of the contract.

1. The settlement price shall be the last trade price, unless there is a higher bid or lower offer that existed at the close of the market. If there is no trade during the day, the settlement price shall remain unchanged, unless there is a higher bid or lower offer that existed at the close of the market. In such cases, the higher bid or lower offer shall be the settlement price.
2. If such settlement price is not consistent with the settlements in other months or with market information, or if the settlement was inaccurately determined, a new settlement price may be established at a level consistent with such other settlement prices or market information and a written record setting forth the basis for any modification of such settlement price shall be prepared.

C. Open Outcry/MGEXpress® Contracts.

Settlement prices for Futures Contracts which have both Open Outcry and MGEXpress® sessions shall be determined by open outcry or the trading session with the later closing time.

D. Reservation.

The Exchange reserves the right to modify the settlement price prior to the start of the day's final clearing process if the settlement price arose from data entry errors made by or on behalf of the Exchange, and modification of the settlement price is necessary to prevent market distortion. A written record shall be prepared setting forth the basis for any modification.
