Re: Security Futures Products Rule Submission and Rule Certification

Dear Ms. Donovan:

On behalf of my client, OneChicago, LLC ("OneChicago") and pursuant to section 5c(c)(1) of the Commodity Exchange Act, as amended (the "Act"), and section 41.24 of the regulations promulgated by the Commission under the Act, submitted herewith is a rule amendment to the OneChicago listing standards for a single stock future ("SSF"). The rule amendment will be effective on September 8, 2006.

OneChicago is amending its Rule 906(b), which relates to Listing Standards for SSF by eliminating the maintenance requirement that "[t]he issuer of the underlying security satisfies applicable Exchange Act reporting requirements, or corrects any failure within 30 days after the date the report was due to be filed."

There are no opposing views that are not incorporated into this rule amendment.

On behalf of OneChicago, I hereby certify that that the amendment to the initial listing standard for single stock futures complies with the Act and regulations promulgated thereunder.
