Jean D. Webb  
Three Lafayette Centre,  
21st St. Washington, DC.

Dear Ms Webb,

The first morning proposal to raise daily price limits on grain futures and options is not acceptable.

An alliance with German-based Currex in a joint electronic trading system should never have been considered. This whole proposal could prove devastating and I urge your rejection of it.

Efforts should be devoted to stabilizing farmers' incomes and within the borders of this Country.

Yours truly,  
(Mrs. George) Mary D. Primes  
The Primes
