## COMMENT

Dear Secretary,

I am an Associated Person of Frontier Risk Management, an Introducing Broker of Refco, LLC. I am writing in opposition to the proposed amendment to eliminate the "scale down" limit of 600 contracts and require that speculative positions be reduced immediately to 300 contracts as of the close of business on the first business day following the first Friday of the contract month.

I am opposed to any changes to contract specifications or position limits once a contract has been listed and has commenced trading.

Respectfully,

E. Henry Rogers III  
Frontier Risk Management
