Subject: COT Report

OFC. OF THE SECRETARIAT

As an individual trader (and voter), I rely heavily on the COT report to assist me in making market decisions.

In response to your request for comments about the COT report, I am deeply concerned that the CFTC would consider discontinuing such a popular and insightful service. Your own site shows close to 500,000 users last year. The report has been the subject of over 40 University studies and two best selling books.

While the report may need modification, the number and size of exemptions granted by the Commission would seem to demand more transparency, not less. In general, any changes should not result in discontinuing, suspending or delaying, the Commitments' report, and the Commission should take precautions to implement report changes in such a way as to maintain continuity with historical data. Absent historical reference, the report becomes nearly unintelligible.

I urge you to continue publishing the reports. They are a valuable tool for investors throughout the world.

Thank you for keeping our markets transparent with full disclosure to the public.
