Subject: COT reports

Dear Sir: Concerning COT reports, whatever bias there is needs to be in favor of more information and not less. I would like to see the spread in the category of the "four dealers who are the most long or most short," e.g. if the total long position of the four biggest dealers is 30.3%, I would like to see what the real percentage positions are, e.g. 10.3; 8.4, 6.6; 5.0.
