OFC. OF THE SECRETARIAT

I am an individual trader who thinks the C.O.T. Report is extremely useful. Your policy statement refers to one of your goals "to provide the public with useful information regarding futures and option markets." The C.O.T. does provide the public with useful information, thus it would be counter productive to your stated purpose if you now cease to publish this report.

I urge you to continue publishing the reports. They help keep these markets transparent & they show that the C.F.T.C. stands for full disclosure to market participants.

Respectfully,
Roger Mebel
