OFC. OF THE SECRETARIAT

Subject: COTS REPORT

I represent a small trading firm, as indicated below. I urge you to continue to make the COTS Report available to all traders. Only then will there exist fairness in these markets. The transparency brought to these markets by the COTS Report makes it possible for small firms to effectively participate in these markets.

I can tell you that without the COTS Reports we will not be trading in these markets!

Thank you for your consideration.
