Subject: COT Reports

SEC. OF THE SECRETARIAT

Dear Sir:

It is my understanding that you have opened to public discussion the idea that the COT reports should be eliminated. I am hereby stating my opinion that the reports should definitely NOT be eliminated, but should instead be issued on a more frequent basis. The COT reports contain important information that is useful to many traders, including myself, and would be sorely missed if discontinued.

Please take my opinion into consideration along with all the others who do not want this information to be made unavailable to the public. A free market must have more information, not less, to function in a healthy manner.

Thank you for your consideration.
