Subject: COT Report

C.F.C. OF THE SECRETARIAT

To whom it may concern:

It has been brought to my attention that the elimination of the weekly Commitment of Traders report is being considered. I would like to submit my "vote" that this not be done. I, obviously, do not understand the reasoning behind wanting to discontinue the report, but would prefer that it be continued. In fact, I would ask that it be continued and issued on a more "timely" basis.

After all, in this day and age of instant access and information, why is the COT report information 3-days old?

Thank you for your attention to this matter.
