ATTN: Eileen Donovan, Acting Secretary

Dear Ms. Donovan:

Pinnacle Data Corp provides data of various types to commodity traders. One of the data packages we offer is COT data. I have enclosed one of our flyers describing it.

Many of our customers have called and emailed us with concerns that the weekly COT Report will be done away with. Over the past 14 years we have sold almost 3,000 COT Databases. We currently have close to 300 customers that subscribe to our update service and download updates from us each week.

NONE OF THESE FOLKS WANT THE COT REPORT TO BE DISCONTINUED!

I have enclosed a list of their names and would be happy to give you their addresses if you would provide us with a nondisclosure agreement to assure their confidentiality.

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Pavia", with a long, sweeping flourish extending upwards and to the right.

Ed Pavia
