Re: Rule Certification. NYMEX Submission 07.52: Change of Trading Venue for Certain Financially Settled Contracts Currently on CME Globex®

Dear CFTC Commissioners:

The New York Mercantile Exchange, Inc. ("NYMEX" or the "Exchange") is notifying the Commodity Futures Trading Commission ("CFTC" or "Commission") that effective with the commencement of the July 2, 2007 trading session NYMEX will migrate the financially settled, Crude Oil (WS), Heating Oil (BH), Natural Gas – Final Day (HH), Natural Gas – Penultimate Day (HP), and RBOB Gasoline (RT) futures contracts, which are currently listed for trading on the CME Globex® trading system by delisting those futures contracts from Globex and instead listing them only for open outcry trading on the NYMEX trading floor. In each instance, the contracts will be listed for trading for the full range of the present floor (or "Regular Trading Hours") trading period, i.e., from 9:00 a.m. through to 2:30 p.m. These contracts will continue to be available for the NYMEX ClearPort Clearing (CPC) service, which allows for submission of contracts executed off-Exchange.

Pursuant to Section 5c(c) of the Commodity Exchange Act ("Act") and CFTC Rule 40.6, the Exchange hereby certifies that the migration of these contracts complies with the Act, including regulations under the Act.

Should you have any questions concerning the above, please contact Daniel Brusstar, Vice President, Research, at (212) 299-2604; or contact the undersigned at (212) 299-2390.

Very truly yours,

Robert A. Levin
Senior Vice President, Research
