**RE: Extension of the European Natural Gas Volume Incentive Program
NYMEX Submission No. 23-022**

Dear Mr. Kirkpatrick:

New York Mercantile Exchange, Inc. (“NYMEX” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) of plans to extend the European Natural Gas Volume Incentive Program (“Program”) through January 31, 2024. The extension of the Program will become effective on February 1, 2023. All other Program terms remain unchanged.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

The Exchange reviewed the designated contract market Core Principles as set forth in the Commodity Exchange Act (“CEA”). During the review, NYMEX staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program does not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange’s market regulation staff will monitor trading in the Program’s products to prevent manipulative trading and market abuse. Additionally, NYMEX has implemented systems to track Program participants’ volume to ensure proper distribution of earned incentives. The products included in this Program are listed for trading in the open and competitive market. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program is subject to the Exchange’s record retention policies which comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
