Further information regarding the operation, purpose, and effect of the proposed amendments is discussed in the attached Eurex Clearing Circular 157/16, which is appended as Attachment A.

Eurex Clearing has identified the following derivatives clearing organization (“DCO”) Core Principle as potentially being relevant to the above amendments:

1. DCO Core Principle C (Participant and Product Eligibility): The amendments will comply with DCO Core Principle C because the amendments amend the TES Conditions relating to minimum block trade size for one product and to extend the EFPI service for one product, and Eurex Clearing will continue to be in compliance with this Core Principle.
