**Re: Notification of Temporary Market Interruption
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or the “Exchange”) submits notification to the Commission that, due to a network hardware issue which occurred while the US Grains, Daily Metals, US Dollar Index and Cotton No. 2 markets were transitioning to the pre-open on January 24, 2018, the pre-opens for all the foregoing markets were delayed and the opens of the US Grains, Daily Metals and US Dollar Index markets were delayed. The issue was resolved and the affected markets were opened at 8:30PM ET. Trading in Cotton No. 2 opened at its normal time, 9:00PM ET.

The actions described above were taken in accordance with Rule 6.02(a), which provides that “[i]n the event the physical functions of the Exchange are . . . adversely affected by a ‘Physical Emergency’, such as . . . computer malfunction, screen-based trading system break-down . . . the Vice President, Operations of ICE may take any action which, in the opinion of such officer is necessary or appropriate to deal with the computer malfunction or screen-based trading system disruption in accordance with Exchange procedures relating to such business disruptions. The Exchange’s conflict of interest rules were not invoked because no person with a position in Exchange contracts was involved in the decision making process.

The Exchange certifies that the actions relating to the delayed open comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. The Exchange further certifies that concurrent with this filing, a copy of this submission was posted on the Exchange’s website, which may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>).
