Re: New ICE Biotechnology GTR Index and ICE Semiconductor GTR Index Futures Contracts Market Maker Pool Program - Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, the terms of the new ICE Biotechnology GTR Index and ICE Semiconductor GTR Index Futures Contracts Market Maker Pool Program (“Program”), which are set forth in Exhibit A. The Exchange believes the Program will incentivize liquidity and volume in the two new equity index futures contracts being listed by the Exchange on February 14, 2022.

The Exchange certifies that the new Program, which will become effective on February 16, 2022, complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website. A copy of this submission may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>). The Exchange is not aware of any opposing views with respect to the Program.

EXHIBIT A

ICE Futures U.S.[®], Inc. ICE Biotechnology GTR Index and ICE Semiconductor GTR Index Futures Contracts Market Maker Pool Program

Program Purpose

The purpose of the Program is to incentivize participants to increase screen liquidity in the products listed below; this enhanced liquidity will benefit all participants in the marketplace.

Product Scope

ICE Biotechnology GTR Index Futures and ICE Semiconductor GTR Index Futures

Eligible Participants

IFUS may designate any number of participants in the Program, who may be Exchange members or non-members. To be considered for selection into the Program, potential participants must have demonstrated the ability to trade similar contracts on other products at the time of application.

Program Term

The Program shall end on December 31, 2022, unless extended by the Exchange. The Exchange reserves the right to amend or end the program and/or to terminate any participant at any time prior to that date.

Obligations

Participants are required to provide the Exchange with information acceptable to the Exchange detailing Participants' trading activity under the program, and the Exchange may require an additional third-party verification report.

Program Incentives

[PARAGRAPH REDACTED]

Monitoring and Termination of Status

The Exchange shall monitor trading activity and Participants' performance and shall retain the right to revoke Participants' status if it concludes from review that a Program Participant has failed to meet its obligations or no longer meets the eligibility requirements of this Program.
