**Re: New ICE Futures U.S. Renewable Energy Certificate Promotional Multiplier Program - Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, the terms of the new Renewable Energy Certificate Promotional Multiplier Program (“Program”), which are set forth in Exhibit A. The Exchange believes the Program will incentivize liquidity and volume in certain recently listed renewable energy certificate contracts.

The Exchange certifies that the new Program, which will become effective on February 23, 2022, complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange’s website. A copy of this submission may be accessed at (<https://www.theice.com/futures-us/regulation#rule-filings>). The Exchange is not aware of any opposing views with respect to the Program.

## **EXHIBIT A**

### **ICE Futures Renewable Energy Certificate Promotional Multiplier Program**

#### **Program Purpose**

The purpose of the Program is to incentivize participants to increase liquidity in the products listed below; this enhanced liquidity will benefit all participants in the marketplace.

#### **Product Scope**

All vintages of all CRS-Listed Renewable Energy Certificate ("REC") and Solar Renewable Energy Certificate ("SREC") futures contracts ("Program Contracts")

#### **Eligible Participants**

IFUS may designate up to 10 participants in the Program, who may be Exchange members or non-members. In order to be considered for selection into the Program, potential participants must have maintained a sufficient volume in Program or other Exchange Environmental contracts over the past three months at the time of application or be able to demonstrate an ability to comply with Program Obligations. Notwithstanding the foregoing the Exchange may add or subtract from the aforementioned criteria as it deems necessary.

#### **Program Term**

The initial term of program will end on September 30, 2022

#### **Obligations**

[PARAGRAPH REDACTED]

#### **Program Incentives**

[PARAGRAPH REDACTED]

#### **Monitoring and Termination of Status**

The Exchange shall monitor trading activity and Participants' performance and shall retain the right to revoke Participants' status if it concludes from review that a Program Participant has failed to meet its obligations or no longer meets the eligibility requirements of this Program.
