**RE: CFTC Regulation 40.6(a) Certification. Amendments to CME, CBOT, NYMEX, and COMEX Rule 980.F. (“Required Records and Reports”).
CME Submission No. 16-071 (2 of 5)**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC” or “Commission”) Regulation 40.6(a), Chicago Mercantile Exchange Inc. (“CME”), The Board of Trade of the City of Chicago, Inc. (“CBOT”), New York Mercantile Exchange, Inc. (“NYMEX”), and Commodity Exchange, Inc. (“COMEX”) (collectively, the “Exchanges”) hereby notify the Commodity Futures Trading Commission (“CFTC” or “Commission”) that they are self-certifying amendments to CME/CBOT/NYMEX/COMEX Rule 980.F. (“Required Records and Reports”) effective on Tuesday, March 1, 2016. The purpose of the amendments is to increase the maximum penalty that can be assessed against clearing members for late filing of financial information.¹

Under existing Rule 980.F., a late submission of required financial information may result in a clearing member being assessed a \$1,000 administrative fee. The Exchanges are proposing to amend Rule 980.F. to allow an administrative fee of \$1,000 to be assessed for the initial failure to timely file a required submission, plus an additional \$1,000 for each business day that such financial information is not submitted.

The amendments will align the Exchanges’ penalty provision for late submissions with the National Futures Association’s Financial Requirements Section 10, which similarly allows for a maximum penalty of \$1,000 for each business day the filing is late.

Core Principle Review

The Exchanges reviewed the designated contract market core principles (“DCM Core Principles”) and the derivatives clearing organization core principles (“DCO Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”) and identified that the new rule and rule amendments may have some bearing on the following principles:

- DCM Core Principle 13 – Disciplinary Procedures. The Exchanges have determined that the revision of the maximum penalty that can be assessed for late filing of required financial information is consistent with its requirement to establish disciplinary procedures that authorize the Exchanges to discipline members that violate rules of the Exchange.

¹ Financial information includes the monthly or annual certified Form 1-FR or FOCUS; daily segregation, secured amount and cleared swaps customer statements; semi-monthly Segregated Investment Detail Reports and any other prescribed additional reporting such as a daily net capital computation.

- DCO Core Principle H – Rule Enforcement. The Exchanges have determined that the revision of the maximum penalty that can be assessed for late filing of required financial information is consistent with its requirement to have the authority and ability to discipline clearing members for violations of the Exchanges’ rules and to maintain adequate arrangements for effective enforcement of compliance with Exchanges’ rules.
- DCO Core Principle L – Public Information. The amendments will be added to the publicly available CME Rulebook available on the CME Group website. In addition, the Exchanges will release a notice to the marketplace regarding the amendments in advance of the effective date.

Exhibit A, which is attached hereto, sets forth the applicable amendments to the Rules in blackline format.

The Exchanges certify that the amendments comply with the Act and regulations thereunder. There were no substantive opposing views to this action.

The Exchanges certify that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
