**RE: Implementation of the Natural Gas Basis Futures Market Maker Program
NYMEX Submission No. 16-074**

Dear Mr. Kirkpatrick:

New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to implement the Natural Gas Basis Futures Market Maker Program ("Program"). The Program will become effective on March 1, 2016.

Exhibit 1 sets forth the terms of this Program.

The Exchange reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not incentivize manipulative trading or market abuse or impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. NYMEX market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. The Program does not impact the Exchange's order execution. Participants in the Program will be selected by Exchange staff based on criteria set forth in Exhibit 1. Chapter 4 of the Exchange rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with NYMEX in which each participant will expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program is subject to the Exchange's record retention policies which comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

EXHIBIT 1

Natural Gas Basis Futures Market Maker Program

Program Purpose

The purpose of the Program is to incentivize market makers to increase liquidity in NYMEX Natural Gas Basis products that are traded on the CME Globex Platform. The resulting central limit order book liquidity benefits all participants in the marketplace.

Product Scope

All NYMEX Natural Gas Basis products ("Products") that are traded on the CME Globex Platform.

Eligible Participants

There is no limit to the number of participants that may participate in the Program. Participants may be NYMEX members or non-members. Potential participants are required to submit an application/bid sheet to the Exchange as part of a competitive application process which is used to determine eligibility. NYMEX, in its sole discretion, will use a variety of factors in determining whether or not a prospective participant is selected to participate in the Program, including the prospective participant's ability to meet the obligations of the Program, the strength of the quoting obligations the prospective market maker is willing to commit to provide, and the prospective market maker's historical activity in the Products. Notwithstanding the foregoing, NYMEX may add or subtract from the factors listed above from time to time.

Program Term

Start date is March 1, 2016. End date is December 31, 2016.

Hours

9:00AM – 1:30PM (CST)

Obligations

Participants in the Program must quote continuous two-sided markets in the Products at designated bid/offer spreads and quote sizes during a specified percentage of time-in-market.

Incentives

Upon satisfying all Program obligations as determined by the Exchange, Program participants may be eligible to receive predetermined incentives.

Monitoring and Termination of Status

The Exchange shall monitor participants' activity in the Products and retains the right to revoke Program participant status if it concludes from review that a Program participant no longer meets the eligibility requirements or obligations of the Program.
