(2) By any two members of the Board in the case of any Emergency where it is impracticable, in the opinion of the Chairman of the Board or in his or her absence, any two (2) members of the Board, to call a meeting of the Board to deal with the Emergency; or

(3) By any committee of the SEF pursuant to powers conferred on said committee under the Rules or by the Board.

(c) *Vote Required*

The vote required of the Board or committee authorized to take any Emergency action hereunder shall be:

(1) In the case of action by the Board, the affirmative vote of a majority of the members of the Board present and voting at a meeting at which there is a quorum; or

(2) In the case of action by a committee, the affirmative vote of two (2) or more persons constituting not less than a majority of the members of said committee present and voting at a meeting at which there is a quorum;

The consent in writing to any Emergency action of all members of the Board or of a committee, as applicable, shall be sufficient to take such Emergency action without a meeting. A member of the Board or of a committee shall be deemed present or in attendance at a meeting if such a person participates in the meeting by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time.

(d) *Action which may be taken*

(1) In the event of an Emergency, the SEF may, subject to Part 40 of the Commission Regulations under the Act, place into immediate effect a Rule which may provide for, or may authorize the SEF, or any committee, to undertake actions which, in the opinion of the SEF are necessary or appropriate to meet the Emergency, including, but not limited to, such actions as:

- (i) Extending or shortening the expiration date for trading in Contracts;
- (ii) Extending the time of delivery under or expiration of Contracts;
- (iii) Extending, limiting or changing hours of trading;
- (iv) Imposing or modifying price limits;
- (v) Imposing or modifying Position Limits;
- (vi) Imposing or modifying intraday market restrictions;
- (vii) Ordering the liquidation or transfer of open positions in any Contract;
- (viii) Ordering the fixing of a settlement price;
- (ix) Suspending trading pursuant to Rule 105 or curtailing trading in any Contract;
- (x) Altering any Contract's settlement terms or conditions; and
- (xi) Modifying or suspending any provision of the Rules.

(2) In the event of an Emergency when a quorum of the Board is not available, all trading on the SEF may be suspended by an affirmative vote of a majority of the Directors present, or by action of one Director if only one Director is present, for such period of time as in their or his or her judgment is necessary. In the event of an Emergency which prevents normal attendance at a meeting of the Board, when no Director is present, any authorized officer of the SEF shall have authority to order suspension of trading on the SEF for such period of time as in his or her judgment is necessary. Any action taken under this paragraph (b) shall be subject to review and modification by the Board.

(3) Whenever any action is taken under this Rule pursuant to which trading is suspended or other changes in procedure are made, all matters relating to notices, deliveries and other obligations may be suspended or deferred in such manner as the Board or committee, as the case may be, may determine.

(4) The SEF may be required to take an Emergency action when directed by the Commission. If a Contract is traded both on the SEF and on one or more other swap execution facilities, any Emergency action to liquidate or transfer of open positions in any Contract will be made in consultation with the Commission or Commission staff.

(e) *Physical Emergencies*

(1) In the event the physical functions of the SEF are, or are threatened to be, severely and adversely affected by a physical emergency, such as fire or other casualty, bomb threat, substantial inclement weather, power failure, communication or transportation breakdown, computer malfunction, screen-based Trading Platform break-down, malfunction of plumbing, heating, ventilation and air conditioning systems, backlog or delay in clearing or in the processing of data related to clearing Cleared Contracts (a "**Physical Emergency**"), the Chairman of the Board, or in his or her absence the Chief Executive Officer, or in both of their absences any other officer may take any action which, in the opinion of such officer is necessary or appropriate to deal with the Physical Emergency, including, but not limited to, suspending trading in any one or more Contracts, delaying the opening of trading in any one or more Contracts, extending the Last Trading Day and/or the time of trading.

(2) In the event a designated officer has ordered suspension of trading, the Chairman of the Board or the Chief Executive Officer, or in their absence any other officer may order restoration of trading on the SEF, or may remove other restrictions so imposed, if such officer determines that the Physical Emergency has sufficiently abated to permit the physical functions of the SEF to continue in an orderly manner.

(f) The SEF will promptly report any action taken hereunder to the Commission and explain the decision-making process, the reasons for the exercise of emergency authority and how any conflicts of interest were addressed. Any emergency Rule or Rule amendment shall be filed with the Commission in accordance with Part 40 of the Commission Regulations under the Act.

(g) In exercising its authority under this Rule 104, the SEF shall, in its reasonable discretion, and where appropriate, permitted by Applicable Law and not precluded by exigent circumstances, consult and coordinate with DCOs, other swap execution facilities, boards of trade, relevant Participants, and other parties in considering what actions to take hereunder.

Rule 105. Suspension of Trading

The Board may, in its discretion, by an affirmative vote of a majority of the Directors present at a meeting at which there is a quorum (which, in an Emergency other than a Physical Emergency, may be held without previous notice), close the SEF or suspend trading in any one or more Contracts on such days or portions of days as will, in its judgment, serve to promote the best interest of the SEF.

Rule 106. Risk Controls for Trading

The Regulatory Oversight Committee may impose controls to reduce the potential risk of market disruption, including but not limited to market restrictions that pause or halt trading in specified market conditions.

Rule 107. Market Data

Subject to Rule 103, and each Participant's and Customer's rights in its own Proprietary Data and Personal Information, the SEF owns all rights, title and interest in and to all intellectual property and other proprietary rights (including all copyright, database rights, trademarks and trade secrets, or similar proprietary rights in any jurisdiction whether or not registrable) in and to any data, analytics, research or other information (including without limitation Bids/Offers, RFQs, Pre-Arranged Crosses, the contents of Confirmations and Trade Communications, such Confirmations and Trade Communications themselves, prices and volumes of transactions) contained in, displayed on, generated by or derived from the SEF and the Trading Platforms (collectively the "**Information**"). The SEF shall not decompile or reverse engineer any of a Participant's or Customer's Proprietary Data and Personal Information for the purpose of ascertaining such Participant's or Customer's trading strategies, except to the extent reasonably necessary for the SEF's operations, to perform its surveillance and monitoring functions or to otherwise comply with Applicable Law. Subject to each Participant's and Customer's rights in its own Proprietary Data and Personal Information, each Participant and Customer (i) agrees to keep the Information confidential and cause each of its employees, Affiliates, Authorized Trading Firms, Customers, agents, consultants, independent software vendors and other persons affiliated with any of the foregoing, as applicable (collectively "**Related Parties**"), to keep the Information confidential, and (ii) agrees not to, and shall cause its applicable Related Parties not to, sell, lease, license, transfer, provide or otherwise make available to any third party any form of access to or use of any of the Information, or use the Information for any purpose other than such Participant's or Customer's own trading activity (and not, for the avoidance of doubt, for use by such Participant's or Customer's sales, risk management, research, wealth management or asset management departments/functions). Each Participant and Customer agrees that it shall not, and shall cause its Related Parties not to, alter, enhance, make derivative works of, download to computer or reverse engineer all or any part of the Information (other than such Participant's or Customer's Proprietary Data and Personal Information).

Rule 108. Intellectual Property

(a) The Systems are the exclusive Intellectual Property of the SEF or its affiliates or licensors. Participants have no access to the Systems and no rights with respect to the Systems, except as expressly granted by the SEF. Subject to any required approvals from any applicable Regulatory Agency, the SEF shall have the right to modify at any time a System's functionality, configuration, appearance, content and the Swaps made available for trading via a System.

(b) Upon granting Trading Privileges to a Participant, the SEF grants to that Participant a revocable, non-exclusive, non-transferable license to access and use the Systems in accordance with the Rules for the sole purpose of (i) entering into Swaps via the Systems, and (ii) receiving and transmitting information generated by or made available through the Systems from time to time. Such license shall terminate when the Participant's Trading Privileges terminate.

(c) Intellectual Property Rights

(1) By becoming a Participant, each Participant acknowledges and agrees that the Intellectual Property Rights in the Systems are a valuable asset of the SEF or its affiliates or licensors or their respective successors. Each Participant shall protect and safeguard the Intellectual Property Rights in and to the Systems by using the same degree of care that the Participant generally uses to protect its own Intellectual Property Rights and business assets, but in any event with no less than a reasonable degree of care.

(2) Each Participant shall promptly notify the SEF upon becoming aware of any infringement or misappropriation of any Intellectual Property Rights of the SEF or its affiliates or licensors. Each Participant shall comply with all reasonable requests made by the SEF (at the SEF's reasonable expense) to protect and enforce the Intellectual Property Rights of the SEF or its affiliates or licensors in the Systems.

(d) Restrictions

(1) Subject to Rule 202, a Participant shall not sell, lease, license, transfer, provide or otherwise make available to any third party (including an affiliate of Participant), any form of access to or use of the System.

(2) A Participant shall not alter, enhance, make derivative works of, download to computer, decompile, disassemble or reverse engineer all or any part of the Systems except solely to the extent (i) expressly required by Applicable Law or permitted by the Rules, or (ii) necessary in direct connection with support functions related to transactions on or subject to the Rules.

(e) Notwithstanding Rule 102, the SEF represents and warrants that it owns or is licensed all Intellectual Property Rights in or to the Systems.

(f) Indemnities

(1) The SEF shall defend, indemnify and hold harmless each Participant and its officers, directors, employees and agents (each a "**Participant Indemnified Party**") from and against all Losses as a result of any third party claim or proceeding of any nature ("**Proceeding**") against a Participant Indemnified Party determining that the Systems (other than the EBS NDF System, which includes but is not limited to the technology known as EBS Dealing Service and Brokernet), or the use thereof by the Participant Indemnified Party as authorized hereunder, violates any Intellectual Property Rights of any third party provided that such Losses do not result from (i) any Participant Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of Applicable Law by the Participant Indemnified Party; or (iii) the Participant's breach of the Rules.

(2) Each Participant shall defend, indemnify and hold harmless the SEF and each ICAP Party (each an "**ICAP Indemnified Party**") from and against any Losses to which any ICAP Indemnified Party may become subject, insofar as such Losses arise out of or in connection with, or are based upon any Proceeding against an ICAP Indemnified Party that arises out of or relates to any access, use or misuse of the Systems by the Participant or by any person accessing the Systems using the Participant's ID provided that such Losses do not result from (i) an ICAP Indemnified Party's fraud, gross negligence or willful misconduct; (ii) violation of Applicable Law by the ICAP Indemnified Party; or (iii) the ICAP Indemnified Party's breach of the Rules.

(3) If a Proceeding is commenced against a party entitled to indemnification under this Rule 108 (the "**Indemnified Party**"), notice shall be given to the party obligated to provide such indemnification (the "**Indemnifying Party**") as soon as reasonably practicable. The Indemnifying Party shall be entitled to take control of the Proceeding and any settlement of it, and the Indemnified Party shall give the Indemnifying Party, at the Indemnifying Party's reasonable cost, all reasonable assistance in relation to the Proceeding.

(4) Notwithstanding anything to the contrary contained in Rule 102 or a System Protocol, no limitation or exclusion of liability shall apply with respect to any direct losses or claims based on confidentiality, or to the SEF's intellectual property infringement indemnification obligations set forth in this Rule 108.

(g) Confidentiality

Each Participant shall keep confidential all Confidential Information of the SEF or the SEF's affiliates or licensors, both during the term and after termination of the license granted by this Rule 108. Each Participant may disclose Confidential Information to its professional advisers but otherwise may only disclose Confidential Information to those of its employees and representatives who need to know such Confidential Information for the purposes of exercising or performing the rights and obligations of Participant under the Rules and have been informed of the confidential nature of the Confidential Information divulged. No Participant will disclose Confidential Information to any third party except as follows: (i) with the consent of the SEF; (ii) as necessary to a DCO of which such Participant is a member or in connection with the clearing of a Swap; (iii) subject to appropriate confidentiality requirements no less stringent than the confidentiality provisions hereunder, to any person providing services to such party relating to transactions on or subject to the Rules; or (iv) to the SEF's Regulatory Services Provider.

(h) Each Participant shall maintain commercially available virus checking software to protect itself and the Systems from viruses, notify the SEF immediately of any defect in the System or any unauthorized access or change to the System of which the Participant becomes aware and comply with any security measures and procedures for authentication required by the SEF from time to time.

CHAPTER 2 TRADING PRIVILEGES

Rule 201. Trading Privilege Holders

(a) *Trading Privileges*

(1) Subject to the requirements and procedures set forth in this Chapter 2, Trading Privileges will be granted on an impartial basis to all applicants from time to time approved by the SEF as eligible to be Trading Privilege Holders, subject to any limitations or restrictions from time to time imposed by the SEF. Trading Privileges are nontransferable (except under certain limited circumstances which must be approved by the SEF), non-assignable and may not be sold or leased. Circumstances under which Trading Privileges may be transferred, subject to SEF approval, include, for example, transfers due to corporate reorganizations. Each Trading Privilege Holder will have the right to access a Trading Platform, subject to the applicable System Protocol, including the right to:

(i) place Bids/Offers, RFQs and Pre-Arranged Crosses for each of its proprietary accounts;

(ii) if otherwise registered in any required capacity (or exempt from registration) and authorized to act on behalf of Customers under the Act and Commission Regulations thereunder or any foreign equivalent law or regulations, place Bids/Offers, RFQs and Pre-Arranged Crosses for the accounts of such Customers as an Intermediary; and

(iii) appoint other persons to act on its behalf as an Authorized Trader or an Authorized Trading Firm pursuant to Rule 202.

(2) By virtue of obtaining Trading Privileges, a Trading Privilege Holder will not obtain any equity or other interest in the SEF, including voting rights or rights to receive any dividends or other distributions, whether arising from a dissolution, merger or consolidation involving the SEF or otherwise.

(3) In granting Trading Privileges, the SEF may impose such restrictions or limitations as it may deem necessary or appropriate. The SEF shall apply such restrictions or limitations to applicants in an impartial, non-discriminatory manner, consistent with the Act and Commission Regulations thereunder. The SEF will deny the grant of Trading Privileges where an applicant has failed to meet any requirements for such grant.

(b) *Financial Requirements*

(1) Any person that wishes to have Trading Privileges must be of good financial standing and must meet the financial and related reporting requirements set forth in this Rule 201.

(2) Each Trading Privilege Holder must provide a signed written or electronic representation, prior to being granted access to the SEF, that it qualifies as an “eligible contract participant” as defined in the Act upon initial application for Trading Privileges.

(3) Each Trading Privilege Holder shall, no less frequently than annually, provide the SEF either with (i) its annual financial report that it provides to the Commission or (ii) a written or electronic representation providing that such Trading Privilege Holder has been, and continues to be as of such date, an “eligible contract participant” as defined in the Act.

(4) Each Trading Privilege Holder must notify the SEF’s Chief Compliance Officer immediately upon becoming aware that it fails to satisfy the minimum financial requirements applicable to it.

(5) Unless and until a Trading Privilege Holder is able to demonstrate to the SEF that it is in compliance with the minimum financial requirements applicable to it, such Trading Privilege Holder may not engage in any transactions subject to the Rules of the SEF, except for the purpose of closing open positions that were opened on the SEF.

(c) *Fitness Standards*

(1) The SEF may deny the grant of Trading Privileges, or may prevent a person from becoming an Authorized Trader or an Authorized Trading Firm, if such person:

(i) is unable satisfactorily to demonstrate a capacity to adhere to all applicable Rules of the SEF, Rules of any DCO to which the Trading Privilege Holder submits Cleared Contracts for clearing, Commission Regulations and SRO regulations, including those concerning recordkeeping, reporting, financial requirements and trading procedures;

(ii) would bring the SEF into disrepute; or

(iii) for such other cause as the SEF reasonably may decide.

(2) The SEF may determine not to permit a Trading Privilege Holder or any Authorized Trader or Authorized Trading Firm to keep its, his or her Trading Privileges or maintain its, his or her association with a Trading Privilege Holder or Authorized Trading Firm, as the case may be, if such Trading Privilege Holder, Authorized Trader or Authorized Trading Firm:

(i) fails to meet any of the qualification requirements for Trading Privileges or Authorized Trader or Authorized Trading Firm status after such Trading Privileges or Authorized Trader or Authorized Trading Firm status has been approved;

(ii) fails to comply with any limitation placed by the SEF on such Trading Privileges or Authorized Trader or Authorized Trading Firm status; or

(iii) commits a material Violation.

(3) Any decision made by the SEF pursuant to this Rule 201 must be consistent with both the provisions of this Rule and the Act and Commission Regulations thereunder.

(d) The SEF may (i) deny the grant of Trading Privileges, (ii) prevent a person from becoming an Intermediary, Authorized Trader or an Authorized Trading Firm, and (iii) determine not to permit a Trading Privilege Holder or any Intermediary, Authorized Trader or Authorized Trading Firm to keep its, his or her Trading Privileges or maintain its, his or her association with a Trading Privilege Holder or Authorized Trading Firm, as the case may be, if such Trading Privilege Holder, Intermediary, Authorized Trader or Authorized Trading Firm causes or would cause the SEF to be in violation of Applicable Law.

(e) *Consent to SEF Jurisdiction*

Prior to obtaining access to the SEF and each time a Participant or Customer initiates or executes a transaction on the SEF, directly or through an Intermediary, each Participant and each Customer shall be deemed to have expressly consented to the jurisdiction of the SEF and agreed to be bound by and comply with the Rules. At the time any Clearing Firm provides a Clearing Firm Representation, each such Clearing Firm shall expressly consent to the jurisdiction of the SEF and agree to be bound by and comply with the Rules.

Rule 202. Authorized Traders and Authorized Trading Firms

(a) Each Trading Privilege Holder may from time to time permit one or more persons to enter Bids/Offers, issue and respond to RFQs, submit Pre-Arranged Crosses, access a Trading Platform and effect transactions in Contracts on the SEF. Such authority may be granted to one or more Authorized Traders or to one or more Authorized Trading Firms.

(1) *Authorized Traders*

(i) Each Trading Privilege Holder which is trading for its own account as a principal may permit one or more individuals as Authorized Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on its behalf. In such case, the Trading Privilege Holder shall be principal to any resulting transactions made on its behalf by such Authorized Traders.

(ii) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers may permit one or more individuals as Authorized Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on its behalf as an Intermediary for such Customers. In such cases, the Trading Privilege Holder has responsibility for all actions and failures to act of such Authorized Traders, but the Customer on whose behalf each transaction is made shall be the principal to any transactions made on its behalf by such Authorized Traders.

(iii) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers that are natural persons may provide such a Customer with DMA to the SEF by permitting the Customer to become an Authorized Trader to enter Bids/Offers and RFQs on behalf of the Customer. In such case, the Customer shall be the principal to any transactions entered into as an Authorized Trader. As provided for in section (b)(3) below, the SEF may grant or deny DMA to a Customer in its sole discretion.

(iv) The Trading Privilege Holder shall be responsible to the SEF for acting with reasonable care in granting Authorized Trader status.

(2) *Authorized Trading Firms*

(i) Each Trading Privilege Holder which is an Intermediary trading for the accounts of Customers that are entities may provide such a Customer with DMA to the SEF by permitting the Customer to become an Authorized Trading Firm and by permitting one or more individuals associated with the Authorized Trading Firm to become Authorized Traders to enter Bids/Offers and RFQs on behalf of the Customer. In such case, the Customer on whose behalf each transaction is made shall be the principal to any transactions made on its behalf by such Authorized Trading Firm through the Authorized Traders. As provided for in section (b)(3) below, the SEF may grant or deny DMA to a Customer in its sole discretion.

(ii) Each Trading Privilege Holder may provide an Intermediary trading for the account of the Trading Privilege Holder with access to the SEF by permitting such Intermediary to become an Authorized Trading Firm and by permitting one or more individuals associated with the Authorized Trading Firm to become Authorized Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on behalf of the Trading Privilege Holder. In such case, the Trading Privilege Holder shall be the principal to any transactions made on its behalf by such Authorized Trading Firm through the Authorized Traders.

(iii) *Prime Brokers.* Each Trading Privilege Holder that is a Prime Broker may provide a potential counterparty with access to the SEF by permitting such potential counterparty to become an Authorized Trading Firm of such Prime Broker, with one or more individuals associated with the Authorized Trading Firm to be designated by the Authorized Trading Firm as Authorized Traders to enter Bids/Offers and RFQs and Pre-Arranged Crosses on behalf of the

Prime Broker. In such cases, the Authorized Trading Firm shall enter into a Swap with the Prime Broker on a back-to-back basis with the Swap being executed on the SEF on behalf of the Prime Broker. An Authorized Trading Firm of a Prime Broker which is itself a Prime Broker may designate one or more individuals associated with its potential counterparty as Authorized Traders who will enter Bids/Offers and RFQs and pre-Arranged Crosses on behalf of the Prime Broker that is a Trading Privilege Holder. In such case, there will be two back-to-back Swap transactions based on the Swap executed on the SEF on behalf of the Prime Broker that is a Trading Privilege Holder. One back-to-back Swap will be between the Prime Broker that is a Trading Privilege Holder and the Prime Broker that is an Authorized Trading Firm, and the second back-to-back Swap transaction will be between the Prime Broker that is an Authorized Trading Firm and the potential counterparty with which the Authorized Traders are associated.

(iv) The Trading Privilege Holder shall be responsible to the SEF for acting with reasonable care in granting Authorized Trading Firm status.

(v) Each Trading Privilege Holder will obtain a signed written or electronic representation, prior to being granted access to the SEF, that each of its Authorized Trading Firms continues to qualify as an “eligible contract participant” as defined in the Act and provide such representation to the SEF and shall notify the SEF if any Authorized Trading Firm no longer qualifies as an “eligible contract participant”.

(b) *SEF Approval*

(1) No person may act as an Authorized Trader or Authorized Trading Firm before being approved to do so by the SEF, which the SEF will do on an impartial basis.

(2) Each prospective Authorized Trader and Authorized Trading Firm will submit an application in the form required by the SEF and will satisfy such requirements as may be prescribed by the SEF from time to time. No Authorized Trading Firm or Authorized Trader shall satisfy such requirements unless the Authorized Trading Firm and related Authorized Traders expressly consent to the jurisdiction of the SEF and agree to be bound by and comply with the SEF Rules. Each prospective Authorized Trading Firm must provide a written or electronic representation, prior to being granted access to the SEF, that it qualifies as an “eligible contract participant” as defined in the Act and that it has all registrations, licenses and consents required by its constituent documents and Applicable Law to transact in Contracts.

(3) DMA to the SEF by an Authorized Trader or an Authorized Trading Firm shall be granted or denied in the sole discretion of the SEF. The SEF will notify a Trading Privilege Holder of its approval or disapproval of the designation of an Authorized Trader or Authorized Trading Firm for DMA. The SEF may, in its sole discretion, revoke or suspend the designation of an Authorized Trader or Authorized Trading Firm for DMA, and shall notify the Trading Privilege Holder of such action in accordance with procedures established by the SEF.

(c) *Responsibilities to the SEF.*

(1) Each Trading Privilege Holder shall notify the SEF in writing if its relationship with an Authorized Trader or Authorized Trading Firm has been terminated, and such Trading Privilege Holder may at any time revoke any authorization granted by it to any Authorized Trader or Authorized Trading Firm by providing written notice of such revocation to the SEF.

(2) By permitting any of its Authorized Traders and/or Authorized Trading Firms to access and use a Trading Platform from any jurisdiction or to act as an Intermediary for trades on behalf of Customers located in any jurisdiction, each Trading Privilege Holder represents and warrants that each such access to or use of a Trading Platform, or action as an Intermediary, does not violate any law

applicable to the Trading Privilege Holder, the Authorized Trader, the Authorized Trading Firm or, to such Trading Privilege Holder's knowledge, the SEF.

(d) *Intermediation*

(1) A Participant may not act as an Intermediary for any other entity or person unless the Trading Privilege Holder or Authorized Trading Firm is registered with the Commission as a futures commission merchant, introducing broker or commodity trading advisor, or is exempt from such registration, or not required by Applicable Law to register, and the Authorized Trader of a futures commission merchant or introducing broker is registered as an Associated Person of such futures commission merchant or introducing broker, or is exempt from such registration.

(2) A Trading Privilege Holder, Authorized Trader or Authorized Trading Firm may not transact as an Intermediary for any Customer unless the Trading Privilege Holder or Authorized Trading Firm has submitted a signed representation to the SEF that each of its Customers is an "eligible contract participant" as defined in the Act.

Rule 203. Financial Integrity

(a) Each Trading Privilege Holder, Authorized Trading Firm and Customer must be an "eligible contract participant" as defined in the Act (i) prior to obtaining access to the SEF, and (ii) at the time that such person enters into each transaction on the SEF or subject to the Rules.

(b) For Cleared Contracts:

(1) each Trading Privilege Holder or Authorized Trading Firm transacting on the SEF as a principal is required to demonstrate to the SEF, with appropriate documentary evidence as required by the SEF from time to time, that such Trading Privilege Holder or Authorized Trading Firm is a Clearing Firm or that it has clearing arrangements in place with a Clearing Firm, including having the Clearing Firm Representation required by Rule 204(f); and

(2) each Trading Privilege Holder acting as an Intermediary shall confirm that each of its Customers has clearing arrangements in place with a Clearing Firm and obtain from its Customers any documentary evidence as required by the SEF from time to time to that effect, including any Clearing Firm Representation required by Rule 204(f). The Trading Privilege Holder shall provide such documentary evidence to the SEF.

(c) For Contracts listed on the SEF as bilateral Contracts, each Trading Privilege Holder, Authorized Trading Firm or Customer that enters into such Contracts as a principal must undergo such credit checks and provide such credit information as the SEF may require from time to time.

(d) For uncleared NDF Contracts traded on the EBS Order Book as Permitted Transactions, each Participant that wishes to enter into such NDF Contracts must be approved to enter Bids/Offers in accordance with the following procedures:

(1) Each Participant seeking approval ("Applicant") shall submit to the SEF an application in the form approved by the SEF ("Application").

(2) The Application shall be approved by the SEF if the Applicant satisfies any one of the following criteria:

(i) the Applicant is trading in the name of a Prime Broker with access to more than 80% of the prices on the EBS Order Book during the 20 Business Days preceding the date of the Application; or

(ii) the Applicant has bilateral credit with at least 10 of the 20 most active Trading Privilege Holders transacting NDFs on the EBS Order Book during the 20 Business Days preceding the date of the Application; or

(iii) the Applicant has bilateral credit with enough Trading Privilege Holders transacting in NDF Contracts on the EBS Order Book to have access to 40% or more of the prices on the EBS Order Book during the 20 Business Days preceding the date of the Application.

(3) The SEF may at any time request that a Participant, whose Application has been approved, submit an updated Application. If the updated Application shows that the Applicant does not satisfy at least one of the criteria in Rule 203(d)(2), the SEF shall terminate the Applicant's access to the EBS Order Book for NDF Contracts with written notice given 10 Business Days prior to termination.

Rule 204. Clearing

(a) All Contracts executed on the SEF that are subject to mandatory clearing under Section 2(h) of the Act must be cleared through a DCO by a Clearing Firm. Any other Contracts executed on the SEF may be cleared at the discretion of the parties to such transaction; provided that such Contracts are able to be cleared through a DCO by a Clearing Firm.

(b) *Pre-Execution Credit Check / Risk Screening.*

(1) In advance of submitting each Bid/Offer or Pre-Arranged Cross to the SEF for any Cleared Contract, each Trading Privilege Holder or Authorized Trading Firm shall identify the Clearing Firm to which any resulting transaction will be submitted for clearing at the relevant DCO and:

(i) if acting as principal, shall ensure that it has sufficient credit with such Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits; and

(ii) if acting as an Intermediary, other than with respect to DMA, shall confirm that its Customer has sufficient credit with the Customer's Clearing Firm for the resulting transaction and that the resulting transaction satisfies such Clearing Firm's Risk-Based Limits.

In the event that there is insufficient credit or the transaction does not satisfy a Clearing Firm's Risk-Based Limits, the Trading Privilege Holder or Authorized Trading Firm may not submit such Bid/Offer or Pre-Arranged Cross to the SEF.

(2) Each Clearing Firm that provides a Clearing Firm Representation for a Participant or Customer may notify the SEF of Risk-Based Limits it has established for such Participant or Customer, and such Risk-Based Limits shall become effective upon acknowledgment of receipt by the SEF. Any change to such Risk-Based Limits shall become effective only upon acknowledgment of receipt by the SEF.

(c) A Clearing Firm that seeks to effect transactions on the SEF for its own account or the account of any Customer must be a Trading Privilege Holder.

(d) The SEF may share information with any DCO that would assist such DCO in evaluating and monitoring a Clearing Firm's compliance with these criteria. A Clearing Firm agrees to cooperate with the SEF and each relevant DCO in any such monitoring.

(e) Clearing Firms shall clear Cleared Contracts in accordance with all applicable Rules and DCO rules.

(f) *Clearing Firm Representation*

(1) Each Trading Privilege Holder or Authorized Trading Firm that is not a Clearing Firm and is transacting in Cleared Contracts on the SEF as a principal shall obtain a representation from a Clearing Firm, in form and substance satisfactory to, and approved by, the SEF (a “**Clearing Firm Representation**”). Under such representation, the Clearing Firm must accept for clearing all Cleared Contracts of each Trading Privilege Holder or Authorized Trading Firm for which it clears Cleared Contracts, subject to any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2). Where a Trading Privilege Holder or Authorized Trading Firm uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Trading Privilege Holder or Authorized Trading Firm to clear a particular Cleared Contract.

(2) Each Trading Privilege Holder acting as Intermediary shall obtain from the Customer a Clearing Firm Representation from a Clearing Firm pursuant to which the Clearing Firm accepts for clearing all transactions in Cleared Contracts entered into by the Customer, subject to any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2). Where a Customer uses the services of multiple Clearing Firms, a Clearing Firm shall be responsible only to the extent that it has been designated by such Customer to clear a particular Cleared Contract.

(3) Every Contract that is subject to a Clearing Firm Representation and results from a Bid/Offer or Pre-Arranged Cross that is within any Risk-Based Limits that are in effect pursuant to Rule 204(b)(2) is deemed accepted for clearing by the Clearing Firm upon execution.

(4) A Clearing Firm may at any time (but on prior written notice to the SEF) revoke any Clearing Firm Representation made by it to a Trading Privilege Holder, Authorized Trading Firm or Customer (as applicable) in accordance with paragraph (1) and/or (2) above, by providing prior written notice of such revocation to the SEF. The Clearing Firm Representation will remain in effect for all Contracts for which Bids/Offers or Pre-Arranged Cross were submitted to a Trading Platform prior to the SEF’s acknowledgement of the revocation, which the SEF shall undertake to effectuate as promptly as practicable.

(5) Each Trading Privilege Holder, Authorized Trading Firm or, if applicable, Customer must assist its Clearing Firm and the DCO in the clearing of its Cleared Contracts.

(6) Upon notice that a Clearing Firm has revoked any authorization granted and Clearing Firm Representation made by it to a Trading Privilege Holder, Authorized Trading Firm or Customer pursuant to this Rule 204(f), the right of such Trading Privilege Holder, Authorized Trading Firm or Customer (as applicable) to enter into Cleared Contracts will be automatically terminated, and such Trading Privilege Holder, Authorized Trading Firm or Customer must obtain another Clearing Firm Representation from a Clearing Firm before the Trading Privilege Holder, Authorized Trading Firm or Customer’s right to access to trade Cleared Contracts via the SEF will be reinstated.

(g) A DCO may be given access to the SEF for the purpose of obtaining any information required by the DCO to clear contracts, including, without limitation, real-time data regarding Bids/Offers, Pre-Arranged Crosses and the execution of transactions. The SEF may impose such restrictions on a DCO’s access that it determines, in its sole discretion, are necessary and appropriate.

(h) *Failure to Clear*

(1) Subject to a Clearing Firm’s obligation to accept for clearing all Contracts resulting from Bids/Offers or Pre-Arranged Crosses that satisfy the Risk-Based Limits in effect for a Participant or Customer, any Cleared Contract, including one leg of a Package Transaction, that is rejected for clearing by a Clearing Firm or DCO for any reason, including an error by the SEF in permitting a Bid/Offer or Pre-Arranged Cross to be made that did not satisfy the Risk-Based Limits in effect at the time the Bid/Offer or Pre-Arranged Cross was made, shall be void *ab initio* and will be canceled by the SEF. For the avoidance of doubt, any component leg of a Package Transaction that was accepted for clearing will not be affected by the rejection of another leg of the same Package Transaction.

(2) Any Contract, including any component leg of a Package Transaction, that was executed on the SEF without the intent to be cleared, but later determined by the parties to the transaction to be cleared, will not be void if rejected for clearing by a DCO to which the Contract or component leg of the Package Transaction was submitted.

(3) In the event a Cleared Contract, including one leg of a Package Transaction, is canceled by the SEF pursuant to this Rule 204(h), the SEF will report such cancellation to the relevant SDR pursuant to Part 43 of the Commission Regulations.

(4) Any transaction canceled under this Rule 204(h) (except for transactions rejected by a DCO for credit reasons) may be re-executed pursuant to the procedures set forth in Rule 315(h).

(i) [Reserved]

(j) *Breakage Agreements Prohibited.* Participants and Customers are prohibited from requiring a Breakage Agreement from any other Participant or Customer as a condition of trading with that other Participant or Customer.

Rule 205. Application for and Grant of Trading Privileges

(a) *Application Requirement.* Each applicant for Trading Privileges will submit an application to the SEF in a form and manner prescribed by the SEF. Each applicant will promptly update the application materials if any of the information provided therein becomes inaccurate or incomplete after the date of submission and prior to any approval of the application. The SEF will act upon, and approve or disapprove, any such application without unreasonable delay.

(b) Upon submission of an application and satisfaction of the requirements and procedures set forth in this Chapter 2, and approval by the SEF, a person applying for Trading Privileges will be granted Trading Privileges. If the application process is not completed by the applicant within six months of submission of an application and payment of any applicable fee, the application will be deemed to be withdrawn.

(c) Any applicant who has been denied Trading Privileges or Authorized Trader or Authorized Trading Firm status with a Trading Privilege Holder, and any Trading Privilege Holder or Authorized Trader or Authorized Trading Firm of a Trading Privilege Holder who is not permitted to keep its, his or her Trading Privileges or maintain his or her status as an Authorized Trader or Authorized Trading Firm may request an appeal of the SEF's decision pursuant to the procedures set forth in Rule 205(e). No determination of the SEF to discontinue a person's Trading Privileges or Authorized Trader or Authorized Trading Firm status will take effect until the review procedures hereunder have been exhausted or the time for review has expired.

(d) Any applicant to become a Trading Privilege Holder who has been denied Trading Privileges pursuant to this Rule 205 will not be eligible for re-application during the six months immediately following such denial.

(e) *Appeal of Denial of Trading Privileges or Suspension or Termination of Access*

(1) If the SEF, pursuant to this Rule, denies an application for Trading Privileges or association with a Trading Privilege Holder as an Authorized Trader or Authorized Trading Firm, or determines not to permit a person to keep its Trading Privileges or maintain its association as an Authorized Trader or Authorized Trading Firm, or suspends or revokes a Participant's or Customer's access to the SEF pursuant to Rule 206(a) or (e), then, in any such case, the affected applicant, Trading Privilege Holder, Authorized Trader, Authorized Trading Firm, Participant or Customer, as the case may be, within seven days after receiving written notice of such decision, may request in writing that the SEF provide the reasons therefor in writing. Within 14 days of receiving any such written request, the SEF will

Within 14 days of receiving the SEF's written response, the applicant, Trading Privilege Holder, Authorized Trader, Authorized Trading Firm, Participant or Customer, as the case may be, may request, in writing, that the SEF's Participation Committee reconsider the SEF's initial decision and may provide any written representations or other information that the applicant, Trading Privilege Holder, Authorized Trader, Authorized Trading Firm, Participant or Customer, as the case may be, believes is relevant to the reconsideration.

(2) Within 28 days of receiving either a written request for reconsideration or written representations or information from the applicant, Trading Privilege Holder, Authorized Trader, Authorized Trading Firm, Participant or Customer, as the case may be, or a statement from such person that no such representation or information is to be made or supplied, the Participation Committee will either confirm, reverse or modify the initial decision and will promptly notify the applicant, Trading Privilege Holder, Authorized Trader, Authorized Trading Firm, Participant or Customer, as the case may be, accordingly. The Participation Committee may in its discretion schedule a hearing or establish any other process that it believes is necessary and appropriate to consider the request for reconsideration. Any decision by the Participation Committee pursuant to this subparagraph (2) constitutes the final action of the SEF with respect to the matter in question and is not subject to appeal. Any action that may be taken by the Participation Committee under this Rule 205(e) or (f) may be taken by the Board if no Participation Committee has been established.

(f) *Effective Date of Denial of Trading Privileges or Suspension or Termination of Access*

(1) If the SEF, pursuant to this Rule, makes a final determination to deny an application for Trading Privileges or association with a Trading Privilege Holder as an Authorized Trader or Authorized Trading Firm, or determines not to permit a person to keep its Trading Privileges or maintain its association as an Authorized Trader or Authorized Trading Firm, or suspends or revokes a Participant's or Customer's access to the SEF pursuant to Rule 206(a) or (e), then the Participation Committee shall provide written notice within thirty (30) days of its determination to the applicant, Participant or Customer, as applicable. The written notice must include:

(i) the name of the applicant, Participant or Customer;

(3) Any decision by the SEF to deny Trading Privileges or to suspend or revoke access to the SEF pursuant to this Rule shall be the final decision of the SEF and shall become effective in accordance with the timeline set forth in Rule 513(b).

(4) If the SEF denies Trading Privileges or to suspends or revokes access to the SEF pursuant to this Rule, it must publicly publish the information contained in the written notice pursuant to Rule 206(f)(1).

Each Participant and Customer must also cooperate promptly and fully with the SEF, its agents, its Regulatory Services Provider, and/or the Commission in any investigation, call for information, inquiry, audit, examination, or proceeding. Such cooperation shall include a duty to provide supplemental verbal or other information if the Participant or Customer learns that a previous response is incomplete or incorrect in any material respect. Additionally, each Trading Privilege Holder must update its email address promptly after any change and update all other material information provided in its application for Trading Privileges within five days after that information has changed. If any Participant or Customer fails to satisfy these obligations, the SEF may revoke or suspend the Participant's or Customer's access to the SEF in full or in part.

(b) Each Participant and Customer consents to allow the SEF to provide all information the SEF has about the Participant or Customer, including the Participant's or Customer's trading activity, to the Regulatory Services Provider, the Commission or any other Regulatory Agency, law enforcement authority, or judicial tribunal, including (as may be required by information sharing agreements or other contractual, regulatory, or legal provisions) foreign regulatory or self-regulatory bodies, law enforcement authorities, judicial tribunals and any other service provider to the SEF solely in connection with the service provider's performance of services to the SEF and subject to the service provider's agreeing to maintain such information as confidential, including that such service provider shall not:

- (1) use such information for any purpose other than in connection with providing services to the SEF (including that it may not otherwise use such information for its own business or marketing purposes), unless specifically required in order to fulfill such service provider's regulatory obligations; or
- (2) disclose such information to any other person, except (i) to its employees or Affiliates, provided that the employees or Affiliates are subject to confidentiality obligations at least as stringent as those applicable to the service provider, and that, in each case, such disclosure is necessary for the performance of services to the SEF by the service provider, or (ii) if compelled to do so by valid legal or regulatory process, provided that the service provider notifies the SEF in advance thereof to the extent permitted.

(c) Each Participant is required to review the "Notices" section of the SEF website to make itself aware of material changes to these Rules or other notices that may affect their rights and obligations as a Participant.

(e) The SEF may revoke or suspend a Participant's access to the SEF in full or in part if the Participant acts as an Intermediary on behalf of a Customer and such Customer maintains a position in

any Contract that, when considered in light of the other positions maintained by the Participant through which such Customer accesses the SEF, and any other factors that the SEF reasonably deems relevant, the SEF reasonably believes could jeopardize the financial safety of such Participant or any of such Participant's other Customers. In making this determination, the SEF may consider any relevant factors, including, as applicable, (i) the positions maintained by such Participant, such Participant's Authorized Traders, Authorized Trading Firms and other Customers, (ii) financial information provided by such Participant; and (iii) in consultation and coordination with the relevant DCOs, the level of margin maintained by such Participant at such Participant's Clearing Firm.

(f) Each Trading Privilege Holder which is a Swap Dealer or Major Swap Participant and enters into or facilitates a Swap that is subject to mandatory clearing under Section 2(h) of the Act shall be responsible for compliance with the mandatory trading requirement under Section 2(h)(8) of the Act.

Rule 207. Customers

(a) No Participant shall act as an Intermediary for the account of a Customer unless the Participant has entered into an agreement with the Customer that provides that the Customer agrees that all Contracts shall be governed by the Rules, the Act and the Commission Regulations, insofar as they are applicable to that Contract, although no such agreement shall be required by these Rules when the Customer of a Trading Privilege Holder is another Trading Privilege Holder.

(b) Where a Customer and the Intermediary are both Trading Privilege Holders, the Customer shall provide the SEF with such notice of the relationship as the SEF may require from time to time.

(c) Each Customer shall be the principal to all executed transactions resulting from any Bids/Offers or Pre-Arranged Crosses entered on behalf of the Customer. Where a Participant is acting as an Intermediary on behalf of a Customer, the Participant shall have no liability, whether or not the identity of the Customer has been disclosed, in respect of any transactions executed on behalf of a Customer, to any other party, including any other Participant or the Customer of any other Participant.

(d) Except to the extent that the SEF sends Confirmations of Contracts directly to the relevant Customer, each such Customer authorizes the SEF to send Confirmations of Contracts entered into through an Intermediary to the Intermediary and authorizes such Intermediary to accept such Confirmations on behalf of the Customer.

Rule 212. Market Maker Programs

The SEF may from time to time adopt, pursuant to Part 40 of the Commission Regulations, one or more programs under which one or more Trading Privilege Holders or others may be approved and designated as market makers with respect to one or more Contracts in order to provide liquidity and orderliness in the market or markets for such Contract or Contracts. (a) If required to be registered in any capacity under Applicable Law, it has duly registered in such capacity and such registration is in effect and has not lapsed or been revoked, suspended or withdrawn;

(d) If the SEF refuses to accept a Participant's withdrawal request or postpones the effective date of withdrawal of a Participant, the SEF may waive the obligation to pay some or all of the fees, costs and charges that the SEF would have imposed during the period after the date on which the requested withdrawal would have otherwise taken effect.

(e) When the SEF accepts the withdrawal of a Participant, all rights and privileges of such Participant terminate (including the Trading Privileges and ability to access a Trading Platform). The accepted withdrawal of a Participant shall not affect the rights of the SEF under the Rules or relieve the former Participant of its obligations with respect to previously executed transactions (including any contractual obligations relating to any Contracts entered into by such Participant, or the payment of any fees, costs, or charges incurred prior to such withdrawal). Notwithstanding the accepted withdrawal of a Participant, the withdrawn Participant remains subject to the jurisdiction of the SEF for acts done and omissions made while a Participant, and must cooperate in any proceeding under Chapter 5 as if such withdrawal had not taken place.

(c) An Execution Specialist may facilitate the negotiation and execution of a Pre-Arranged Cross by two Participants only as follows: upon request of a Participant, the Execution Specialist may, without using any Trading Platform, Order Book or RFQ procedure, contact one or more other Participants to determine interest in a Pre-Arranged Cross.

(d) Upon execution of the Permitted Transaction on the SEF, the SEF will report the transaction to the SDR as soon as technologically practicable after execution in accordance with Rule 309.

(e) Each Participant that is party to, or Intermediary in, a Pre-Arranged Cross executed pursuant to section (b) of this Rule 304 must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the identity of the counterparty; and, if applicable, details regarding the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by the SEF, such Participant must produce satisfactory evidence, including the transaction information referred to in the preceding sentence, that the transaction meets the requirements set forth in this Rule.

Rule 305. Execution Methods for Required Transactions

(a) *Execution through the SEF's Order Book*

(1) A Participant may enter Bids/Offers to transact in Contracts by electronic transmission over a network or through an Execution Specialist. If a Participant submits a Bid/Offer to the Order Book through an Execution Specialist, the Execution Specialist shall provide the Participant with a confirmation that the Bid/Offer was entered into the Order Book as soon as possible after such entry.

(2) A Participant will enter a Bid/Offer to transact in one or more Contracts by indicating to the SEF in the manner required by a Trading Platform or the Execution Specialist the information required by Rule 208(d).

(3) The Participant will be responsible for any and all Bid/Offer entries it posts on the SEF. Posted Bids/Offers are subject to acceptance by other Participants.

(4) The Order Book will keep an electronic record of all Bids/Offers to transact in Contracts, and all executed transactions.

(5) The records kept by the SEF will include all of the Bid/Offer terms identified in this Rule as well as the date and time that the transaction was executed.

(6) The Order Book will provide Participants with the ability to post firm Bids/Offers on a centralized electronic screen that is accessible to all Participants with access to the Order Book. Each Participant may then choose to transact on the basis of a firm Bid/Offer by entering a Bid/Offer which accepts the firm Bid/Offer.

(7) For a Participant who has the ability to accept a Bid/Offer it submits on behalf of a Customer or to execute Bids/Offers from two Customers against each other, or for two Participants who desire to execute offsetting Bids/Offers as a result of pre-execution discussions, the Participant or Participants must allow at least a 15 second delay between the entry of those two Bids/Offers, such that one side of the potential transaction is disclosed and made available to other Participants for at least 15 seconds (or such other time as the SEF may publish for particular contracts) before the second side of the potential transaction, whether for the Participant's own account or for Participant's Customer, is submitted for execution. Participants and Customers may engage in pre-execution discussions with regard to such Bids/Offers in accordance with Rule 404(c).

(b) [Reserved].

Rule 306. [Reserved]

Rule 307. Acceptable Bids and Offers

(a) A Bid/Offer may be for a single Swap or for a strategy or spread involving multiple Swaps.

(b) Subject to the System Protocols, a Bid/Offer may be designated as "all-or-none," and if so designated, may be accepted only if accepted in its entirety.

(c) A Participant submitting a Held Order for less than the Appropriate Minimum Block Size for execution on the SEF shall submit such a Held Order directly to the Order Book or, if submitted to the SEF through an Execution Specialist, such Execution Specialist shall submit such a Held Order directly to the Order Book.

Rule 308. Block Trades

Participants must enter into uncleared Block Trades away from the SEF, *i.e.*, outside a Trading Platform, System, Order Book, RFQ procedure or Prearranged Cross procedure under Rule 304(b). Participants may enter into Block Trades in Cleared Contracts in accordance with Rule 308(f). All Block Trades must be executed at prices mutually agreed, with regard to Contracts that have been designated by the SEF for such purpose, subject to the following conditions:

(a) The Block Trade must be for at least such minimum number of Contracts as will from time to time be specified by the SEF (the "**Appropriate Minimum Block Size**"). Except as may otherwise be permitted by Commission Regulation 43.6(h)(6), Participants shall not aggregate Contracts of different Participants or Customers to achieve the Appropriate Minimum Block Size. Furthermore, each leg of a Package Transaction must achieve the Appropriate Minimum Block Size independently of each other leg of the Package Transaction. The current Appropriate Minimum Block Sizes are posted on the "Regulation" section of the SEF website.

(b) When negotiating or executing a Block Trade, a Participant must ensure that the price quoted for a Block Trade represents a fair and reasonable price. The price at which a Block Trade is executed must

be fair and reasonable in light of (i) the size of such Block Trade, (ii) the prices and sizes of other transactions in the same Contract at the relevant time, (iii) the prices and sizes of transactions in other relevant markets at the relevant time, and (iv) the circumstances of the parties to such Block Trade.

(c) Block Trades that are not Cleared Contracts must be reported to the SEF by the seller, unless otherwise agreed to by the parties, as soon as technologically practicable after execution, and in no event later than ten (10) minutes after execution, by contacting an Execution Specialist; however, in the case of an Intermediated Transaction, the Participant acting as the Intermediary shall have the obligation to report the Block Trade to the SEF as soon as technologically practicable after execution. The Participant reporting the Block Trade to the SEF must explicitly state to the Execution Specialist that the parties are electing to have the Block Trade treated as such, must state the time of execution to the nearest second and must provide the information required by Rule 208(d).

(d) The SEF will review the information submitted by the Participants for a Block Trade that is not a Cleared Contract and will post the transaction to a Trading Platform if the details are complete and accurate in accordance with this Rule. The SEF will report the transaction to the SDR as soon as technologically practicable after execution in accordance with Rule 309 and will identify the Block Trade as such in the report. The SEF will not disclose any detail of a Block Trade that is not a Cleared Contract prior to the public dissemination of the Block Trade by the SDR.

(e) Each Participant that is party to, or Intermediary for, a Block Trade that is not a Cleared Contract must record the following details of the transaction: the Contract (including the Delivery Month) to which such transaction relates; the number of Contracts traded; the price of execution or premium; the time of execution; the identity of the counterparty; and, if applicable, details regarding the Customer for which the transaction was executed, as well as, if applicable, the Underlying Interest and whether the transaction involved a put or a call and the strike price. Upon request by the SEF, such Participant must produce satisfactory evidence, including the information referred to in the preceding sentence, that the transaction meets the requirements set forth in this Rule.

(f) In accordance with NAL 15-60, expiring November 15, 2016, a Participant may execute a Block Trade that is a Cleared Contract as a Pre-Arranged Cross in accordance with the procedures in Rule 304, notwithstanding that the execution of the Block Trade does not occur away from the SEF's trading system. Each Block Trade executed pursuant to this Rule 308(f) must involve Contracts listed by the SEF, be executed pursuant to the Rules and meet the Appropriate Minimum Block Size. The SEF will report each Block Trade transaction to the SDR as soon as technologically practicable after execution in accordance with Rule 309. The SEF will not disclose any detail of such a Block Trade prior to the public dissemination of the Block Trade by the SDR.

(g) Each counterparty to a Block Trade must be an "eligible contract participant" as defined in the Act.

(h) Each Intermediary entering into a Block Trade on behalf of a Customer (or in the case of an Authorized Trader acting as an Intermediary, its Trading Privilege Holder's Customer) must have received a written instruction or consent to do so from the Customer prior to the execution of the Block Trade. The written instruction or consent must be specific as to Block Trades but may be included in a power of attorney or similar document in which the customer provides the Intermediary with a discretionary trading authority to direct the trading in the Customer's account.

(i) Any Block Trade in violation of these requirements will constitute conduct which is inconsistent with just and equitable principles of trade.

(j) Nothing in this Rule 308 shall prohibit a Participant from executing a transaction via the Order Book that exceeds the Appropriate Minimum Block Size. Such transactions will not receive treatment as Block Trades and will not be afforded a reporting time delay under Part 43 of the Commission Regulations.

Rule 309. Reporting and Data Collection

(a) In furtherance of Applicable Law, the SEF will capture and retain all transaction data, so as to be able to reconstruct all transactions within a reasonable period of time and to provide evidence of any Violations.

(b) In furtherance of Applicable Law, the SEF will retain records for all transactions executed on the SEF. This includes all Bids/Offers, RFQs and Pre-Arranged Crosses, whether accepted, unaccepted, canceled or modified, and all acceptances of such transactions.

(c) In furtherance of Applicable Law, the SEF shall maintain an electronic transaction history database, which includes a history of all Bids/Offers and transactions, and also includes: (i) all data that are input into the trade entry system; (ii) the categories of Participant or Customer for which each transaction is executed, including whether the Participant or Customer executed the transaction for its own account; (iii) timing and sequencing data adequate to reconstruct trading; and (iv) subject to Rule 309(h), identification of each Participant or Customer to which fills are allocated.

(d) The SEF will use the electronic transaction history database to reconstruct trading and identify possible Violations. In furtherance of Applicable Law, the SEF will conduct an annual review of compliance by all Participants and Customers that are responsible for, or in control of, the creation of audit trail records with its audit trail and recordkeeping requirements and will identify Participants and Customers that may have failed to comply with such requirements. Such Participants will be subject to investigation by the Market Regulation Staff for possible disciplinary action. The annual review must include, but is not limited to, reviews of randomly-selected samples of front end audit trail data for order routing systems; a review of the process by which user identifications are assigned and user identification records are maintained; a review of usage patterns associated with user identifications to monitor for violations of user identification Rules; and reviews of account numbers and Customer Type Indicator Codes in transaction records to test for accuracy and improper use.

(e) All such information will be maintained by the SEF in a manner that protects it from unauthorized alteration, as well as from accidental erasure or other loss.

(f) The SEF will publish trading information as required by Core Principle 9, Commission Regulation § 37.901 and Part 16 of the Commission Regulations.

(g) *Reporting to SDRs.*

(1) The SEF will report all transactions in Contracts executed on the SEF pursuant to the Rules to an SDR of the SEF's choice as soon as technologically practicable after the execution of such transaction. The SEF will report such transactions as set forth below:

- (i) Cleared Contracts, including all legs of a Package Transaction, in all asset classes: the SEF reports to DTCC;
- (ii) Non-Cleared Contracts, including all legs of a Package Transaction, in all asset classes: the SEF reports to DTCC;
- (iii) Cleared Contracts, including all legs of a Package Transaction, in commodity asset classes: the SEF reports to DTCC, ICE or CME;
- (iv) Non-Cleared Contracts, including all legs of a Package Transaction, in commodity asset classes: the SEF reports to DTCC, ICE or CME.

With respect to Cleared Contracts, the SEF determines the SDR to which a transaction will be reported as follows: (a) all Cleared Contracts cleared by LCH.Clearnet, Ltd. or LCH.Clearnet LLC

will be reported to DTCC; (b) all Cleared Contracts cleared by CME shall be reported to CME; and (c) all Cleared Contracts cleared by ICE Clear Europe Limited shall be reported to ICE. With respect to Non-Cleared Contracts, the SEF reports all such transactions to DTCC; provided that the reporting counterparty determined in accordance with Rule 316 may, prior to the execution of the transaction, provide the SEF with written instructions directing the SEF to report the transaction to ICE or CME instead of DTCC.

- (2) As soon as technologically practicable after the execution of a Contract, the SEF will report to both counterparties, and to the DCO, if any, that will clear the Contract: (i) the identity of the SDR to which the Contract was reported; and (ii) the Contract's unique Swap identifier.
- (3) All real-time data required by Part 43 of the Commission Regulations and all creation data, including primary economic terms and confirmation data, required by Part 45 of the Commission Regulations will be reported to the relevant SDR as provided for under Part 43 and Part 45 of the Commission Regulations.
- (4) The SEF will disseminate swap transaction and pricing data relating to Contracts to Participants no earlier than the transmittal of such information to the relevant registered SDR.
- (5) After becoming aware of or being notified of any errors or omissions in the transaction or pricing data set forth in a Confirmation by a Participant pursuant to Rule 312, the SEF shall then promptly submit corrected data to the relevant SDR.
- (6) Neither the SEF nor any Participant may submit or agree to submit a cancellation or correction for the purposes of re-reporting Swap transaction and pricing data in order to gain or extend a delay in public dissemination of accurate Swap transaction or pricing data or to otherwise evade the reporting requirements of Part 43 of the CFTC Regulations.

(h) *Post Trade Allocations.*

- (1) In reliance on NAL 15-68, expiring November 15, 2017, the SEF will not capture post-trade allocations in its audit trail data or conduct associated audit trail reviews of post-trade allocations.
- (2) Each Participant and Customer shall provide the SEF post-trade allocation information to the SEF upon the request of the SEF.
- (3) During the course of any trade practice surveillance or market surveillance investigation into any trading activity involving post-trade allocations, upon the request of the CFTC or otherwise, the SEF shall ascertain whether a post-trade allocation was made. Upon determining that such an allocation was made, the SEF shall request, obtain and review the post-trade allocation information as part of its investigation.

Rule 310. Bid/Offer Cancellation

(a) A Participant can submit instructions to either cancel or modify a Bid/Offer which that Participant has placed on the SEF if that Bid/Offer has not yet been accepted. Upon receipt of instructions to cancel a Bid/Offer that has not been executed, a Trading Platform will withdraw the Bid/Offer and confirm the cancellation of the Bid/Offer. If a Participant modifies a Bid/Offer that has not been executed, the SEF will treat the modified Bid/Offer as a new Bid/Offer.

(b) The SEF will attempt to cancel or modify an existing Bid/Offer after a Participant enters a cancellation or modification instruction. However, the Bid/Offer may be executed before the SEF is able to cancel or modify it. If a Bid/Offer has been filled in whole or in part, a Participant may modify or cancel

only that portion of the Bid/Offer (if any) that has not been executed. Once canceled by the SEF, a Bid/Offer will not be executed.

(c) Upon suspension or revocation of a Participant's trading privileges by the SEF, any unaccepted Bid/Offer on the SEF for such Participant shall be canceled by the SEF.

Rule 311. [Reserved]

Rule 312. Enforceability of Transactions

(a) Settlement

(1) Each Participant or, where a transaction is on behalf of a Customer, the relevant Customer, is obligated to settle all transactions executed, pursuant to the Rules in this Chapter 3.

(2) A transaction executed on the SEF or subject to the Rules shall not be void, voidable, subject to rescission, otherwise invalidated or rendered unenforceable as a result of:

(i) a violation by the SEF of Section 5h of the Act or Part 37 of the Commission Regulations;

(ii) any Commission proceeding to alter or supplement a rule, term or condition under Section 8a(7) of the Act or to declare an emergency under Section 8a(9) of the Act; or

(iii) any other proceeding the effect of which is to: (A) alter or supplement a specific term or condition or trading rule or procedures; or (B) require the SEF to adopt a specific term or condition, trading rule or procedure, or to take or refrain from taking a specific action.

(b) *Issuance of SEF Confirmations for Cleared Contracts.* Participants and Customers are obligated to submit for clearing all Contracts so required by the Act, Commission Regulations and any other applicable law. For Cleared Contracts, the SEF will provide the Trading Privilege Holder a Confirmation of all the terms of each transaction executed on the SEF at the time of execution; provided that where a Trading Privilege Holder is a Customer in an Intermediated Transaction, the confirmation will be provided to the Intermediary in accordance with Rule 313(c). The Confirmation provided by the SEF for Cleared Contracts will be the final legally binding confirmation of the terms of any transaction executed on the SEF and will supersede any conflicting confirmation or agreement provided to, or between, as applicable, Participants and Customers, regardless of when such other confirmation is provided.

(c) Issuance of SEF Confirmations for Uncleared Transactions

(1) The economic terms specific to the transaction agreed by each Participant and/or Customer on the SEF with respect to an uncleared transaction shall be reflected by the SEF in a written communication (the "**Trade Communication**") issued to each applicable Participant and/or Customer at the time of execution of the uncleared transaction. The Trade Communication, together with the documents and agreements (including, without limitation, ISDA master agreements, other master agreements, terms supplements, master confirmation agreements, and incorporated industry definitions) governing such transaction existing at the time of such commitment to which each Participant and/or Customer are party (the "**Terms Incorporated by Reference**") shall, taken together, for purposes of Commission Regulation 37.6(b), comprise all of the terms of such transaction and serve as the Confirmation of such transaction.

(2) In satisfaction of the obligations imposed on the SEF under Commission Regulation 37.6(b), (i) each Trade Communication is deemed to incorporate the Terms Incorporated by Reference set forth in this Rule 312(c) upon issuance of the Trade Communication, (ii) each Participant and Customer hereby agrees that the provisions of Rule 312(c)(3) shall govern any conflicting terms, and (iii)

the resulting Confirmation takes place at the time of execution of, and contains all the terms of, the transaction.

(3) In the event of any conflict between (x) the Trade Communication and (y) the Terms Incorporated by Reference, the Trade Communication shall prevail to the extent of any inconsistency and each Trade Communication shall state the same.

(4) In accordance with NAL 15-25, expiring March 31, 2016, upon the request of the SEF, each Participant and Customer shall provide copies of the Terms Incorporated by Reference to the SEF.

(5) In accordance with NAL 15-25, expiring March 31, 2016, upon the request of the Commission, the SEF shall request the Terms Incorporated by Reference from the relevant Participant or Customer and shall provide such Terms Incorporated by Reference to the Commission as soon as possible after receipt from the Participant or Customer.

(d) *Review of Confirmations.* Each Participant shall review the contents of each Confirmation issued to it pursuant to this Rule 312 and shall promptly report any errors or omissions in the transaction or pricing data therein to the counterparty to the Contract. Each Participant that is the reporting counterparty for such Contract, as determined pursuant to Rule 316, shall report all such errors or omissions to the Facility as soon as technologically practicable after becoming aware of the errors or omissions.

Rule 313. Intermediated Transactions

(a) Subject to Rule 305(a)(7), Participants who are Intermediaries shall immediately enter into a Trading Platform all executable Orders received by telephone from their Customers, and shall immediately submit all RFQs and Pre-Arranged Crosses to an Execution Specialist. If an Order, RFQ or Pre-Arranged Cross cannot be immediately entered into a Trading Platform or submitted to an Execution Specialist, as applicable, an electronic record which includes the account identifier that relates to the account owner, time of receipt, and terms of the Order, RFQ or Pre-Arranged Cross must immediately be created, and the Order, RFQ or Pre-Arranged Cross must be entered into a Trading Platform or submitted to an Execution Specialist as soon as practicable.

(b) *Priority of execution.* Non-discretionary executable Customer Orders received by a Participant who is an Intermediary shall be entered into the SEF in the sequence received. Non-discretionary Orders that cannot be immediately entered must be entered when the Orders become executable, in the sequence in which the Orders were received.

(c) The SEF shall provide all Confirmations of Intermediated Transactions to the Intermediary upon execution of the transaction. Except to the extent that the SEF sends Confirmations of Contracts directly to the relevant Customer, any Participant that transacts as an Intermediary for any Customer shall be responsible for ensuring that such Customers receive all Confirmations of Contracts entered into on behalf of such Customers as soon as technologically practicable after receipt of the Confirmation from the SEF.

Rule 314. Bunched Orders

Bunched Orders must be allocated and recorded in accordance with Commission Regulation 1.35(b)(5) and the NFA's Interpretive Notice related to Compliance Rule 2-10. Bunched Orders may be entered using a designation for a group of accounts or suspense account number; provided, however that:

(1) the Bid/Offer or Pre-Arranged Cross is being placed by a Participant who is, or is acting on behalf of, an account manager for multiple accounts eligible for post execution allocation; or

(2) a written, pre-determined allocation scheme that defines the group of accounts has been provided to the Clearing Firm accepting or clearing the Bid/Offer or Pre-Arranged Cross prior to the time that such Bid/Offer or Pre-Arranged Cross is entered.

Rule 315. SEF Authority over Transactions

(a) *SEF Authority Regarding Cancellations, Price Adjustments and New or Offsetting Transactions*

The SEF has authority to cancel any transaction or adjust the price of any transaction executed on the SEF, or to execute or require the execution of a new or offsetting transaction: (i) when the SEF determines in its sole discretion such action is necessary to mitigate market disrupting events caused by the improper or erroneous use of a Trading Platform or by system defects; (ii) at any time the SEF determines, in its sole discretion, that allowing a transaction to stand as executed may have a material adverse effect on the integrity of the market; or (iii) in accordance with Rules 204(h), 315(c), 315(d), 315(g) or 315(h). All decisions of the SEF regarding the SEF's cancellation of transactions or the adjustment of transaction prices and the execution of new or offsetting transactions shall be final, subject to Rule 315(d).

(b) *Determination to Review a Transaction's Price*

(1) The SEF may determine to review a transaction's price based on its independent analysis of market activity or upon a Participant's request. A Participant's request for review must be made (i) for an uncleared Pre-Arranged Cross, within one (1) Business Day of the execution of such transaction and (ii) for any other transaction executed on the SEF, within 15 minutes of the execution of such transaction. In the absence of a timely request for review, the SEF may determine whether or not a transaction will be subject to review in its sole discretion. Notwithstanding the foregoing, subject to Applicable Law, the SEF shall amend the terms of, or cancel, any transaction that the parties, together with the DCO, as applicable, mutually agree to amend or cancel, in the event that such amendment or cancellation is not submitted to the SEF within the applicable review period specified above.

(2) If the SEF determines to review a transaction's price, it will promptly issue an alert to all Participants via a Trading Platform or electronic mail indicating that the transaction is under review.

(c) *Review of a Transaction's Price*

(1) In reviewing a transaction, the SEF will first determine whether the price of the transaction is so far above or below the fair market value for the relevant Contract that it indicates the transaction was executed in error. In doing so, the SEF shall determine the fair value price for the Swap at the time the transaction under review occurred. The SEF may consider any relevant information, including, but not limited to, the last transaction price of the Swap or a better Bid/Offer, a more recent price for a different maturity date, the price of the same or related Swap established in another venue or another market, the market conditions at the time of the transaction, the theoretical value of an Option based on the most recent implied volatility and responses to an RFQ.

(3) If the SEF determines that the price of a transaction does not indicate that the transaction was executed in error, the SEF will issue an alert indicating that the transaction shall stand as executed.

(4) If the SEF determines that the price of a transaction indicates that the transaction was executed in error, the SEF shall have the right, in its sole discretion, to cancel or adjust the price of such transaction.

(d) *Alternative Resolution by Agreement of Parties for Transactions Reviewed for Price*

(1) With the approval of the SEF, parties to a transaction that is under review for price or that has had its price adjusted may instead, together with the DCO, as applicable, mutually agree to cancel or otherwise adjust the price of the transaction.

(2) With the approval of the SEF, parties to a transaction that is canceled may instead, together with the DCO, as applicable, mutually agree to adjust the price of such transaction to a fair value price.

(3) Subject to sections (d)(1) and (d)(2), parties to a transaction that is canceled or that has had its price adjusted may mutually agree to a cash adjustment.

(4) Any cancellation or adjustment made pursuant to sections (d)(1), (d)(2) or (d)(3) must be reported to the SEF by the parties within one (1) Business Day and the parties must maintain a record of such adjustment.

(e) *Liability for Losses Resulting from Cancellations or Price Adjustments*

(1) A party that through error or mistake enters a Bid/Offer, RFQ or Pre-Arranged Cross that results in a cancellation or price adjustment shall be responsible for demonstrated claims of realized losses incurred by persons whose transaction prices were canceled or adjusted; provided, however, that a claimant shall not be entitled to compensation for losses incurred as a result of the claimant's failure to take reasonable actions to mitigate the loss.

(2) A claim for a loss pursuant to this Rule 315 must be submitted to the SEF within one (1) Business Day of the event giving rise to the claim. The SEF will reject any claim that is not filed in a timely manner and such decision shall be final. Eligible claims shall be forwarded by the SEF to the party responsible for the Bid/Offer, RFQ or Pre-Arranged Cross that resulted in a cancellation or a price adjustment of a transaction and the Participant through which the transaction was submitted to the SEF. Such party, or Participant on behalf of such party, shall, within ten (10) Business Days of receipt of the claim, admit or deny responsibility in whole or in part. Failure to respond to the claim within ten (10) Business Days shall be deemed a denial of liability.

(3) To the extent that liability is admitted, payment shall be made within ten (10) Business Days. Unless otherwise agreed upon in writing by the parties, failure to make the payment within ten (10) Business Days shall be deemed a denial of liability for the purposes of this Rule 315. A copy of any such written agreement must be provided to the SEF.

(4) To the extent that liability is denied, the party making the claim may submit the claim for arbitration pursuant to Rule 702. Such claims must be submitted to the SEF within ten (10) Business Days of the date the party was issued notification that liability was denied.

(f) *Records of Cancellations and Price Adjustments*

(1) Canceled transactions and any prices that have been adjusted shall be canceled in the SEF's official records.

(2) Transactions that have had their price adjusted shall be reflected in the SEF's official records at the adjusted price.

(g) *Review of Transactions for Errors*

(1) If a Participant, Customer or Clearing Firm believes that any transaction in one or more Contracts was executed, cleared or rejected for clearing as a result of an Error, as defined in Rule 315(g)(3), such person may request review of the transaction.

(2) Upon receipt of a request for review of a transaction, or if the SEF determines on its own initiative to conduct such a review, the SEF will review its records to determine if an Error occurred.

(3) The SEF may cancel or adjust the transaction, or execute or require the execution of a new or offsetting Cleared Contract under the procedures of Rule 315(h), as appropriate, if the review described in this Rule reveals that:

(i) a Trading Platform or an Execution Specialist made a material mistake or that a mistake occurred as a result of a malfunction in a Trading Platform or by human error;

(ii) a Bid/Offer or RFQ or Pre-Arranged Cross was incorrectly displayed and/or executed and/or reported;

(iii) a Trading Platform, an Execution Specialist, Participant or Customer made a clerical or operating error or omission that caused a transaction to be rejected from clearing and void *ab initio*; or

(iv) a Clearing Firm or DCO rejected a leg of a Package Transaction for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction (each of the foregoing, an “**Error**”).

(4) If the review described in this Rule reveals that no Error occurred, the SEF will inform any person who requested the review that the SEF has determined that the transaction was properly handled, the evidence supporting that determination, and that a cancelation, adjustment or a new or offsetting transaction under Rule 315(h) will not be made.

(5) The SEF will document in writing all requests for review of transactions received by the SEF, or any review on its own initiative, the time and manner in which the SEF reviewed its electronic audit trail in response to the request or review on its own initiative, the outcome of that review, and the action or actions taken by the SEF in response to that review.

(6) If a transaction is reviewable for price under Rule 315(b), the procedures of this Rule 315(g) shall not apply.

(h) *Procedures for Correcting Errors.*

(1) The procedures of this Rule 315(h) are in accordance with NAL 15-24, expiring June 15, 2016 and are limited to:

(i) A Cleared Contract that was rejected for clearing and void *ab initio* because of a clerical or operational error or omission by the SEF, a Participant or a Customer (each, a “**Rejected Transaction**”),

(ii) A leg of a Package Transaction that was rejected for clearing because of the sequencing of submission for clearing of the legs of the applicable Package Transaction and only for such rejected leg (each, a “**Rejected Leg**”), and

(iii) A Cleared Contract that is carried on a DCO’s books as a result of a clerical or operational error or omission by the SEF, a Participant or a Customer that was not identified until after the Cleared Contract had been cleared (each, an “**Erroneously Cleared Transaction**”),

in each case where the SEF has affirmatively determined that the transaction or a term thereof resulted from an Error.

(2) For Rejected Transactions and Rejected Legs, if a Participant, Customer or Clearing Firm believes that a transaction qualifies as a Rejected Transaction or a Rejected Leg, such Participant, Customer or Clearing Firm shall request review of the transaction pursuant to Rule 315(g).

(i) Upon completion of the review of the transaction pursuant to Rule 315(g), if the SEF determines that an Error resulted in a Rejected Transaction or a Rejected Leg and:

(A) If the SEF is able to determine how to correct the Error, the SEF shall execute a new Cleared Contract with the same terms as the Rejected Transaction or Rejected Leg, other than the Error, without obtaining consent of the Participant that submitted the Rejected Transaction or Rejected Leg or the Customer on whose behalf such transaction was submitted. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204(b).

(B) If the SEF is unable to determine how to correct the Error, the SEF shall consult with the Clearing Firms for the Rejected Transaction or Rejected Leg and the Participants and Customers involved in such transaction, as necessary, and the Clearing Firms for such transactions may, with the consent of each respective Customer or Participant, agree to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. Such Customer or Participant consent may not be obtained in advance, and must be sought and obtained by each Clearing Firm on a case-by-case basis, after the Cleared Contract has been rejected. If there is such agreement and consent, the new Cleared Contract must be submitted by the Participant specified in Rule 304(b) as a Pre-Arranged Cross pursuant to the procedure in Rule 304(b), and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204(b).

(ii) Upon execution of such Pre-Arranged Cross by the SEF to replace a Rejected Transaction or Rejected Leg, the SEF shall submit the transaction to the DCO for clearing as quickly as technologically practicable, but in any case no later than 60 minutes from the issuance of the notice of rejection by the DCO to the Clearing Firms.

(iv) If the new Cleared Contract resulting from such Pre-Arranged Cross is rejected from clearing, it is void *ab initio* and no additional new Cleared Contract will be permitted to be submitted under the procedure in this Rule 315(h)(2).

(v) The SEF shall report Swap transaction data to the relevant SDR pursuant to Rule 309(f) for a new Cleared Contract that clears with the same terms as the Rejected Transaction or Rejected Leg, as applicable, other than the Error, including: a Part 43 cancellation for the original transaction, a Part 45 termination indicating the original transaction is void *ab initio*, and swap transaction data pursuant to Parts 43 and 45 for the new Cleared Contract. Such data shall reference the original canceled trade, indicate that it has been reported pursuant to the procedures described in this Rule 315(h)(2) and link the original canceled trade to the new trade for reporting to the relevant SDR under Part 43 and Part 45 of the Commission Regulations.

(vi) The procedures in this Rule 315(h)(2) are not available for Rejected Legs of Package Transactions that are rejected for clearing by a Clearing Firm or DCO because the Package Transaction as a whole failed to satisfy the applicable Risk-Based Limits.

(3) For Erroneously Cleared Transactions, if a Participant, Customer or Clearing Firm believes that a Cleared Contract is carried on the books of a DCO as a result of an Error, such Participant, Customer or Clearing Firm may request review of the transaction pursuant to Rule 315(g).

(i) Upon completion of the review of the transaction pursuant to Rule 315(g), if the SEF determines that an Error resulted in an Erroneously Cleared Transaction and:

- (A) If the SEF is able to determine how to correct the Error, the SEF shall execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and the SEF shall execute a new Cleared Contract with the same terms as the Erroneously Cleared Transaction, other than the Error, in each case without obtaining consent of the Participant that submitted the Erroneously Cleared Transaction or the Customer on whose behalf such transaction was submitted; provided that, where an Erroneously Cleared Transaction did not satisfy the Risk-Based Limits of a Participant's Clearing Firm, the SEF shall obtain the consent of the relevant Clearing Firm prior to executing such offsetting Cleared Contract. The new Cleared Contract must be submitted by an Execution Specialist as a Pre-Arranged Cross, and such Pre-Arranged Cross shall be subject to pre-execution credit check and risk screening pursuant to Rule 204(b).
- (B) If the SEF is unable to determine how to correct the Error, the SEF shall consult with the Clearing Firms for Erroneously Cleared Transactions and the Participants and Customers involved in such transaction, as necessary, and the relevant Customer or Participant may agree to execute a Cleared Contract that offsets the Erroneously Cleared Transaction carried on the books of the relevant DCO through the same Clearing Firms that cleared the Erroneously Cleared Transaction and to execute to a new Cleared Contract with the same terms as the rejected Cleared Contract, other than the Error. The new Cleared Contracts must be submitted by the Participant specified in Rule 304(b) as Pre-Arranged Crosses pursuant to the procedure in Rule 304(b), and such Pre-Arranged Crosses shall be subject to pre-execution credit check and risk screening pursuant to Rule 204(b).

(ii) Upon execution of such Pre-Arranged Crosses by the SEF to offset an Erroneously Cleared Transaction and to enter into a new Cleared Contract, the SEF shall submit the transactions to the DCO for clearing as quickly as technologically practicable, but in any case no later than three days after the Erroneously Cleared Transaction was executed.

(4) For the avoidance of doubt, the procedures of this Rule 315(h) are not applicable to any transaction rejected by a DCO for credit reasons.

(i) *Prime Broker Transaction*

(1) A Prime Broker that is a Trading Privilege Holder, but not a Prime Broker acting in its capacity as an Authorized Trading Firm pursuant to Rule 202(a)(2)(iii), shall have the right to cancel any Prime Broker Transaction within 48 hours after the execution of such transaction if any of the following criteria are met:

(i) such transaction was executed in excess of a limit established by the Prime Broker with respect to the Prime Broker Transaction; or

(ii) such transaction was in a Contract that the Prime Broker did not authorize its Authorized Trading Firms and Authorized Traders to transact on its behalf.

(2) The Prime Broker shall communicate the cancellation directly to the SEF and the counterparty and indicate which of the two criteria the Prime Broker is relying on for the cancellation.

(3) In the event a Prime Broker Transaction is canceled by the Prime Broker pursuant to this Rule 315(i), the SEF will cancel such transaction and will report such cancellation to the relevant SDR pursuant to Part 43 of the Commission Regulations.

(4) In the event the counterparty to the canceled Prime Broker Transaction disputes the right of the Prime Broker to cancel such transaction, the dispute will be resolved in accordance with the procedures of Chapter 7.

Rule 316. Reporting Counterparty

(a) For each Contract executed on or subject to the Rules of the SEF, the SEF shall report all required data to an SDR in accordance with Rule 309, and shall include in such creation data the identification of the reporting counterparty. The reporting counterparty will be determined by the SEF, if possible, in accordance with Commission Regulation 45.8 (a) – (f) and, in the event the counterparties to the Contract are of the same hierarchy level, the ISDA Reporting Party Rules, the relevant portion of which is attached to this Rulebook as Annex 1, and identify to the counterparties which is the reporting counterparty. If the SEF is unable to determine the reporting counterparty in accordance with Commission Regulation 45.8 (a) – (f) and the ISDA Reporting Party Rules, the SEF will identify the buyer of the Contract as the reporting counterparty in the creation data. By executing the Contract on the SEF, the counterparties agree to the use of the ISDA Reporting Party Rules and, where necessary, the identification of the buyer as reporting counterparty, and waive the opportunity to agree separately upon a reporting counterparty and to receive notice from the SEF, as provided in Commission Regulation 45.8(d) and 45.8(f).

(b) Notwithstanding paragraph (a) of this Rule 316, for Contracts in the commodity asset class (as set forth in the ISDA Reporting Party Rules) between counterparties of the same hierarchy level, as determined by Commission Regulation 45.8 (a) – (f), the counterparties to such a Contract may agree separately upon a reporting counterparty. In the event that such counterparties do not agree upon a reporting counterparty, the reporting counterparty will be determined under paragraph (a) of this Rule 316.

(b) For each Contract executed on or subject to the Rules of the SEF, the reporting counterparty and/or the relevant DCO is responsible for reporting continuation data to the SDR to which the creation data for the Contract was first reported in accordance with Commission Regulations 45.4 and 45.10.

CHAPTER 4 TRADING STANDARDS

Rule 401. Fraudulent Statements and Acts

(a) No Participant or Customer shall make any material misrepresentation of fact or omit to state any material fact necessary to prevent a statement from being misleading, in connection with or related to any transaction on or other activity related to the SEF.

(b) No Participant or Customer may engage in any fraudulent act or engage in any scheme to cheat, defraud or deceive, in connection with or related to any transaction on or other activity related to the SEF.

Rule 402. Abusive Trading Practices

(a) No Participant or Customer shall create fictitious or wash transactions on the SEF or execute any Bid/Offer for a fictitious or wash transaction with knowledge of its nature.

(b) No Participant or Customer shall engage in trading on or subject to the Rules of the SEF for the purpose of passing money or transferring equity from one account to another.

(c) No Participant trading as an Intermediary on behalf of a Customer shall engage in trading ahead of a Customer Order, trading against a Customer Order without the Customer's consent, front running a Customer Order, accommodation trading or improper cross trading.

(d) No Participant or Customer shall engage in any trading, practice or conduct on or subject to the Rules of the SEF that (1) violates Bids/Offers; (2) demonstrates intentional or reckless disregard for the orderly execution of transactions during the closing period; (3) is, is of the character of, or is commonly known to the trade as, "spoofing" (entering a Bid/Offer with the intent to cancel the Bid/Offer before execution); or (4) is any other manipulative or disruptive trading practice prohibited by the Act or Commission Regulations.

Rule 403. Good Faith Bids/Offers and RFQs

(a) A Participant or Customer shall not knowingly enter, or cause to be entered, a Bid/Offer or RFQ into the SEF other than in good faith for the purpose of executing bona fide transactions.

(b) A Participant or Customer shall not knowingly enter, or cause to be entered, a Bid/Offer or RFQ unless such Participant or Customer has sufficient funds to provide the required collateral for the related Contract should the Contract be executed.

Rule 404. Pre-Execution Discussions and Pre-Arranged Transactions

No Participant or Customer shall prearrange or pre-negotiate or non-competitively execute any transaction on the SEF except as follows:

(a) Block Trades are not subject to this prohibition.

(b) Permitted Transactions executed pursuant to Rule 304 are not subject to this prohibition.

(c) Participants and Customers may engage in pre-execution discussions with regard to transactions executed on the SEF in accordance with Rule 305(a)(7); *provided, however*, that:

(1) A party may not engage in pre-execution communications with other market participants on behalf of another party unless the party for whose benefit the transaction is being made has previously consented to permit such communications.

- (2) Parties to pre-execution communications shall not:
 - (i) disclose to a nonparty the details of such communications; or
 - (ii) enter a Bid/Offer to take advantage of information conveyed during such communications except in accordance with this Rule.

(3) Notwithstanding paragraph (c)(2) of this Rule, a party may disclose or use such communications if such disclosure or use is authorized in writing by the counterparty, or is necessary:

- (i) for the effective execution of any Swap for or with the counterparty;
- (ii) to hedge or mitigate any exposure created by such Swap; or
- (iii) to comply with a request of the Commission, the U.S. Department of Justice, any self-regulatory organization, or an applicable prudential regulator, or as otherwise required by law.

(d) Where a transaction is executed pursuant to Rule 315(h), communications concerning such transaction shall not be considered pre-execution communications prohibited by this Rule 404.

Rule 405. Manipulation and Price Distortion

Any manipulation of the market in any Contract is prohibited. Bids/Offers entered into a Trading Platform or Pre-Arranged Crosses submitted to an Execution Specialist for the purpose of upsetting the equilibrium of the market in any Contract or creating a condition in which prices do not or will not reflect fair market values are prohibited and any Participant or Customer who makes or assists in entering any such Bid/Offer or Pre-Arranged Cross with knowledge of the purpose thereof or who, with such knowledge, in any way assists in carrying out any plan or scheme for the entering of any such Bid/Offer or Pre-Arranged Cross, will be deemed to have engaged in an act detrimental to the SEF. Any other manipulative and disruptive behavior not otherwise prohibited by the Rules is prohibited to the extent prohibited by the Act or Commission Regulations, including but not limited to Sections 6(c)(1) and (3), 9(a)(2), 4c(a)(5)(A) and (C) of the Act and Commission Regulations 180.1(a) and 180.2.

Rule 406. Adherence to Law

No Participant or Customer may engage in conduct in violation of Applicable Law or the rules of any DCO which clears a Cleared Contract in connection with or related to any transaction on or other activity related to the SEF.

Rule 407. Acts Detrimental to the SEF or Inconsistent with Just and Equitable Principles of Trade

It will be an offense for a Participant or Customer to violate any Rule of the SEF regulating the conduct or business of a Participant or Customer or any agreement made with the SEF, or to engage in any act detrimental to the SEF's operations or self-regulatory function or the SEF's ability to enforce its Rules or in conduct inconsistent with just and equitable principles of trade.

Rule 408. Position Limits and Position Accountability

- (a) To reduce the potential threat of market manipulation or congestion, the SEF shall adopt for each Contract, as is necessary and appropriate, Position Limits or position accountability levels for speculators.
- (b) The SEF hereby adopts the Commission's Position Limits for any Contract for which the Commission has adopted a Position Limit. In no event will the SEF set its Position Limits at a level higher than the Commission's Position Limits.

- (c) For Permitted Transactions, the SEF may set and enforce position accountability levels or send the Commission a list of the Permitted Transactions transacted on the SEF.
- (d) All Participants and Customers must comply with all SEF and Commission requirements regarding Position Limits or position accountability levels.
- (e) Each Participant required to file any report, statement, form or other information with the Commission pursuant to Commission Regulations concerning a Position Limit on any Contract or commodity underlying a Contract must simultaneously file a copy of such report, statement, form or other information with the SEF. Such information shall include, for Participants who are Intermediaries, information concerning the Customers for which transactions are made on the SEF.
- (f) Any Participant or Customer who exceeds a SEF or Commission Position Limit by entering into a transaction on the SEF shall be deemed in violation of the Rules of the SEF. In addition, any Participant or Customer entering bids or offers, if accepted, which would cause that Participant or Customer to exceed the applicable SEF or Commission Position Limit, shall be in violation of the Rules of the SEF.
- (g) Without limiting any provision of these Rules, the SEF shall have the authority to obtain from any Participant or Customer, on request, information with respect to all positions of such Participant or Customer in Contracts which are equivalent, for purposes of SEF or Commission Position Limits, to those transacted in by the Participant on the SEF.

CHAPTER 5 RULE ENFORCEMENT

Rule 501. Jurisdiction

(a) The SEF shall have the authority to initiate and conduct investigations, and prosecute Violations of these Rules committed by SEF Subject Persons, and to impose sanctions for such Violations as provided in these Rules.

(b) Each Participant and Clearing Firm, upon becoming a Participant or Clearing Firm and thereafter upon any change of address shall file with the SEF a written notice designating an address for receiving service of documents. If a Participant or Clearing Firm fails to designate such an address, service by U.S. mail to its address on file with the SEF shall be good service, and delivery thereof shall be deemed to have occurred as of the date of such mailing.

Rule 502. SEF Market Regulation Staff Powers and Duties

(a) It shall be the duty of the Chief Compliance Officer to enforce these Rules, and he or she shall have the authority to inspect the books and records of all SEF Subject Persons and the authority to require any SEF Subject Person to appear before him or her to answer questions regarding matters being investigated by the Market Regulation Staff. The Chief Compliance Officer may also delegate such authority to Market Regulation Staff who shall consist of employees of the SEF, and such other Regulatory Services Providers as the SEF may hire on a contract basis. The Chief Compliance Officer shall ensure that surveillance systems are established to monitor trading to prevent manipulation and price distortion. Such monitoring may be done by the Market Regulation Staff or a third party provider, and shall include real time monitoring and the ability to conduct comprehensive and accurate transaction reconstructions.

(b) The Market Regulation Staff shall conduct investigations of possible Violations of these Rules, prepare written reports respecting such investigations, furnish such reports to the Review Panel and conduct the prosecution of such Violations. An investigation must be commenced upon receipt of a request from Commission staff or receipt of information (such as data produced by automated surveillance systems) by the SEF that in the judgment of the Market Regulation Staff indicates a reasonable basis for finding that a Violation may have occurred or will occur. Absent mitigating factors, each investigation will be completed no later than 12 months after the investigation is opened. Mitigating factors include the complexity of the investigation, the number of firms or individuals involved as potential wrongdoers, the number of potential Violations to be investigated and the volume of documents and data to be examined and analyzed by Market Regulation Staff.

(c) If, in any case, the Chief Compliance Officer or another member of the Market Regulation Staff, designated for this purpose by the Chief Compliance Officer, concludes that there is a reasonable basis for finding a Violation of these Rules, he or she shall present an investigation report concerning the matter to the Review Panel. The investigation report must include the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; Market Regulation Staff's analysis and conclusions; and a recommendation as to whether disciplinary action should be pursued. The report may also include the SEF Subject Person's disciplinary history at the SEF, including copies of any warning letters. The Market Regulation Staff may issue a warning letter, including for minor transgressions. However, no more than one warning letter may be issued to the same person found to have committed the same Violation more than once in a rolling 12-month period.

(d) If, in any case, the Chief Compliance Officer or another member of the Market Regulation Staff, designated for this purpose by the Chief Compliance Officer, concludes that no reasonable basis exists for finding a Violation of these Rules, he or she must prepare a written investigation report including the reason the investigation was initiated; a summary of the complaint, if any; the relevant facts; and Market Regulation Staff's analysis and conclusions. The Chief Compliance Officer or another member of the Market Regulation Staff may issue a warning letter in any case where it is concluded that no reasonable

basis exists for finding a Violation of these Rules, without limitation on the number of warning letters issued to a person.

(e) Before presenting an investigation report to the Review Panel, the Market Regulation Staff may, in its sole discretion, inform the prospective Respondent that it intends to submit the matter to the Review Panel, and at such time the proposed Respondent may submit an offer of settlement to the Hearing Panel, in accordance with the procedures of Rule 509, prior to presentation of the investigation report to the Review Panel.

(f) The SEF has contracted with NFA to act as Regulatory Services Provider to provide certain regulatory services to the SEF, including reviews of the SEF's audit trail information for potential violations of SEF Rules. The SEF will retain ultimate decision-making authority with respect to any regulatory services to be provided by NFA.

(g) The SEF or its Regulatory Services Provider shall have the right, with such prior reasonable advance notice as is practicable under the circumstances (unless in furtherance of regulatory purposes, in which case without prior notice to SEF Subject Persons), in connection with determining whether all SEF Rules are being, will be, or have been complied with by the SEF Subject Person, to: (i) inspect systems, equipment and software of any kind operated by the SEF Subject Person in connection with accessing, and the SEF Subject Person's transacting on, the SEF, wherever located; (ii) access, either physically or electronically, the systems, equipment, software, and the premises on which the systems, equipment, and software are located, any data stored in any of the systems or equipment, during the regular business hours; and/or (iii) copy or reproduce any data to which the SEF has access under this Rule. Each SEF Subject Person shall provide the Regulatory Services Provider with the same access to its books and records and offices as it is required to provide to the SEF under the SEF Rules and Applicable Law.

Rule 503. The Review Panel

(a) The Review Panel shall have the power to direct that an investigation of any suspected Violation be conducted by the Market Regulation Staff, and shall hear any matter referred to it by the Market Regulation Staff regarding a suspected Violation.

(b) The Review Panel shall be appointed by the Board, and shall be comprised of five persons, including at least two Participants and at least two non-Participants. In the case where the subject of the investigation is a Clearing Firm, at least one member of the Review Panel shall be a Clearing Firm. The Board shall appoint a chairman (the "**Review Panel Chairman**") of the Review Panel. At such time as may be required by the Commission Regulations, the Review Panel Chairman shall be a person who would not be disqualified from serving as a Public Director. Three panel members shall constitute a quorum for any action, so long as they are in attendance at the time of the relevant action. The Review Panel may not include any members of the Market Regulation Staff, any person involved in adjudicating any other stage of the same Proceeding, or any person with a history of disciplinary offenses that would be disqualifying under CFTC Regulation § 1.63(c). The Review Panel shall include at least one member that is not a member of the SEF whenever the Review Panel is: (i) acting with respect to a disciplinary action in which the Respondent is a member of the Board, the Review Panel or the Hearing Panel; or (ii) when the suspected Violation involves manipulation (or attempted manipulation) of the price of a Contract or conduct which directly results in financial harm to a non-member of the SEF. The Review Panel shall include sufficient different membership interests so as to ensure fairness and to prevent special treatment or preference for any person.

(c) All information, records, and documents provided to the Review Panel, and all related records and documents shall be treated as confidential and shall not be disclosed, except as necessary to further a SEF investigation or as required by Applicable Law.

(d) Upon receipt of an investigation report, the Review Panel shall promptly review the report and, within thirty (30) days of receipt, take one of the following actions:

(1) If the Review Panel determines that additional investigation or evidence is needed, it shall promptly direct the Market Regulation Staff to conduct further investigation;

(2) If the Review Panel determines that no reasonable basis exists for finding a Violation or that prosecution is otherwise unwarranted, it may direct that no further action be taken. Such determination must be in writing and must include a written statement setting forth the facts and analysis supporting the decision; or

(3) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, it must direct that the SEF Subject Person alleged to have committed the Violation be served with a notice of charges as set forth in Rule 504.

(e) If the Review Panel determines that there may have been a Violation but that no adjudication is warranted, the Review Panel may issue a warning letter to the SEF Subject Person informing it that there may have been a Violation and that such continued activity may result in disciplinary sanctions. Where a Violation is determined to have occurred, no more than one warning letter for the same potential Violation may be issued to the same person during a rolling 12 month period.

Rule 504. Notice of Charges

(a) If the Review Panel determines that a reasonable basis exists for finding a Violation and adjudication is warranted, the Chief Compliance Officer shall serve a notice of charges (a “**Notice**”) on the SEF Subject Person alleged to have been responsible for the Violation (such SEF Subject Person, the “**Respondent**”). Such Notice shall state:

- (1) the acts, practices or conduct with which the Respondent is charged;
- (2) the Rules allegedly violated and how such acts, practices or conduct constitute a Violation of such Rules;
- (3) that the Respondent is entitled, upon written request filed with the SEF, within twenty (20) days of service of the Notice, to a formal hearing on the charges;
- (4) that the failure of the Respondent to request a hearing within twenty (20) days of service of the Notice, except for good cause shown, shall be deemed a waiver of its right to a hearing;
- (5) that the failure of the Respondent to file an Answer (as defined in Rule 505) with the Market Regulation Staff within twenty (20) days of service of the Notice shall be deemed an admission of all of the acts, practices or conduct alleged in the Notice; and
- (6) that the failure of the Respondent to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(b) A Respondent shall have the right to be represented by legal counsel or any other representative of its choosing in all succeeding stages of the disciplinary process, except by any member of the Board, Review Panel or Hearing Panel, any employee of the SEF or any person substantially related to the underlying investigation, such as a material witness or Respondent.

Rule 505. Answer; Request for Hearing; Failure to Answer or Deny Charges

(a) The Respondent shall serve on the Chief Compliance Officer a written answer (an “**Answer**”) to the Notice and a written request for a hearing on the charges within thirty (30) days of the date of service of the Notice. The Answer must include a statement that the Respondent admits, denies, or does not have and is unable to obtain sufficient information to deny each allegation. A statement of lack of sufficient information shall have the effect of a denial of the allegation.

(b) The Respondent's failure to file an Answer within such thirty (30) day period shall be deemed an admission of all allegations contained in the Notice.

(c) The Respondent's failure to expressly deny a particular charge contained in the Notice shall be deemed an admission of such acts, practices or conduct.

(d) The Respondent's failure to request a hearing within such thirty (30) day period, absent good cause shown, shall be deemed a waiver of Respondent's right to a hearing.

Rule 506. Selection of Hearing Panel

(a) Formal hearings on any Notice shall be conducted by the Hearing Panel selected by the Board. The Hearing Panel shall include at least two Participants and at least two non-Participants. In the case where any Respondent is a Clearing Firm, at least one member of the Hearing Panel shall be a Clearing Firm. The Board shall also select a chairman of the Hearing Panel ("**Hearing Panel Chairman**"). At such time as may be required by the Commission Regulations, the Hearing Panel Chairman shall be a person who would not be disqualified from serving as a Public Director. The Hearing Panel Chairman, in his or her sole discretion, shall set a date for the hearing (the "**Hearing Date**"). The Hearing Panel may not include any members of the Market Regulation Staff, any person involved in adjudicating any other stage of the same Proceeding, or any person with a history of disciplinary offenses that would be disqualifying under CFTC Regulation § 1.63(c). The Hearing Panel shall include at least one member that is not a member of the SEF whenever the Hearing Panel is: (i) acting with respect to a disciplinary action in which the Respondent is a member of the Board, the Review Panel or the Hearing Panel; or (ii) when the suspected Violation involves manipulation (or attempted manipulation) of the price of a Contract or conduct which directly results in financial harm to a non-member of the SEF. The Hearing Panel shall include sufficient different membership interests so as to ensure fairness and to prevent special treatment or preference for any person.

(b) The Hearing Panel Chairman shall notify the Market Regulation Staff and the Respondent of the Hearing Date and the names of the members of the Hearing Panel at least fifteen (15) days prior to the Hearing Date.

(c) No member of the Hearing Panel shall hear a case in which that member has a direct financial, personal or other interest in the matter under consideration.

Rule 507. Challenge to Members of the Hearing Panel

Within ten (10) days after service on the Respondent of notice of the Hearing Date and names of the members of the Hearing Panel, the Respondent may challenge, in writing, the inclusion of any member of the Hearing Panel for cause, including without limitation, if the member has a direct financial, personal or other interest in the matter under consideration. The merits of such challenge shall be finally decided by the Regulatory Oversight Committee. If said written challenge is not received within such ten (10) day period, absent good cause shown, any such right to challenge is deemed waived.

Rule 508. Hearing on Sanctions in the Event of Failure to Deny Charges; Failure to Request Hearing Deemed Acceptance of Sanctions

In the event the Respondent fails to file an Answer or admits or fails to deny the charge of a Violation contained in the Notice, the Hearing Panel shall find the Respondent guilty of each such Violation and may impose a sanction for each such Violation subject to the limitations set forth in Rule 511(b)(7). The Hearing Panel shall promptly notify the Respondent of any such sanction and of the Respondent's right to a hearing on the sanction within the period of time which shall be stated in the notice, after the imposition of such sanction. Failure to request a hearing on the sanction in a timely manner, absent good cause shown, shall be deemed to be acceptance of the sanction.

Rule 509. Settlement Prior to Commencement of Hearing

(a) Prior to the commencement of the hearing, the Hearing Panel may accept a written offer of settlement from the Respondent, whereby the Respondent, without either admitting or denying any Violations, may agree to:

- (1) a cease and desist order;
- (2) a fine for each Violation plus the monetary value of any benefit received as a result of the Violation (provided that in no case shall any fine exceed \$100,000 per Violation);
- (3) restitution of any counterparty harm; and/or
- (4) revocation or suspension of Trading Privileges or Customer or Clearing Firm status of the Respondent.

(b) If the Hearing Panel accepts an offer of settlement, it must issue a written decision specifying each Rule Violation it has reason to believe was committed, including the basis for the Hearing Panel's conclusions. The sanctions must include full counterparty restitution where counterparty harm is demonstrated, except where the amount of restitution or to whom it should be provided cannot be reasonably determined. If an offer of settlement is accepted without the support of the Market Regulation Staff, the decision must adequately support the Hearing Panel's acceptance of the settlement. Where applicable, the decision must include a statement that the Respondent has accepted the sanctions imposed without either admitting or denying any Violations. Any sanctions imposed pursuant to an offer of settlement must take into account the Respondent's disciplinary history.

(c) The Respondent may withdraw an offer of settlement at any time before final acceptance by the Hearing Panel. If an offer is withdrawn after submission, or is rejected by the Hearing Panel, the Respondent may not be deemed to have made any admissions by reason of the offer of settlement and may not be otherwise prejudiced by having submitted the offer of settlement.

Rule 510. Hearing Procedures

(a) In every instance where a Respondent has requested a hearing on a charge that is denied, or on a sanction set by the Hearing Panel pursuant to Rule 508, the Respondent will have the opportunity for a hearing in accordance with the procedures of this Rule.

(b) The Hearing Panel shall determine the procedures to be followed in any hearing before it, except that the following shall apply in every case:

- (1) The hearing must be fair and must be promptly convened after reasonable notice to the Respondent.
- (2) The prosecution shall be conducted by the Market Regulation Staff.
- (3) The Respondent shall be allowed to appear personally at the hearing, and to be represented by legal counsel or any other representative of its choosing and, either personally or through such representative, to present witnesses and documentary evidence and to cross-examine witnesses.
- (4) The Market Regulation Staff and the Respondent shall deliver to each other a statement listing the witnesses expected to be called and the documents expected to be introduced into evidence, together with copies of such documents, by ten (10) days' notice prior to the hearing or as the Hearing Panel may reasonably specify. Unless the Hearing Panel, in its discretion, waives compliance with this requirement, no witness may testify and no documentary evidence may be introduced into evidence unless listed in and, in the case of documents, furnished with such statement. On written request, the

Market Regulation Staff shall provide the Respondent with access to all books, documents or other tangible evidence in the possession or under the control of the SEF which are to be relied upon by the Market Regulation Staff or which are relevant to the charges; provided, however, that protected attorney work product, attorney-client communications and investigative work product, including the investigation report, are neither discoverable by a Respondent nor subject to review by a Respondent as part of the investigation file.

(5) The SEF shall require that persons within its jurisdiction who are called as witnesses participate in the hearing and produce evidence, and will make reasonable efforts to secure the presence of all other persons called as witnesses whose testimony would be relevant. Failure by a SEF Subject Person to so participate and produce evidence when requested by the SEF shall be a Violation of these Rules.

(6) No formal rules of evidence shall apply, and the Hearing Panel shall be free to accept or reject any and all evidence it considers proper, but the hearing may not be so informal as to deny a fair hearing.

(7) Neither the Market Regulation Staff, the Respondent, any witnesses testifying before the Hearing Panel nor any other person within the SEF's jurisdiction shall engage in conduct that may impede the progress of a hearing or the fair and just resolution of the subject matter thereof, and any such conduct may itself constitute a Violation.

(8) Ex parte contacts by any of the parties with members of the Hearing Panel shall not be permitted.

(9) A substantially verbatim record capable of being accurately transcribed shall be made of the Proceeding, provided, however, that such record need not be transcribed, unless the transcript is requested by the Respondent or an applicable regulator, or unless the decision is appealed to the Commission or reviewed by the Commission on its own motion. In all other instances, a summary record of the hearing is permitted.

(10) The cost of transcribing the record of the hearing must be borne by a Respondent who requests the transcript, or whose application for Commission review of the disciplinary action has been granted. In all other instances, the cost of transcribing the record will be borne by the SEF.

(11) The Notice, the Answer, any stenographic transcript of the hearing, the documentary evidence and any other material presented to the Hearing Panel by either party with notice to the other shall constitute the record of the hearing (the "**Hearing Record**").

(12) The burden of proof shall be on the prosecution to prove a Violation by a preponderance of the evidence. A finding of a Violation shall be made by majority vote based on the Hearing Panel's decision as to the weight of the evidence contained in the Hearing Record.

(13) All sanctions imposed by the Hearing Panel must be commensurate with the Violations committed and must be clearly sufficient to deter additional similar Violations by the Respondent and similar Violations by other SEF Subject Persons. All sanctions must take into account the Respondent's disciplinary history. In the event of demonstrated counterparty harm, any sanctions must include full counterparty restitution, except where the amount of restitution or to whom it should be provided cannot be reasonably determined.

Rule 511. Written Decision of Hearing Panel

Trade Start Type

- Spot Starting
 - A swap whose Effective Date is 2 business days from the Trade Date (T+2).
- Forward Starting
 - A swap whose Effective Date is anything after the Effective Date for a Spot Starting swap.
- Same Day Starting
 - A swap whose Effective Date is the same as the Trade Date (T+0)

Maturity Date

- The final date until which Fixed and Floating amounts accrue

Tenor

- The duration of time from the Effective Date to the Maturity Date. Tenors of any duration greater than 0 years to 50 years.
 - Listed Tenors, also known as On-the-Run, are whole calendar year Spot Starting Contracts with a Tenor of 1 through 60 years.
 - Other Tenors, also known as Off-the-Run, means any partial year Tenor (Months, Weeks, Days).

Roll Day Convention

- The date used for determining all fixed and floating Reset Dates. Roll Days define the beginning and end of Fixed and Floating interest accrual periods.
- For On-the-Run Contracts, the Roll Day is the same date of the month as the Effective Date. For Off-the-Run Contracts, it can be any date of the month, subject to the provisions of the Business Day Convention. Roll Day marks the start of a new interest accrual period, and is the date on which a Reset Rate takes effect.

Floating Reset Dates

- Dates utilized to determine the Floating Rate amounts for each interest accrual period during the Tenor of the contract. Except in the case of a Stub Period, the Reset Date is aligned with the floating rate frequency as determined.

First Period Fixing Date

- For Spot Starting swaps, the Interest Rate for the first interest period is fixed on the Trade Date, for both Floating and Fixed Rates.
- For Forward Starting swaps, the Fixed Rate for the first interest period is fixed on the Trade Date, and the Floating Rate for the first interest period is fixed 2 business days prior to the first floating payment date, taking into account agreed non-working days

Stub Period Rate

- For swaps with partial year Tenors, an interest period that is shorter than the standard underlying Floating index interest periods may occur between the Effective Date and the first or last Roll Date (known as a Stub Period). In these cases, the Interest Rate for such Stub Period is determined using linear interpolation based on the two index rates that surround the Stub Period this can be applied either at the start or end of that period: Front or Back.

Trade Types

- The Platform may support the following trade types:
 - Outrights
 - An Outright swap is where one party is the payer of the fixed rate and receiver of the floating rate and the other party is the receiver of the fixed rate and payer of the floating rate.
 - Switches or Spreads
 - Is the simultaneous purchase and sale of two different Tenors of the yield curve (e.g. 2 year by 10 year).
 - Butterflies
 - Butterflies are a combination of two spreads/switches (e.g. 2 year by 5 year by 10 year).

Contract Size

- Minimum notional size is dependent on currency and tenor

Minimum Price Fluctuation

- Outrights
 - The interest rate yield is quoted in increments of a minimum of .000025 (1/40th of a basis point).
- Spreads and Butterflies will be quoted in basis points dependent in multiples of the increments of the underlying Outrights

Final Settlement Price

- Multiple payments take place during the term of the swap. Settlement price used for the periodic exchange of fixed and floating payments is based on the following factors:
 - Fixed Leg
 - Payment amount on the fixed leg is based on the traded price and notional amounts of the swap on Trade Date. Payment

timing on the fixed leg is based on the Payment Frequency, Day Count Convention, Business Day Convention, and Roll Day.

- Floating Leg
 - Payment on the floating leg is based on the Interest Rate and notional amounts of the swap. Payments on the floating leg are based on the Payment Frequency, Day Count Convention, Business Day Convention, Roll Day Convention and Floating Reset Dates.

Rule 801(5) — Non Deliverable Swaps

An NDIRS/NDS trade has many trade terms. For example, notional amount, fixed interest rate, floating rate, reference rate, holiday convention, etc. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed fixed rate and the actual floating rate on the settlement dates. Both NDS and ND IRS are quoted as Offer/Bid. For ND IRS the fixed leg is quoted, hence it is Fixed Income Swap.

ND IRS

- An agreement between two parties (known as counterparties) where one stream of future interest payments is exchanged for another based on a specified principal amount. Interest rate swaps often exchange a fixed payment for a floating payment that is linked to an interest rate (most often the LIBOR). The interest rate cash flows are net settled in a major currency on fixing date. A company will typically use interest rate swaps to limit or manage exposure to fluctuations in interest rates, or to obtain a marginally lower interest rate than it would have been able to get without the swap.
- Interest rate swaps are simply the exchange of one set of cash flows (based on interest rate specifications) for another. Because they trade OTC, they are really just contracts set up between two or more parties, and thus can be customized in any number of ways.

ND OIS:

- In Singapore, India IRS is traded as ND OIS.

NDS

- NDS typically refers to a non-deliverable cross currency Swap where the two legs are a major currency and a non-convertible currency: Periodic interest amount of the two legs are exchanged and converted into a Major currency for net settlement after fixing. NDS can also refer to a non-deliverable interest rate swap, with similar features to IRS, except that the interest rate cash flows are net settled in a major currency on fixing date.

Cross Currency Swap (CCS)

- On THB from time to time we see CCS being traded onshore. A CCS, also referred to as cross currency interest rate swap is an agreement between two parties to exchange principal and interest payments denominated in two different currencies. The exchange of interest rate can be in the form of fixed to fixed rate, or floating to fixed rate, or floating to floating rate.

TIIE Swap Options

- The Mexican Swap option market allows counterparties to buy or sell

- European style options of various maturities on the MXN fixed/float TIIE interest rate swap market.
- These options enable option buyers the right but not the obligation to pay or receive a fixed interest rate at a given strike price on a given date *in* an agreed upon amount for a given swap maturity. Delta neutral strategies are for the most part quoted as Black and Scholes volatility expressed as a percentage of yield / underlying swap rate. Live premium prices for given structures are also quoted.
- Option Style: European style
- Expiration: 12:30pm New York time
- Premium Payment: Paid in MXN by buyer to option writer value one
- Mexican business day following trade date (T+2).
- Option Maturities:
 - Option maturities are by default, calculated using the Mexican TIIE 28-day calendar but can be date specific or conform to regular calendar maturities. Maturities are calculated from the trade date (T0) to the expiration date.
- Mexican TIIE calendar example:
 - In the case of a six month option using the 28-day TIIE calendar, option expiration will occur 168-days (6 coupons of 28-day TIIE) (T+168) from the trade date (T0).
 - T0 = September-23-2005
 - Expiration = March-10-2006 12:30pm New York time.
 - In the case of expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day following convention.
- USD Swap Option example:
 - In the case of plain vanilla calendar year calculations, a six-month option expiration will be calculated as the date exactly six calendar months after the trade date (T0).
 - T0 = September-23-2005
 - Expiration = March-23-2006 12:30pm New York time.
 - In the case of a MXN option, using this calendar with expiration falling on a holiday, the expiration date will be adjusted according to Mexican business day modified following convention.
 - Option Settlement:
 - Currently, in the event of option exercise the physically delivered Interest Rate swap has an effective date one Mexican business day following option expiry.

- Cash Settlement:
 - ICAP is currently taking the initiative in creating a daily Interest Rate Swap fixing mechanism to allow counterparties to cash settle swaptions: dramatically reducing the trade's credit profile. ICAP is currently the calculation agent for USD swap fixings.

TIIE Caps & Floors

- MXN TIIE caps and floors share the exact same payment calendar as TIIE interest rate swaps except for the initial TIIE reference. Caps and floors initially reference TIIE on trade date + 28 days, providing for one less calculation period than the corresponding interest rate swap maturity. Intrinsic value, if any, for each caplet or floorlet, is paid by option writer to option buyer in arrears for each subsequent calculation period on an Actual/360 day count basis using a following Mexican business day payment convention.
- Premium Payment:
 - Paid in MXN by buyer to option writer value one Mexican business day following trade date (T+2).

UDI/LIBOR Cross Currency Swap

- The UDI vs LIBOR cross currency swap is structured as MXN peso fixed vs USD LIBOR floating swap where the MXN rate is paid as a Real rate of interest calculated to a Mexican Peso notional that is adjusted periodically to inflation using the UDI Index. The UDI Index is published on Reuters Page MEX14, Bloomberg and can also be found on the Banxico website, and is adjusted on a daily basis according to published inflation rates. Although UDI/LIBOR swaps are quoted in USD the value of the UDI Index in tandem with the fair value of Spot USD/MXN at the trade's inception, allows us to determine the structure's UDI notional amount which in turn enables the counterparties to adjust the MXN notional to inflation for each relevant calculation period. The UDI notional is calculated as follows:
 - $\text{USD Notional} \times \text{Spot USD/MXN} / \text{UDI Index as published for value spot.}$
 - The structure of this swap requires an initial and final exchange of currencies.
 - Initial Exchange:
 - The UDI rate payer sells USD notional to the USD rate payer
 - The USD rate payer sells USD x Spot F/X in MXN to the UDI rate payer
 - Final Exchange:
 - The UDI Rate Payer sells UDI Notional to USD Rate Payer
 - The USD Rate payer sells USD notional to the UDI rate payer.
- The vanilla structure is: Effective date value spot. Semi-annual coupons of UDI vs 6-month USD LIBOR paid in arrears on an Act/360 modified following day count basis. The most traded maturity is currently the 10-year.

- On occasion UDI swaps are traded with 28-day TIIE as the floating rate. Price is adjusted using the LIBOR/TIIE cross currency basis swap value for the equivalent maturity vs the UDI/LIBOR fair value.

TIPS Asset Swaps

Several variations of the inflation asset swap structure exist. In its simplest form it can be treated as consisting of two separate trades. In return for an upfront payment of par (par inflation asset swap) or the dirty price (market asset swap), the asset swap buyer:

Receives an inflation-linked bond from the asset swap seller. Typically the bond is trading away from par. Depending on the passed life of the trade the bond can trade substantially away from par.

Enters into a series of inflation swaps (equivalent to the OTC inflation bond described in Section 7.1) to pay the asset swap seller inflation coupons equal to that of the asset. In return the asset swap buyer receives regular floating rate payments of Libor plus (or minus) an agreed fixed spread. The transaction is shown in Figure 7.6. The fixed spread to Libor paid by the asset swap seller is known as the asset swap spread and it is set at a breakeven value such that the net present value of the transaction is zero at inception.

Rule 802(1) — Credit Derivatives Indices

A credit default swap index is a credit derivative used to hedge credit risk or to take a position on a basket of credit entities (a CDS index is a portfolio of actively traded liquid names in a particular sector of the market). A credit default swap index is standardized, therefore highly liquid and trades on a very small bid-offer spread. This makes it a primary market vehicle for gaining diversified credit exposure.

A new series of CDS indices are issued every six months and attributed a Series indicator by Markit Partners (previously issued series continue to be traded until their expiry date). Prior to the announcement of each series a group of investment banks is polled to determine the credit entities that will form the constituents of the new issue. On the day of issue a fixed coupon is decided for the each index based on the credit spread of the entities in the index. Once this has been decided the index constituents and the fixed coupon are published, and the indices can be actively traded. They are traded according to set rules, which cannot be altered. For example, each series has its own set of expiry dates.

The index is based on the below CDX indices. CDX indices contain North American and Emerging Market companies and are administered by CDS Index Company (CDSIndexCo) and marketed by Markit Group.

New series are determined on the basis of liquidity every 6 months.

Indices	Tenors
CDX.NA.IG	3Y, 5Y, 7Y, 10Y
CDX.NA.HY	5Y
CDX.EM	5Y
CDX.LatAm.Corp	3Y, 5Y

CDX.NA.HY Index is composed of one hundred liquid constituents with high yield credit rating. The index is further divided into sub indices:

- CDX.NA.HY.BB
- CDX.NA.HY.B

Each HY Index and related sub-indices will begin on September 27 (or the Business Day immediately thereafter in the event that September 27 is not a Business Day) and March 27 (or the Business Day immediately thereafter in the event that March 27 is not a Business Day) of each calendar year (each such date, a "Roll Date").

CDX.NA.IG Index is composed of one hundred and twenty five liquid constituents with investment grade credit rating. The index is further divided into sub indices:

- Consumer: CDX.NA.IG.CONS
- Energy: CDX.NA.IG.ENRG
- Financials: CDX.NA.IG.FIN
- Industrial: CDX.NA.IG.INDU

- Telecom, Media and Technology: CDX.NA.IG.TMT

CDX.EM Index is composed of fourteen sovereign issuers from the following regions: Latin America, Middle East, Eastern Europe, Africa and Asia. The EM Index rolls every six months on September 20th and March 20th.

Index Specifications

Trading conventions

- Buyer (Payer). This is the party to a CDS contract which pays a premium for protection in case a credit event occurs. The Protection Buyer can also speculate that the cost of protection will rise and profit from selling the CDS contract at a higher price than was paid
- Seller (Receiver). This is the party to a CDS contract receiving the premium payments, and who is exposed to the credit risk of the reference entity.

Swap Leg conventions

- Business Day count: Actual/360
- Business day convention: Following
- Business Day calendar: follow the currency calendar
 - EUR: London and TARGET Settlement Day
 - USD: London and New York

Credit Event: Failure to pay, Bankruptcy, (Modified) Restructuring

Term/Tenor: Refers to the duration of a Credit Default Swap Index contract. Indices are traded at 3, 5, 7 and 10-year maturities and a new series is determined on the basis of liquidity every 6 months.

Maturity Date: Unadjusted date that falls on the 20th of Mar and Sep

Coupon Payments: Each coupon is equal to (actual/360), (# of days in accrual period). The accrual period always stretches from (previous coupon payment date) through (this coupon payment date-1), inclusive; except a contract’s last accrual period, which ends with (and includes) the unadjusted maturity date.

- Coupon Payment Dates: Business day adjusted date that falls on 20th of Mar, Jun, Sep, and Dec and accrue on a Actual/360. The date will be adjusted to the next business day if 20th falls on a weekend.
- The first coupon payment date is determined by the trade date, for example:

Example (Table 1): Consider a 1y \$36mm 100bp standard CDS traded in Feb09, maturing 20Mar10:

Coupon	Accrual Start	Accrual End	# Days	Payment	Payment Date
1 st	Mon 22Dec08	Thu 19Mar09	88	\$88k	Fri 20Mar09

- Coupon Rates: 25bp, 100bp, 500bp, 1000bp

Rolling dates: CDS Index roll semi-annually in March and September.

Recovery rate — Estimate of percentage of par value bondholders will receive after a credit event. CDS for investment grade bonds generally assume a 40% recovery rate. However, CDS for lower rated bonds are more dynamic and often reflect lower estimated recovery rates.

Trade types. CDS Index instruments can be traded either on an outright basis, or as a switch.

- Outrights: An agreement between two parties whereby one party pays the other party periodic payments for the specified life of the agreement
- Rolls/Switches/Spreads: A switch is a single Transaction that results in a simultaneous buy and sell of two or more underlying outright contracts. CDS indices are traded either in spread or in price terms, a generic term describing the difference, generally in basis points, between the levels of two reference values.

Settlement: if a credit event occurs then CDS Index contracts are cash settled.

- Cash settlement: The protection seller pays the buyer the difference between par value and the market price of a debt obligation of the reference entity.

Upfront payments: upfront payments are made at initiation of the trade. It incorporates the difference between the traded level and the index coupon, as well as accrued interest.

Order size: A minimum order size can be defined at the time of order entry.

Clearing House: ICE and LCH. The choice of clearing house is determined at the time of order entry and is based on qualification of each participant's clearing firm.

Additionally, please see clearable contract definitions at <https://www.theice.com/cdx>.

Rule 802(2) — Credit Derivatives Tranches

Some of the credit indices are also available in a tranching format, which allows investors to gain exposure on a particular portion of the index loss distribution. Tranches are defined by attachment and detachment points. Defaults affect the tranches according to the seniority of the tranche in the capital structure.

Indices	Tranches
CDX.NA.HY	0-10, 10-15, 15-25, 25-35, 35-100
CDX.NA.IG	0-3, 3-7, 7-15, 15-100
LCDX	0-5, 5-8, 8-12, 12-15, 15-100

Currencies
USD
EUR

Tranche Mechanics

The protection buyer of a tranche makes quarterly coupon payments to the protection seller and receives a payment in case there is a credit event in the underlying portfolio. Upfront payments are made at initiation and close of the trade to reflect the change in price. Coupon payments (500bps or 100bps per annum) are made until the notional amount of the tranche gets fully written down due to a series of credit events or until maturity whichever is earlier. Payments are made by the protection seller as long as the losses are greater than the attachment point and less than the detachment point for that tranche. Once the total loss reaches the detachment point, that tranche notional is fully written down. The premium payments are made on the reduced notional after each credit event.

Products — Rule 806:

- (1) Non Deliverable Forwards (NDFs)

Product Specifications

NDF's are synthetic foreign currency forward contracts on non-convertible currencies or are traded on currencies with very little liquidity in the market place. These derivatives allow corporates and other investors to hedge or take positions to local currency movements without actually dealing in the underlying.

A (notional) principle amount, forward exchange rate and forward date are all agreed at the deal's inception. The difference is that there will be no physical transfer of the principle amount in the transaction. The deal is agreed on the basis that net settlement will be made in USD, or another fully convertible currency, to reflect any differential between the agreed forward rate and the actual exchange rate on the agreed forward date. It is a cash-settled outright forward.

The demand for NDF's arises principally out of regulatory and liquidity issues in the underlying currency, where overseas players are essentially barred from access to the domestic market.

When an NDF deal is contracted, a fixing methodology is agreed. It specifies how a fixing spot rate is determined on the fixing date, which is normally two working days before settlement, to reflect the spot value. The fixing spot rate is based on the reference page on either Reuters or Bloomberg. Settlement is made in the major currency, paid to or by the client, and reflects the differential between the agreed upon non-deliverable forward rate and the fixing spot rate.

The NDF is quoted using foreign exchange forward market convention, with two way prices quoted as bid/offer pips, at a premium or discount to the prevailing spot market. As with a normal forward transaction, the market user either buys or sells the NDF, depending on the position to be hedged or according to the view of the underlying currency of interest rates.

NDF's are a risk management tool used to hedge the risk of forward currency convertibility, which can result from a number of factors, including credit risk, sovereign risk, regulatory restrictions, or lack of settlement procedures. NDF's are typically utilized by banks, multinational corporations, investment managers, and proprietary traders to hedge currency risk. NDF's are also used as a tool to facilitate locking in the enhance yields of emerging market currencies.
