**RE: Extension of the FX Futures Blocks and EFP Intermediary Rebate Program  
CME Submission No. 22-122**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. (“CME” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) of plans to extend the FX Futures Blocks and EFP Intermediary Rebate Program (“Program”) through April 30, 2023. All other Program terms remain unchanged. The extension of the Program will become effective on April 1, 2022.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

CME reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA”). During the review, Exchange staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Availability of General Information, Compliance with Rules, and Recordkeeping.

The Program does not incentivize manipulative trading or market abuse or impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange’s market regulation staff will monitor trading in the Program’s products to prevent manipulative trading and market abuse. Additionally, CME has implemented systems to track Program participants’ volume to ensure proper distribution of earned incentives. The products included in this Program are listed for trading in the open and competitive market. The incentives under the Program do not adversely impact price discovery in the centralized market. Specifically, incentives under the Program are only available to intermediary firms that submit previously matched third-party trades in the relevant products. The parties to a trade have discretion to select the venue. Intermediary firms earn incentives after venue selection is made. Principals who submit trades or execute orders for their own account or a proprietary account are not eligible for incentives under the Program. Thus, the Program does not influence the choice made by the principals regarding the execution venue. Participants in the Program will be selected by CME staff using criteria set forth in Exhibit 1. Chapter 4 of the CME rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules and CME records retention policies that comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

CME certifies that this submission has been concurrently posted on the CME website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
