**RE: Implementation of the Aluminum Market Development Program
COMEX Submission No. 22-189**

Dear Mr. Kirkpatrick:

Commodity Exchange, Inc. (“COMEX” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) that it plans to implement the Aluminum Market Development Program (“Program”). The proposed Program will become effective on May 16, 2022.

Exhibit 1 sets forth the terms of the Program.

The Exchange reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”). During the review, Exchange staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program will not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange will monitor trading in the Program’s product to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants’ volume to ensure proper distribution of earned incentives. The product included in this Program is listed for trading in the open and competitive market. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the Exchange rules includes prohibitions against fraudulent, non-competitive, unfair, or abusive practices. All participants must execute a contractual agreement with the Exchange in which each participant will expressly agree to comply with and be subject to applicable regulations and Exchange rules. The Program is subject to the Exchange’s record retention policies which comply with the CEA.

COMEX certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you require any additional information regarding this submission, please e-mail CMEGSubmissionInquiry@cmegroup.com or contact Rachel Johnson at 312-466-4393 or via e-mail at Rachel.Johnson@cmegroup.com. Please reference our COMEX Submission No. 22-189 in any related correspondence.

EXHIBIT 1

Aluminum Market Development Program

Program Purpose

The purpose of this Program is to encourage market participants to increase volume in the product listed below. A more liquid contract benefits all participants in the market.

Product Scope

Eligible Participants

The Exchange may designate up to fifty (50) participants in the Program. Participants may be COMEX members or non-members. Participants may not be enrolled in the Global Aluminum Futures Market Maker Program or Global Aluminum Futures Volume Incentive Program. Potential participants are required to submit an application/bid sheet to the Exchange as part of a competitive application process which is used to determine eligibility. In determining whether or not a prospective participant is selected to participate in the Program, Exchange staff may take into account a variety of factors including the prospective participant’s ability to meet volume thresholds in the Product and historical volume trading the Product and similar contracts. The Exchange may, from time to time, add or subtract from the aforementioned requirements as it deems necessary.
