**RE: Implementation of the E-mini S&P 500 Quarterly PM Options Discount Program  
CME Submission No. 21-268**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. (“CME” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) of plans to implement the E-mini S&P 500 Quarterly PM Options Discount Program (“Program”). The proposed Program will become effective on June 28, 2021.

Exhibit 1 sets forth the terms of the Program.

The Exchange reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA”). During the review, Exchange staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program is a general fee discount that applies to all market participants. A general fee discount does not incentivize manipulative trading or market abuse. The Program does not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange’s market regulation staff will monitor trading in the product that is included in the Program to prevent manipulative trading and market abuse. The general fee discount in the Program does not impact the Exchange’s order execution. All market participants that execute transactions in the product shall be entitled to participate. Chapter 4 of the Exchange rules includes prohibitions against fraudulent, non-competitive, unfair, or abusive practices. The Program is subject to these rules and CME records retention policies that comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
