**RE: Modifications to the USD Deliverable Swap Futures Volume Incentive Program  
("USD DSF")  
CBOT Submission No. 16-209**

Dear Mr. Kirkpatrick:

The Board of Trade of the City of Chicago, Inc. ("CBOT" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to modify the USD Deliverable Swap Futures Volume Incentive Program ("Program"). The modifications to the Program will become effective on July 1, 2016.

Exhibit 1 sets forth the terms of the Program. Modifications appear below, with additions underscored and deletions ~~overstruck~~.

The Exchange reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, CBOT staff identified the following Core Principles as potentially being impacted: Execution of Transactions, Protection of Market Participants, Contracts Not Readily Subject to Manipulation, Recordkeeping, and Compliance with Rules.

The Program will not impact CBOT's ability to perform its trade practice and market surveillance obligations under the CEA. CBOT's market regulation staff will monitor all trading in the Program's products to prevent manipulative trading and market abuse. The Program does not impact CBOT's order execution. Market participants that meet the criteria described in Exhibit 1 shall be entitled to participate. CBOT rules include prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules. The Program is subject to recordkeeping requirements that comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
