#### RE: Extension of the Energy Natural Gas Cross-Venue Incentive Program for High Volume Participants NYMEX Submission No. 15-256

Dear Mr. Kirkpatrick:

New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to extend its Energy Natural Gas Cross-Venue Incentive Program for High Volume Participants ("Program") through December 31, 2015. The extension of the Program will become effective on July 1, 2015. All other Program terms remain the same.

Exhibit 1 sets forth the terms of the Program. Modifications appear below, with additions <u>underscored</u> and deletions <del>overstruck</del>.

NYMEX reviewed the designated contract market core principles as set forth in the Commodity Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange's market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, NYMEX has implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. NYMEX will select participants based on the criteria set forth in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement in which each participant will expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program is subject to the Exchange's record retention policies which comply with the CEA.

The Exchange certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <u>http://www.cmegroup.com/market-regulation/rule-filings.html</u>.

## Energy Natural Gas Cross-Venue Incentive Program for High Volume Participants

### Program Purpose

The purpose of the Program is to incentivize higher levels of volume contribution in certain natural gas products across NYMEX's trading and clearing venues and build liquidity in the applicable products. Higher levels of volume and liquidity in the products listed below benefits all participants in the marketplace.

### Product Scope

The Program will encompass the following products: All NN, HH, NP and HP products that are traded on Globex, the NYMEX trading floor, or submitted for clearing to the CME Clearing House and all NG products that are traded on Globex or submitted for clearing to the CME Clearing House (collectively, the "Products").

#### Eligible Participants

Up to three (3) participants may be selected for participation in the Program. Participants must be a NYMEX member. To be eligible for entrance in the Program, a participant must have executed at least 1,500,000,000 mmBTUs on ClearPort and 1,575,000,000 mmBTUs a month on Globex in the Products in two consecutive months during 2014. Participants must meet both the ClearPort and Globex thresholds to be eligible for Program participation. Notwithstanding the foregoing, NYMEX may modify the aforementioned factors in its sole discretion as it deems necessary.
