RE: Self-Certification Rule Amendments: Nadex Amends its Rules Pertaining to FIX Connections, Renaming of Post-Only Orders, and its Fee schedule - Submission Pursuant to Commission Regulation §40.6(a)

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and section §40.6(a) of the regulations promulgated by the Commodity Futures Trading Commission (the “Commission”) under the Act (the “Regulations”), North American Derivatives Exchange, Inc. (“Nadex”, the “Exchange”) hereby submits to the Commission its intent to amend its Rulebook with respect to Exchange connection by FIX Gateway, to rename “Post-Only Order” as “Post-Only Quote”, and to amend its Fee Schedule relating to the FIX connection fee for approved Market Makers and monthly connection costs.

The Nadex Rulebook currently grants Trading Members, FCM Members, and Market Maker Members access to the Exchange via FIX Gateway, however, the interface by which each group may connect by FIX is not addressed. Nadex is amending its Rules to clarify that Market Maker Members may connect to the Exchange by Internet (SSL or VPN), or a dedicated private circuit, that FCM Members may access the Exchange by Internet (SSL only), and that Trading Members may connect to the Exchange by Internet

(SSL or VPN). All dedicated private circuits will be used for quote entry only. Due to the high cost of set-up and maintenance of a dedicated private circuit, as well as the physical limitations of multiple circuits connecting to the Nadex server, such connections will be limited to Market Makers submitting quotes to the marketplace, which provide the necessary market liquidity and benefit all participants. While Nadex does not currently have FCM Members, it anticipates that in the event it acquired such a Member, an SSL connection would be most appropriate given its prevalence and low maintenance requirements.

Additionally, the Nadex Rulebook currently makes reference to “Post-Only Orders” as a type of order only Market Makers are able to submit to the Exchange, and which are not executable against any other Market Maker. Post-Only Orders, however, are actually market maker quotes. It is only when a quote is matched with a member order that the quote becomes an order and a trade is executed. Nadex is amending its Rulebook to rename “Post-Only Order” as “Post-Only Quote”, to provide a more accurate description of its function. Nadex is also amending its definitions with respect to “Post-Only Quotes” and “Non-Post-Only Orders” to provide greater clarity.

Rule 4.4 (Obligations of Market Makers) makes reference to the grant of authority for a Market Maker who has accumulated a position size equal to or greater than 90% of any applicable position limit in a particular Class or Contract to submit non-Post-Only Orders until the position has been reduced to 75% of the applicable position limit. This provision was added to the Rulebook at a time when Market Makers were not permitted to submit non-Post-Only Orders as a means to reduce position size. Section (b)(iv) of this Rule was added in April 2014 which grants Market Makers the ability to submit non-Post-Only Orders in markets that the Market Maker has not been appointed or Designated Classes that the Market Maker has been appointed provided it continues to meet its obligations under the Market Maker Agreement. Accordingly, the provision relating to position reduction is no longer necessary.

Finally, Nadex is amending its Fee Schedule to introduce a monthly fee for Trading Members who connect to the Exchange over the Internet by way of VPN. Connection to the Exchange by way of a VPN requires considerably more set-up and ongoing maintenance efforts by multiple departments as compared with a SSL connection. Implementing a monthly fee will offset these costs. Nadex is also amending its Fee Schedule to note that the FIX connection fee and monthly fee is not applicable to approved Market Makers who provide a necessary and beneficial service to the marketplace.

DCM Core Principles: FIX Connection and Fee Schedule

Nadex has identified the following Designated Contract Market (“DCM”) Core Principles as potentially being impacted by the amendments to the FIX connection methods and fees: Core Principle 2 (Compliance with Rules), Core Principle 7 (Availability of General Information).

Core Principle 2 (Compliance with Rules), implemented by Regulation 38.151 (Access Requirements), requires the DCM provide impartial access by “members, persons with trading privileges and independent software vendors.” Such access criteria should be impartial, transparent and applied in a non-discriminatory manner. Likewise, comparable fee structures should be in place for members, persons with trading privileges and independent software vendors receiving equal access to the DCM.

Nadex Rules currently, and will continue to, grant its Members access to its markets via FIX Gateway, and thus, Nadex will not restrict access to its markets by FIX Gateway to any particular group. The Rules do not address by what means each group may connect to the Exchange by FIX, however. Nadex is amending its Rulebook to identify the specific interface connection method by which each category of user may connect to the Exchange using the FIX Protocol. The specific interface available to each category of user, as well as the associated set-up and ongoing fees, will be applied uniformly across each group. Accordingly, the amendments discussed herein will not negatively impact Nadex’s ability to comply with this Core Principle.

Core Principle 7 (Availability of General Information), implemented by Regulations 38.400 and 38.401 (General Requirements) require the DCM to make public the rules and specifications describing the operation of the DCM, as well as the DCM’s Rulebook, and to ensure the Rulebook is complete and accurate. The Nadex Rulebook is, and will continue, to be made publicly available on the Nadex website and will reflect the amendments discussed herein.

DCM Core Principles: Post-Only Quote

Nadex has identified the following DCM Core Principles as potentially being impacted by the renaming “Post-Only Order” to “Post-Only Quote”: Core Principle 7 (Availability of General Information).

Core Principle 7 (Availability of General Information), implemented by Regulation 38.401 (General Requirements), requires the DCM to post its Rulebook on its website and ensure that the Rulebook is “accurate, complete, current and readily accessible to the public.” Offers submitted to the DCM by the Market Maker in order to fulfill its market making obligations are submitted as quotes. Quotes submitted by a Market Maker become

Limit Orders if they are matched with another Member's order and a trade is executed. Accordingly, "Post-Only Order" is a misnomer, as the offer is a quote when it is submitted. Accordingly, Nadex is renaming all references to "Post-Only Order" in its Rulebook to "Post-Only Quote" to more accurately describe its function, and these amendments will not negatively impact Nadex's ability to comply with this Core Principle.

DCO Core Principles

Nadex has not identified any Derivatives Clearing Organization ("DCO") Core Principles as potentially being impacted by the amendments discussed herein.

Pursuant to the 10-day filing period under Regulation 40.6(a)(3), Nadex intends to implement the amendments discussed herein on July 18, 2016.

Rule changes have been outlined in Exhibit A. The amendments to the Rulebook are set forth in Exhibit B. Any deletions to the Agreement have been stricken out while the amendments and/or additions are underlined. Changes to the Fee Schedule have been set forth in Exhibit C.

No substantive opposing views were expressed to Nadex with respect to these amendments.

Nadex hereby certifies that the amendments and additions contained herein comply with the Act, as amended, and the Commission Regulations adopted thereunder.

Nadex hereby certifies that a copy of these amendments was posted on its website at the time of this filing.

Should you have any questions regarding the above, please do not hesitate to contact me by telephone at (312) 884-0927 or by email at jaime.walsh@nadex.com.

Sincerely,

Jaime Walsh

Amendment of Rules 1.1, 3.1-3.2, 4.3-4.4, 5.5, 5.10-5.12

(The following Rule amendments are underlined and deletions are stricken out)

RULE 1.1 DEFINITIONS

When used in these Rules:

“Authorized Trader” means an individual employed by a Member who is authorized by that Member to have direct access to Nadex, provided the Member maintains supervisory authority over such individual’s trading activities.

“Binary Contract” means the right to receive a fixed Settlement Value per contract, from Nadex on the Settlement Date dependent upon whether you are holding a long position or short position in a Binary Contract. If you are holding a long position in a Binary Contract, you have the right to receive a fixed Settlement Value from Nadex on the Settlement Date, if, and only if, the Binary Contract’s Payout Criteria encompasses the Expiration Value at Expiration. Conversely, if you are holding a short position in a Binary Contract, you have the right to receive a fixed Settlement Value if, and only if, the Binary Contract’s Payout Criteria does NOT encompass the Expiration Value at Expiration.

“Cap” means the maximum rate, level, amount, measure or other value of the Underlying of a Variable Payout Contract that may be the Expiration Value or the Closing Trade Value. If the actual rate, level, amount, measure, or other value of the Underlying meets or exceeds the Cap at Expiration, the Cap will be the Expiration Value.

“Class” means all Contracts of the same Type with the same Underlying.

“Closing Trade Value” means the rate, level, amount, measure, or other value of the Underlying of a Variable Payout Contract at which the Contract is closed in a Member’s or Customer’s account.

“Commodity Futures Trading Commission” or “Commission” means the Federal regulatory agency established by the Commodity Futures Trading act of 1974 to administer the Commodity Exchange Act.

“Contract” means a Variable Payout Contract or a Binary Contract.

“Correspondent Account” means an account as that term is defined in 31 CFR 1010.605(c).

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

“Customer” means a Commodity Customer, a Cleared Swap Customer, a FCM Member or a Trading member of Nadex, as the context requires. In this regard,

(i) “Commodity Customer” has the meaning set forth in Commission Regulation 1.3(k);

(ii) “Cleared Swap Customer” has the meaning set forth in Commission regulation 22.1;

(iii) “DCO Customer” has the same meaning as the definition “customer” set forth in Commission Regulation 190.01(l) and section 761(9) of the Bankruptcy Code and includes FCM Members and Trading Members of Nadex.

“Dollar Multiplier” means the monetary amount by which the rate, level, amount, measure, or other value of an Underlying of a Variable Payout Contract is multiplied to determine the Settlement Value.

“End Date” means the last day on which a delivery month will be used as the Underlying for Nadex contracts.

“Expiration” means the time on the Expiration Date established by these Rules at which a Contract expires and the Expiration Value of that Contract is determined.

“Expiration Date” means the date established by these Rules on which the Expiration Value of each Contract is determined.

“Expiration Value” means the rate, level, amount, measure, or other value of the Underlying at Expiration as calculated and/or published by the Source Agency.

“FCM Member” means any Member that is registered with the Commission as a Futures Commission Merchant and as a swap firm and is authorized by Nadex to intermediate orders of Commodity Customers or Cleared Swap Customers on the Market.

“Floor” means the minimum rate, level, amount, measure, or other value of the Underlying of a Variable Payout Contract that may be the Expiration Value or the Closing Trade Value. If the actual rate, level, amount, measure or other value of the Underlying meets or falls below the Floor on the Expiration Date, the Floor will be the Expiration Value.

“Foreign Bank” means a bank as that term is defined in 31 CFR 1010.100(u).

“Last Trading Day” means, for a particular Contract, the last date on which that Contract may be traded on the Market.

“Limit Order” means a request submitted to the Exchange to buy or sell a set number of contracts, in a particular product offered by Nadex, at a specified price or better price if a better price is available. The following are permissible Nadex Limit Order types, although certain order types may only be available on particular platforms or to particular Member types:

“Fill or Kill Order” or “FOK” is a Limit Order that will be cancelled if the Order cannot be immediately filled in its entirety.

“Immediate or Cancel Order” or “IOC” is a Limit Order that can be filled in whole or in part, with any remaining quantity cancelled.

“Good ‘Til Cancel Order” or “GTC” is a Limit Order which will remain on the market until it is filled, cancelled, or the contract expires. Any remainder of a partially filled GTC Order will stay on the market until it is filled, cancelled, or the contract expires.

~~**“Post-Only (Price Adjustment) Order”** is a Limit Order that will be cancelled by the Exchange in whole or in part to the extent that, at the time it is submitted to the Exchange, it would be immediately executable opposite another Post-Only Order; the Exchange will automatically submit an amended quotation for the unfilled balance of the cancelled Post-Only (Price Adjustment) Order at a price level that is adjusted (a) for Binary Contracts to four minimum tick increments, and (b) for Variable Payout Contracts to one minimum tick increment lower (for bids) or higher (for offers) than the price level of the existing opposite Post-Only Order.~~

~~**“Post-Only (Reject) Order”** is a Limit Order that will be cancelled by the Exchange in whole or in part to the extent that, at the time it is submitted to the Exchange, it would be immediately executable opposite another Post-Only Order.~~

“Long Variable Payout Contract” means (i) the right to receive at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting the Opening Trade Value from (A) the Closing Trade Value, if the Variable Payout Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier and (ii) the obligation to pay at the time the contract is closed or on the Settlement Date any positive number resulting from subtracting from the Opening Trade Value (A) the Closing Trade Value, if the Variable Payout Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier.

“Market Order” means a request submitted to the Exchange to buy or sell a set number of contracts, in a particular product offered by Nadex, at the market price. The following are

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

permissible Nadex Market Order types, although certain order types may only be available on particular platforms or to particular Member types:

“Market Order With Protection” or “MOP” is a Market Order that will attempt to fill, in whole or part, at the current displayed price or better, or within a pre-determined number of points (Tolerance Protection) worse than the specified display price. The remainder of any Market Order With Protection that cannot be immediately filled either at the current displayed price or better, or within the Tolerance Protection, will be cancelled.

“Market Maker” means a Member that is granted certain privileges in exchange for assuming certain responsibilities as set forth in Chapter 4 of these Rules for the purpose of creating liquidity for certain Classes of Contracts.

“Member” means a Person who is approved by Nadex to be a Trading Member or a FCM_Member and who is bound by these Rules as they may be amended from time to time.

“Non Post-Only Order” is an Order that did not originate as a Post-Only Quote.

“Opening Trade Value” means the rate, level, amount, measure, or other value of the Underlying of a Variable Payout Contract at which the Contract is opened in a Member’s account.

“Order” means a request submitted to the Exchange to buy or sell a set number of contracts, in a particular product offered by Nadex in accordance with the requirements established by the Exchange.

“Payout Criterion” of a Contract means the Expiration Value or range of Expiration Values that will cause that Contract to pay a Settlement Value to the holder of a long position or the holder of a short position in such Contract. The holder of a long or short position in a Contract that receives a Settlement Value is considered to be “in-the-money” while the holder of either a long or short position in a Contract that does NOT receive a Settlement Value is considered to be “out-of-the-money”.

“Person” means an individual, sole proprietorship, corporation, limited liability company, partnership, trust, or any other entity.

“Post-Only Quote” is a quote submitted by a Market Maker, which has the potential to become a Limit Order if matched for trade execution, and which cannot be executed opposite another Post-Only Quote. Post-Only Quotes are either Post-Only (Price Adjustment) or Post-Only (Reject) Quotes.

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

“Post-Only (Price Adjustment) Quote” is a Post-Only Quote that will be cancelled by the Exchange in whole or in part to the extent that at the time it is submitted to the Exchange it would be immediately executable opposite another Post-Only Quote. If, some portion of such submitted Post-Only (Price Adjustment) Quote would be immediately executable opposite any resting Non-Post Only Order(s), that part of such submitted Post-Only (Price Adjustment) Quote will be matched opposite such resting Non-Post Only Order(s) by the Exchange. The remaining portion of the submitted Post-Only (Price Adjustment) Quote will be cancelled by the Exchange, leaving the opposite Post-Only Quote in the order book. Unlike a Post-Only (Reject) Quote, however, upon cancellation of the submitted Post-Only (Price Adjustment) Quote, the Exchange will automatically submit an amended quotation for the unfilled balance of the cancelled Post-Only (Price Adjustment) Quote at a price level that is adjusted (a) for Binary Contracts to four minimum tick increments, and (b) for Variable Payout Contracts to one minimum tick increment lower (for bids) or higher (for offers) than the price level of the existing opposite Post-Only Quote.

“Post-Only (Reject) Quote” is a Post-Only Quote that will be cancelled by the Exchange in whole or in part to the extent that, at the time it is submitted to the Exchange it would be immediately executable opposite another Post-Only Quote. If, however, some portion of such submitted Post-Only (Reject) Quote would be immediately executable opposite any resting Non-Post Only Order(s), that part of such submitted Post-Only (Reject) Quote will be matched opposite such resting Non-Post Only Order(s) by the Exchange. The remaining portion of the submitted Post-Only (Reject) Quote will be cancelled by the Exchange, leaving the opposite Post-Only Quote in the order book.

“Regulatory Agency” means any government body, including the Commission and Securities and Exchange Commission, and any organization, whether domestic or foreign, granted authority under statutory or regulatory provisions to regulate its own activities and the activities of its members, and includes Nadex, any other clearing organization or contract market, any national securities exchange or clearing agency, the National Futures Association (“NFA”) and the Financial Industry Regulatory Authority (“FINRA”).

“Reportable Level(s)” means the aggregate contract level within a product Class at which the Exchange must report certain Member and trade information to the Commission pursuant to Commission Regulations.

“Series” means all Contracts of the same Class having identical terms, including Payout Criterion and Expiration Date.

“Settlement Date” means the date on which money is paid to the account of a Member who has the right to receive money pursuant to a Variable Payout Contract or Binary Contract

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

held until Expiration, and on which money is paid from the account of a Member who is obligated to pay money pursuant to a Variable Payout Contract held until Expiration. Unless otherwise specified in these Rules, the Settlement Date is the same day as the Expiration Date.

“Settlement Value” means the amount paid to the holders of in-the-money Contracts. The minimum Settlement Value of a Binary Contract is \$100. The Settlement Value of a Variable Payout Contract is determined as described in the definition for Long and Short Variable Payout Contracts.

“Short Variable Payout Contract” means (i) the right to receive at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting from the Opening Trade Value (A) the Closing Trade Value, if the Variable Payout Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Contract was held to Expiration, and then multiplying the resulting figure by the Dollar Multiplier and (ii) the obligation to pay at the time the Contract is closed or on the Settlement Date any positive number resulting from subtracting the Opening Trade Value from (A) the Closing Trade Value, if the Variable Payout Contract was closed by an offsetting transaction before Expiration, or (B) the Expiration Value, if the Variable Payout Contract was held to Expiration, then multiplying the resulting figure by the Dollar Multiplier.

“Source Agency” means the agency that publishes the Underlying economic indicator and/or Expiration Value for any Contract.

“Speculative Position Limits,” or “Position Limit” means the maximum position, either net long or net short, in one Series or a combination of various Series of a particular Class that may be held or controlled by one Member as prescribed by Nadex and/or the Commission.

“Start Date” means the date on which a new delivery month will be used as the Underlying for Nadex contracts.

“Tolerance Protection” means the defined number of points, expressed in terms of a dollar amount, away from the displayed market price that will be acceptable to fill a Market Order With Protection in whole or part, if the displayed market price or a better price is no longer available when the Exchange receives the Order.

“Trade Day” means the regular trading session on any given calendar date and the evening session, if any, on the immediately preceding calendar date, as specified in Rule 5.11.

“Trading Member” means a Person who has been approved by Nadex to trade directly and not through a FCM Member on the Market, and does not include any FCM Member.

“Type” means the classification of a Contract as a Variable Payout Contract or a Binary Contract.

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

“Underlying” means the index, rate, risk, measure, instrument, differential, indicator, value, contingency, occurrence, or extent of an occurrence the Expiration Value of which determines whether (and, in the case of a Variable Payout Contract, to what extent) a Contract is in-the-money.

“US Financial Institution” means a financial institution as that term is defined in 31 CFR 1010.100(t), subsections (1), (2), and (8), that is required to comply with the regulations issued by the United States Department of Treasury under the Bank Secrecy Act including, but not limited to, the anti-money laundering program and customer identification program rules.

“Variable Payout Contract” means a Long Variable Payout Contract and/or a Short Variable Payout Contract (such Variable Payout Contracts are also referred to as “Spread(s)” or “Narrow Spread(s)”).

“12PM” or **“12:00 PM”** means 12:00 Noon

(a) To be eligible to become a FCM Member, an applicant must:

(i) be validly organized, in good standing, in the United States;

(ii) be registered as a Futures Commission Merchant by the National Futures Association;

(iii) have adequate financial resources and credit as determined by Nadex;

(iv) have an account or accounts with a Financial Institution designated as a settlement bank by Nadex;

(v) designate at least one officer who is responsible for supervising all activities of its employees relating to transactions effected on the Nadex or subject to Nadex Rules and provide any information Nadex may request regarding such FCM Member;

(vi) submit to Nadex a letter confirming that the applicant will maintain all Customer funds deposited with it in connection with trading any Nadex Contracts in appropriately labeled and segregated Cleared Swaps Customer Accounts separated from funds of both the FCM Member and futures customers, as required by Commission regulations;

(vii) agree to be bound by these Rules; and

(viii) meet any other criteria or complete any additional applications that Nadex may request.

(b) Prior to becoming a FCM Member, FCM Member applicants must submit to Nadex:

(i) a guarantee agreement on a form prescribed by Nadex defining the FCM Member's obligation to guarantee the applicant's transactions and those of the applicant's Customers, signed by the FCM Member; and

(ii) an agreement authorizing Nadex to unilaterally debit any accounts identified per Rule 3.2(a)(iv) in accordance with Nadex's rules, policies and procedures and in amounts solely determined by Nadex.

(c) Nadex may in its sole discretion approve, deny, or condition any FCM Member application as Nadex deems necessary or appropriate.

(d) If an FCM Member application is approved by Nadex, the applicant will be a FCM Member of Nadex and will have the following privileges:

(i) to intermediate Customer transactions on Nadex;

(ii) to distribute Nadex data to its Customers pursuant to any data distribution agreement with Nadex; and

(iii) to access Nadex's trading systems electronically via a FIX connection (Internet – SSL only).

RULES 3.3 – 4.2 [UNCHANGED]

RULE 4.3 BENEFITS OF BECOMING A MARKET MAKER

(a) Market Makers will have access to Nadex via the FIX Gateway for an additional fee to be determined by Nadex. Nadex will provide a guaranteed throughput per day with a specified peak amount of orders that may be entered per second to all Market Makers. Market Makers may connect via the FIX Gateway over the Internet or dedicated private circuit. Use of dedicated private circuit is only permitted for the submission of quotes.

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

(b) Market Makers may receive reduced trading fees as an incentive for fulfilling the obligations of a market maker. For example, trading fees for Market Maker transactions via the FIX Gateway may be less than other Trading Member fees via the FIX Gateway.

(c) Market Makers shall have access to a designated group of operational and technical specialists at Nadex who handle issues relating to Market Makers.

RULE 4.4 OBLIGATIONS OF MARKET MAKERS

(a) General – Transactions of Market Makers should constitute a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and Market Makers shall not make bids or offers or enter into transactions that are inconsistent with such a course of dealings. Ordinarily, Market Makers shall be obligated to do the following:

(i) trade for the proprietary account of the Market Maker only;

(ii) maintain at least the minimum capital on deposit with Nadex in accordance with the terms of the applicable Market Maker Agreement;

(iii) comply with all other terms of the applicable Market Maker Agreement; and

(iv) maintain two-sided displayed quotes of a minimum designated quantity (“Size”) within a predefined spread (“Bid/Ask Spread”) for a Series of Contracts for a certain period of time throughout the trading day in accordance with the terms of the applicable Market Maker Agreement.

(1) In ordinary market conditions, quotes must be made within a maximum Bid/Ask Spread.

(2) In fast market conditions, Market Makers will be permitted to refrain from quoting binding bid and offer prices, in accordance with the Market Maker Agreement.

(3) Market Makers will be permitted to reduce their size:

(A) in any Binary Contract within a Designated Class that is so deep in-the-money as to be valued at \$100 offer or so deep out-of-the-money as to be valued at zero bid and

(B) in any Variable Payout Contract within a Designated Class when the underlying for that Variable Payout Contract is outside the range of the Variable Payout Contract.

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

(b) A Market Maker has a continuous obligation to engage, to a reasonable degree under the existing circumstances, in dealings for the account of the Market Maker when there exists, or it is reasonably anticipated that there will exist, a lack of price continuity or a temporary disparity between the supply of and demand for quotations in a Series of a Designated Class to which the Market Maker is appointed. Without limiting the foregoing, a Market Maker is expected to perform the following activities in the course of maintaining a fair and orderly market;

(i) To post bid and ask quotations in all Designated Classes to which the Market Maker is appointed that, absent changed market conditions, will be honored by the Market Maker.

(ii) To update quotations in response to changed market conditions in all Designated Classes to which the Market Maker is appointed.

~~(iii) All such Market Maker quotations in the Designated Classes to which the Market Maker is appointed shall be submitted as "Post-Only QuotesOrders". In the event a Market Maker has built a position size equal to or greater than 90% of any applicable position limit in a particular Class or Contract, then that Market Maker may submit non-Post-Only Orders (that is, any other acceptable Order other than a Post-Only Order as set forth in the definition of "Order" in Section 1.1 of this Rulebook) in lieu of its quoting obligation for such Class or Contract until the Market Maker's position in such Class or Contract has been reduced to 75% of the applicable position limit, at which point the Market Maker's obligation to submit Post-Only Orders will resume. A Market Maker may submit Non-Post-Only Orders in markets to which the Market Maker has not been appointed and, provided the Market Maker continues to meet its obligations to continuously quote a two-sided market under the Market Maker Agreement and these Rules, in the Designated Classes to which the Market Maker is appointed.~~

(iv) In the event a Market Maker has built a position size equal to or greater than 90% of any applicable position limit in a particular Class or Contract, Market Maker is temporarily relieved of its quoting obligation for such Class or Contract until Market Maker's position in such Class or Contract has been reduced to 75% of the applicable position limit, at which time quoting obligations as set forth in the Market Maker Agreement will resume. A Market Maker may submit non-Post-Only Orders in markets to which the Market Maker has not be appointed and, provided the Market Maker continues to meet its obligations to continuously quote a two-sided market under the Market Maker Agreement and these Rules, in Designated Classes to which the Market Maker is appointed.

(c) Like other Members of Nadex, a Market Maker may not place an order to buy or sell a Contract in a Class unless it has the excess funds in its Nadex account necessary to fulfill its obligations under that order.

(d) Alternative Position Limits for Certain Binary Contracts

(i) Approved market makers who are engaged in bona fide market-making activity shall be exempt from the position limits for those Binary Contracts defined in

(1) Rules 12.55 (Japan 225), 12.57 (China 50), 12.65 (Wall Street 30), 12.63 (US Tech 100), 12.59 (US 500) and 12.61 (US SmallCap 2000) of these Rules. Instead, such market makers shall be subject to Alternative Position Limits of twice the limit identified for such Binary Contract in Chapter 12. In addition, such Alternative Position Limits shall apply not to the entire class of Binary Contracts, but to each Binary Contract in that Class (i.e., per strike).

(2) Rules 12.3 (Copper), 12.5 (Gold), 12.7 (Silver), 12.9 (Crude Oil), 12.11 (Natural Gas), 12.49 (FTSE 100) and 12.51 (Germany 30) of these Rules. Instead, such market makers shall be subject to Alternative Position Limits of the limit identified for such Binary Contract in Chapter 12, which limit shall apply not to the entire class of Binary Contracts, but to each Binary Contract in that Class (i.e., per strike).

(ii) A market maker taking advantage of this exemption and an Alternative Position Limit must, within 1 business day following a request by Nadex's Compliance Department, provide the Nadex Compliance Department with a trade register detailing all futures trading activity in any account owned or controlled by the market maker in the futures contract underlying a Binary Contract during the 15 minutes immediately before and after any expiration time identified by Nadex's Compliance Department in the request.

RULES 5.1 – 5.4 [UNCHANGED]

RULE 5.5 ORDER ENTRY

(a) Trading Member Orders

(i) A Trading Member will enter orders to trade Contracts by electronic transmission over the Internet. A Trading Member may elect to enter into a FIX Connection agreement with Nadex, which will provide for specific FIX Connection

fees, and if approved by Nadex, may submit orders over a FIX Connection in accordance with Nadex's applicable policies and procedures. ~~A Trading Member that is not acting as a market maker who elects to submit orders via FIX Connection is limited to the submission of no more than four orders per one second.~~ A Trading Member who is not engaged in activity pursuant to a Market Maker Agreement, and who elects to submit orders via FIX connection may do so over Internet, and may not submit more than four orders per one second.

(ii) A Trading Member will enter an order to trade one or more Contracts by indicating to Nadex in the manner required by Nadex: (1) order direction (i.e., buy or sell); (2) order type (e.g., Limit Order or Market Order); (3) duration of the order (e.g., Fill or Kill, Immediate or Cancel, Good 'Til Cancel); (4) the Series of Contract; (5) the limit price at which the Trading Member wants to buy or sell the Contract, in the case of Limit Orders; (6) the number of Contracts the Trading Member want to buy or sell, and (7) the Tolerance Protection in the case of Market Orders With Protection.

(iii) In order to enter an order to trade one or more Contracts, a Trading Member will be required to submit the order to Nadex. Once the order is accepted by Nadex, Nadex will assign to the order an order confirmation number. This confirmation number will appear next to the associated order on the Trading Member's Order Ticket and Order History account pages. The Trading Member will be responsible for any and all order entries confirmed for its account and accepted by Nadex.

(b) FCM Customer Orders

(i) A FCM Customer may not submit orders directly to the Exchange and all such order must be submitted by that Customer's FCM Member.

(ii) FCM Members may submit FCM Customer Orders by electronic transmission over a FIX Connection by Internet (SSL only), in accordance with Nadex's applicable policies and procedures.

(iii) FCM Members will submit a FCM Customer Order to trade one or more Contracts by indicating to Nadex in the manner required by Nadex: (1) order direction (i.e., buy or sell); (2) order type (e.g., Limit Order or Market Order); (3) duration of the order (e.g., Fill or Kill, Immediate or Cancel, Good 'Til Cancel); (4) the Series of Contract; (5) the limit price at which the FCM Customer wants to buy or sell the Contract, in the case of Limit Orders; (6) the number of Contracts the FCM Customer wants to buy or sell; (7) the Tolerance Protection in the case of Market Orders With Protection; (8) the FCM Customer Position Account identifier; and (8) the user identifier for the person who directed the submission of the order to the Exchange.

North American Derivatives Exchange, Inc., 311 South Wacker Drive, Suite 2675, Chicago, IL 60606

US Toll-Free +1 (877) 77 NADEX info@nadex.com www.nadex.com

(iv) Upon receipt of a FCM Customer Order to trade one or more Contracts, a FCM Member will be required to ensure that the FCM Customer has on deposit with the FCM Member enough funds to cover the FCM Customer's maximum loss under the Contract(s) it is attempting to enter into before the order is submitted to Nadex. When the order has been submitted to and accepted by Nadex, Nadex will assign to the order an order confirmation number. This confirmation number will appear next to the associated order on the FCM Member's Order and Order History account pages. The FCM Member will be responsible for any and all order entries confirmed for its FCM Customer Position Accounts and its settlement accounts and accepted by Nadex.

(c) Nadex's trading system will keep an electronic record of all orders to trade Contracts, and all executed Contract trades. The records kept by Nadex will include all of the terms identified in paragraphs (a)(ii) – (iii) and (b)(iii) – (iv) of this Rule as well as the date and time that the transaction was completed to the nearest tenth of a second, for all executed Contract trades and to the nearest second for all orders to trade Contracts.

RULE 5.6 – 5.9 [UNCHANGED]

RULE 5.10 ACCEPTABLE ORDERS

(a) A Member who is not a Market Maker may enter only nNon-Post Only Orders (that is, any acceptable Order other than a Post-Only QuoteOrder as set forth in the definition of "Order" in Section 1.1 of this Rulebook) to trade Contracts on the Market.

(b) Duly appointed Market Makers who are making markets pursuant to such appointment shall submit market maker quotations as Post-Only QuotesOrders. "Post-Only QuotesOrders" are quotesorders that provide liquidity to a market in that they can be matched opposite any nNon-Post Only Order submitted by a Member, but cannot be matched opposite another Post-Only QuoteOrder submitted by another Market Maker. For example, like a Good 'Til Cancel Order, a Post-Only QuoteOrder is an orderoffer to buy or sell the number of Contracts specified at the price specified, or a better price if a better price is available. However, unlike a Good 'Til Cancel Order, Post-Only QuotesOrders will not be matched opposite another Post-Only QuoteOrder. Post-Only QuotesOrders can be submitted in one of two forms: Post-Only (Reject) and Post-Only (Price Adjustment) Quotes, as those terms are defined in Section 1.1.

(i) A "Post-Only (Reject) Order" is an order that will be cancelled by the Exchange in whole or in part to the extent that, at the time it is submitted to the Exchange, it would be immediately executable opposite another Post-Only Order. If, however, some portion of such submitted Post-Only (Reject) Order would be immediately executable opposite any resting non-Post-Only Order(s), that part of such submitted Post-Only (Reject) Order will be matched opposite such resting non-Post-Only Order(s) by the Exchange. The remaining portion of the submitted Post-

~~Only (Reject) Order will be cancelled by the Exchange, leaving the opposite Post-Only Order in the order book.~~

~~(ii) A Post-Only (Price Adjustment) Order is an order that will be cancelled by the Exchange in whole or in part to the extent that, at the time it is submitted to the Exchange, it would be immediately executable opposite another Post-Only Order. If, however, some portion of such submitted Post-Only (Price Adjustment) Order would be immediately executable opposite any resting non-Post-Only Order(s), that part of such submitted Post-Only (Price Adjustment) Order will be matched opposite such resting non-Post-Only Order(s) by the Exchange. The remaining portion of the submitted Post-Only (Price Adjustment) Order will be cancelled by the Exchange, leaving the opposite Post-Only Order in the order book. Unlike a Post-Only (Reject) Order, however, upon cancellation of the submitted Post-Only (Price Adjustment) Order, the Exchange will automatically submit an amended quotation for the unfilled balance of the cancelled Post-Only (Price Adjustment) Order at a price level that is adjusted (a) for Binary Contracts to four minimum tick increments, and (b) for Variable Payout Contracts to one minimum tick increment lower (for bids) or higher (for offers) than the price level of the existing opposite Post-Only Order.~~

(c) In addition to the quotations described in subparagraph (b) above, duly appointed Market Makers may submit Non-Post-Only Orders. Such Orders will be charged trading and settlement fees at the applicable Direct Trading Member API rates as set forth in the fee schedule.

RULE 5.11 PRIORITY OF ORDERS

Subject to the provisions of rule 5.10(b) regarding Post-Only Quotes~~orders~~, the Market's trading algorithms execute all trades by matching orders according first by price and then time priority. This means that orders and quotes entered at different prices will be executed in order of price, from best to worst, regardless of what time they were placed on the Market, and orders and quotes placed on the Market at the same price will be executed in order of time, from oldest to most recent.

RULE 5.12 FILLING ORDERS TO TRADE CONTRACTS

Subject to the provisions of Rule 5.10(b) regarding Post-Only Quotes~~orders~~, the Nadex trading system will fill all orders to trade Contracts on an "or better" basis. This means that if a Member places an order to buy a Contract or Contracts at a price higher than the price of the best sell offer on the market, the system will fill that order to buy at the better sell offer price(s) until all available sell offers under or equal to that buy order's limit price are filled or until that buy order is completely filled. Likewise, if a Member enters a sell order at a price lower than the price of the best bid, the system will fill that sell order at the better bid price(s) until all available bids over that sell order's limit price are filled or that sell order is completely filled. If an order is only partially filled, the unfilled portion of that order will remain in the order book as a resting

order at the limit price specified. Should an opposite order at the same price or better than the original order subsequently be placed in the system, the unfilled portion of the original order will be executed opposite that new order at the original order's limit price.

NADEX FEE SCHEDULE

DIRECT TRADING MEMBERS

Membership Fee:

- Nadex does not charge a Membership fee to join the Exchange.

Initial Deposit:

- Direct Trading Members are required to make an initial deposit of at least \$100; no minimum balance is required thereafter.

Transaction Fees:

Nadex charges no fee for orders placed, cancelled or amended.

Direct Trading Members REGISTERED ON OR AFTER AUGUST 18, 2011* incur an Exchange trading fee per contract per side for each contract executed based on order size according to the following schedule

- \$0.90 for each lot traded from 1 up to and including 10 lots;
- An additional \$0.00 for each lot over 10 lots.

Direct Trading Members REGISTERED ON OR BEFORE AUGUST 17, 2011* incur an Exchange trading fee of \$1.00 per contract per side for each trade executed on Nadex; on orders of 7 contracts or more, trading fees in connection with the execution of that order are capped at \$7.00.

Settlement Fees:

Nadex charges no fee for contracts that settle out-of-the-money.

Direct Trading Members REGISTERED ON OR AFTER AUGUST 18, 2011* incur an Exchange settlement fee per contract per side for each contract that settles in-the-money based on the position size at expiration according to the following schedule:

- \$0.90 for each lot settled in-the-money from 1 up to and including 10 lots,
- an additional \$0.00 for each lot settled in-the-money over 10 lots.

If the per-contract settlement payout is greater than \$0, but the total fee to be charged for the position exceeds the total settlement payout for that position, Nadex will reduce its fee to the amount of the total settlement payout for that position (that is, Nadex will not charge a settlement fee that exceeds a settlement payout).

Direct Trading Members REGISTERED ON OR BEFORE AUGUST 17, 2011* incur an Exchange settlement fee of \$1.00 per contract per side for each contract that settles in-the-money (note that positions that settle with a payout of less than \$1.00 are not charged a settlement fee).

API Connection:

With the exception of approved Market Makers, ~~those connecting to the Exchange via API Connection pursuant to a Market Maker Agreement~~, Direct Trading Members connecting via API incur a FIX connection fee of \$500 for Market Data Only, and \$500 each for Order Entry and Market Data (\$1,000 total). This connection fee is due prior to connection to the User Acceptance Testing ("UAT") environment.

If the API connection of a Direct Trading Member is terminated and that Direct Trading Member seeks to reconnect via API, the same connection fees apply.

The \$500 FIX connection fee for Order Entry is eligible to be rebated, provided the Direct Trading Member meets or exceeds the minimum volume expectation of 200 trades, in any one month period, within the first three months from the date of connection to the Nadex production environment. The \$500 FIX connection fee for Market Data is not eligible to be rebated, regardless of whether the connection is for Market Data Only or coupled with an Order Entry connection.

In addition to the initial connection fee, a Direct Trading Member who connects to the Exchange over the Internet via VPN will be charged a nonrefundable monthly fee of \$1,000. A Direct Trading Member who connects to the Exchange over the Internet via SSL will not incur a monthly fee.

Approved Market Makers will not be charged the FIX connection fee or monthly fee for connection to the Exchange by FIX gateway(s).

Automated Trading via API Connection:

Automated trading by Trading Members via API connection incurs a Exchange trading fee of \$1.50 per contract per side for each trade executed.

Settlements in connection with automated trading by Trading Members via API connection incur an Exchange settlement fee of \$1.00 per contract per side for each contract that settles in-the-money. If the per-contract payout is greater than \$0, but the total fee to be charged for the net position exceeds the total settlement payout for that position, Nadex will reduce its fee to the amount of the total settlement payout for that position (that is, Nadex will not charge a settlement fee that exceeds a settlement payout)**.

Settlements in connection with automated trading by Trading Members via API connection incur no fee for contracts that settle out-of-the-money.

The placement, cancellation or amendment of orders in connection with automated trading by Trading Members via API connection incurs no fee.

Nadex provides a volume-based rebate of transaction fees to Direct Trading Members connecting via API based on the number of Bull Spread Contracts traded during any one-month period (first trading day of a calendar month through the last trading day of that month) according to the following schedule:

- 5,000 or fewer Bull Spread lots traded in a one-month period = no rebate for that month;
- 5,001 to 10,000 Bull Spread lots traded in a one-month period = 33% rebate on the Direct Trading Member's total fees (trade fees plus settlement fees) for Bull Spreads traded during that month;
- More than 10,000 Bull Spread lots traded in a one-month period = 50% rebate on the Direct Trading Member's total fees (trade fees plus settlement fees) for Bull Spreads traded during that month.

Nadex does not provide a volume-based rebate of transaction fees to Direct Trading Members connecting via API for Binary Contracts traded.

FCM MEMBERS

Membership Fee:

- Nadex does not charge a FCM Membership fee to join the Exchange.

Minimum Balance:

- FCM Members are required to make an initial deposit of at least \$100,000 and to maintain a minimum balance of uncommitted funds of \$50,000.

Transaction Fees:

Nadex charges no fee for orders placed, cancelled or amended.

FCM Members incur an Exchange trading fee per contract per side for each contract executed based on order size according to the following schedule:

- \$0.35 for each lot traded from 1 up to and including 10 lots;
- \$0.00 for each lot traded over 10.

Settlement Fees:

FCM Members incur an Exchange settlement fee per contract per side for each contract that settles in-the-money based on the position size at expiration according to the following schedule:

- \$0.35 for each lot settled in-the-money.

If the per-contract settlement payout is greater than \$0, but the total fee to be charged for the position exceeds the total settlement payout for that position, Nadex will reduce its fee to the amount of the total settlement payout for that position (that is, Nadex will not charge a settlement fee that exceeds a settlement payout).

Nadex charges no fee for contracts that settle out-of-the-money.

* Members who have registered on or before August 17, 2011 may opt for the new fee schedule by contacting the Exchange.

** API trading and settlement fees for direct Trading Members with API connections apply to all activity by that Member, regardless of whether a particular order is submitted via API Connection, platform, or mobile device.

MARKET MAKERS

Membership Fee:

- Nadex does not charge Market Makers a membership fee.

Minimum Balance:

- Market Makers are required to make an initial deposit of at least \$500,000 and to maintain a minimum balance of uncommitted funds of \$250,000 to collateralize the trades executed on Nadex.

Transaction Fees*:

Nadex charges no fee for Market Maker orders placed, cancelled or amended.

Nadex charges its non-intermediated Market Makers an Exchange trading fee of \$0.50 per contract per side for each trade executed on Nadex.

Settlement Fees*:

Nadex charges its non-intermediated Market Makers an Exchange settlement fee of \$0.50 per contract per side for each contract that settles in-the-money. If the total fee to be charged for the position exceeds the total settlement payout for that position, Nadex will reduce its fee to the amount of the total settlement payout for that position (that is, Nadex will not charge a settlement fee that exceeds a settlement payout).

Nadex charges no fee for contracts that settle out-of-the-money.

SYSTEM PROVIDERS

Nadex is interested in discussing partnership opportunities with systems providers.

Anyone interested in becoming a Nadex FCM Member or market maker or pursuing a partnership as a systems provider should contact us.

* Rates apply to Post-Only orders. Non-Post-Only orders submitted by Market Maker will be charged trading and settlement fees at the Direct Member API rate set forth herein, regardless of whether the orders are submitted via API Connection, platform, or mobile device. Any necessary balance adjustment as the result of executed non-Post-Only orders shall be made on a monthly basis. Any amount owed by Market Maker as the result of the balance adjustment due to executed non-Post-Only orders may be debited from the Market Maker's cash account at Nadex.

** API trading and settlement fees for direct Trading Members with API connections apply to all activity by that Member, regardless of whether a particular order is submitted via API Connection, platform, or mobile device.

*** If the per-contract settlement payout is greater than \$0, but the total fee to be charged for the position exceeds the total settlement payout for that position, Nadex will reduce its fee to the amount of the total settlement payout for that position (that is, Nadex will not charge a settlement fee that exceeds a settlement payout).

**** There are no rebates to Direct Trading Members connecting via API for Binary Contracts traded.
