Re: FOIA Request for Confidential Treatment for Information Provided by Eris Exchange, LLC

Dear Sir/Madam:

In accordance with Commission Regulation 145.9(d), Eris Exchange, LLC (“Eris Exchange”) respectfully requests confidential treatment under the Freedom of Information Act (the “FOIA”), 5 U.S.C. § 552, for the Bounded Futures Liquidity Incentive Program Self Certification (Eris Exchange, LLC Submission #2021-05E). Pursuant to Commission Regulation 145.9(d)(5), Eris Exchange respectfully requests that confidential treatment be maintained until further notice.

Eris Exchange is requesting confidential treatment for the information pursuant to Commission regulation 145.9(d)(ii), which provides that confidential treatment may be requested on the grounds that disclosure would reveal trade secrets or confidential commercial or financial information. Under settled case law, there is a presumption of confidentiality for commercial information that is (1) provided voluntarily, and (2) is of a kind the provider would not customarily make available to the public, or where disclosure would cause substantial harm to the competitive position of the person from whom the information was obtained.¹ Eris Exchange provided the confidential System and Organization Controls Report to the Commission in connection with the above-referenced submission. The System and Organization Controls Report is proprietary information and would not customarily be made available to the public. Further, disclosure of the System and Organization Controls Report would cause significant competitive harm to Eris Exchange.

This request is not to be construed as a waiver of any other protection from disclosure or confidential treatment accorded by law, and Eris Exchange will rely on and invoke any such confidentiality protection. Eris Exchange requests notification from the Commission in advance of any disclosure of the System and Organization Controls Report pursuant to the FOIA or the Commission’s Rules of Practice so that this request for confidential treatment may be substantiated.

Sincerely,

/s/
