**RE: Termination of the U.S. Dollar Swaptions Incentive Program
CME Submission No. 18-297**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to terminate the U.S. Dollar Swaptions Incentive Program ("Program"). The Program will be terminated on July 24, 2018.

Exhibit 1 sets forth the terms of the Program. Modifications appear below, with deletions ~~overstruck~~.

CME reviewed the derivatives clearing organization core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, CME staff identified the following Core Principles as potentially being impacted: Financial Resources, Participant and Product Eligibility, Rule Enforcement, Recordkeeping, and Public Information.

The incentives in the Program will have a non-material impact on the financial resources of CME. As such, the Program will not prevent CME from demonstrating that it has adequate financial, operational, and managerial resources to discharge its responsibilities as a derivatives clearing organization. Further, the incentives provided under the Program will not impact CME's ability to perform its monitoring or enforcement obligations under the CEA. Chapter 4 of the CME rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program will be subject to these rules. Participants in the Program will be selected by CME staff using criteria as set forth in Exhibit 1. All participants must execute a contractual agreement with CME in which each participant will expressly agree to comply with, and be subject to, applicable regulations and CME rules. Additionally, the Program is subject to CME's record retention policies, which comply with the CEA. The Program will be publicly posted on CME's website.

Pursuant to Section 5c(c) of the CEA and CFTC Regulation 40.6(a), the Exchange hereby certifies that this Program complies with the CEA, including regulations thereunder. There were no substantive opposing views to this proposal.

CME certifies that this submission has been concurrently posted on CME's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
