## **2. EXERCISE AND ASSIGNMENT PROCESS**

### **2.1 General**

- (a) Swaption Exercise Notices by a Participant (or Non-Participant Party) that is a Swaption Buyer shall be delivered only in accordance with the Rules and these Exercise Procedures, notwithstanding anything to the contrary in any Relevant Index Swaption Untranching Terms Supplement.
- (b) Subchapter 26R of the Rules and these Exercise Procedures shall prevail over the general timing and process for notices set out in the Rules with respect to Swaption Exercise Notices and assignments thereof.

### **2.2 Exercise and Assignment**

- (a) ICE Clear Credit shall, after the time ICE Clear Credit ceases to accept additional Trades in Index Swaptions for clearing on the

Business Day prior to the Expiration Date of an Index Swaption, net all Open Positions in the House Account of such Participant with the same Desk ID in such expiring Index Swaption.

- (b) ICE Clear Credit shall, after the time ICE Clear Credit ceases to accept additional Trades in Index Swaptions for clearing on the Business Day prior to the Expiration Date of an Index Swaption, net all Open Positions in the Client Origin Account of a Participant with the same Desk ID of an individual Non-Participant Party in such expiring Index Swaption.
- (c) An Open Position in an Index Option may be exercised by the Exercising Party during the Exercise Period in whole or in part, in one or more exercises. ICE Clear Credit may require any partial exercise to be in a specified notional amount (such amount, an “**Exercise Block**”) or an integral multiple thereof. If not specified, the Exercise Block will be 0.01 in the currency of denomination.
- (d) In order to exercise an Index Swaption, the Exercising Party must deliver (or be deemed to have delivered) a Swaption Exercise Notice to ICE Clear Credit during the Exercise Period, in the manner specified in these Exercise Procedures, specifying the notional amount being exercised (the “**Exercised Notional Amount**”).
- (e)
  - (i) ICE Clear Credit may establish a Pre-Exercise Notification Period in respect of expiring Index Swaptions for a particular Expiration Date. During a Pre-Exercise Notification Period, an Exercising Party may submit to ICE Clear Credit preliminary Swaption Exercise Notices, and modify or withdraw previously submitted Preliminary Swaption Exercise Notices (such notices, as modified or withdrawn, “**Preliminary Swaption Exercise Notices**”). Except under the circumstances described in subparagraph 2.2(i) below, Preliminary Swaption Exercise Notices will not be binding on the Exercising Party or ICE Clear Credit. Preliminary Swaption Exercise Notices are subject to validation as provided in subparagraph (f) below.
  - (ii) In connection with (and prior to) any such Pre-Exercise Notification Period, ICE Clear Credit may identify each Exercising Party’s “in the money” Index Option Open Positions for the relevant Expiration Date and submit, on behalf of the Exercising Party, Preliminary Swaption Exercise Notices for all such in the money positions. Without limiting clause (e)(i) above, any such Preliminary Swaption Exercise Notice submitted by ICE Clear Credit for an Exercising Party may be modified or withdrawn by the Exercising Party during the Pre-Exercise Notification Period. Whether an Index Option Open Position is “in the money” will be determined by ICE Clear Credit based on the last available end-of-day price for the

underlying index Contract prior to the start of the Pre-Exercise Notification Period, and where relevant, also based on the last available end-of-day price prior to the start of the Pre-Exercise Notification Period for any single name constituent Contract of the underlying index with respect to which an Existing Restructuring has occurred.

- (f) Submission by an Exercising Party of a Swaption Exercise Notice during the Exercise Period will be irrevocable and binding on the Exercising Party; provided that ICE Clear Credit may reject any Swaption Exercise Notice that is not validated in accordance with this paragraph. ICE Clear Credit will validate the Swaption Exercise Notice based on the Exercise Block (if applicable), Exercised Notional Amount, and any previous Swaption Exercise Notice submitted for the Index Swaption. ICE Clear Credit considers the following Swaption Exercise Notices to be invalid: a) Swaption Exercise Notices having Exercised Notional Amounts of less than zero, b) Swaption Exercise Notices having Exercised Notional Amounts greater than the notional amount of the Index Swaption, and c) Swaption Exercise Notices for which the Exercised Notional Amount is less than the notional amount of the Index Swaption and is not an integer multiple of the Exercise Block. Once validated by ICE Clear Credit, a Swaption Exercise Notice will be deemed accepted by ICE Clear Credit and binding on ICE Clear Credit and the Exercising Party (and, in the case of a Non-Participant Party, its Participant). ICE Clear Credit will confirm valid Swaption Exercise Notices to the submitting Exercising Party. A Swaption Exercise Notice that is rejected as not valid will be of no effect for purposes of the Rules and these Exercise Procedures. ICE Clear Credit will inform the submitting Exercising Party of invalid Swaption Exercise Notices that have been rejected. For the avoidance of doubt, following rejection of an invalid notice, an Exercising Party may resubmit a corrected Swaption Exercise Notice within the Exercise Period, subject to compliance with the provisions hereof.
- (g) If an Exercising Party has submitted a Swaption Exercise Notice with an Exercised Notional Amount less than the notional amount of the Index Swaption (i.e., a partial exercise), it may submit during the Exercise Period a subsequent Swaption Exercise Notice increasing the Exercised Notional Amount. For the avoidance of doubt, an Exercising Party shall not be entitled to reduce the Exercised Notional Amount of a Swaption Exercise Notice once submitted.
- (h) At intervals within the Exercise Period, ICE Clear Credit may, but will not be obligated to, estimate the notional amount that it will assign to each Open Position in an Index Swaption of a Swaption Seller. Estimated assignments are based on the pro-rata portion of the

notional amount of each Open Position in the Index Swaption of a Swaption Seller, relative to the total notional amount of all Open Positions of Swaption Sellers in the Index Swaption. Estimated assignments are made across all Open Positions of Participants that are Swaption Sellers in the relevant Index Swaption (across both the House Account and all Non-Participant Portfolios carried in the Client Origin Account of such Participants). Any such estimates are provided by ICE Clear Credit as a courtesy solely for informational purposes, will not necessarily be consistent with the final assignments made under the Rules and these Exercise Procedures and are not binding on ICE Clear Credit.

- (i) Notwithstanding paragraph (f) above, if an Exercising Party (or ICE Clear Credit on its behalf pursuant to paragraph (e)(ii)) has submitted a Preliminary Swaption Exercise Notice in respect of an Index Swaption (and such notice remains in effect as of the end of the Pre-Exercise Notification Period), and did not submit a Swaption Exercise Notice in respect of that Index Swaption or withdraw the Preliminary Swaption Exercise Notice during the Exercise Period, the Exercising Party shall be deemed to have submitted a Swaption Exercise Notice in respect of that Index Swaption with the Exercised Notional Amount specified under such Preliminary Swaption Exercise Notice.
- (j) After the Exercise Period ends, ICE Clear Credit shall determine final assignments to Open Positions in Index Swaptions of Swaption Sellers. Assignments are based on the pro-rata portion of the notional amount of each Open Position in the Index Swaption of a Swaption Seller, relative to the total notional amount of all Open Positions of Swaption Sellers in the Index Swaption. Assignments are made across all Open Positions of Participants that are Swaption Sellers in the relevant Index Swaption (across both the House Account and all Non-Participant Portfolios carried in the Client Origin Account of such Participants). Such pro rata portions may be adjusted up or down to maximize the number of assignments that are integer multiples of a notional amount chosen by ICE Clear Credit (such an amount, the “**Assignment Block**”). No assignment for Open Position in Index Swaptions of Swaption Sellers shall be adjusted from the pro rata level by more than one Assignment Block. For the avoidance of doubt, accepted Swaption Exercise Notices are not adjusted.
- (k) As provided in the Rules, each final assignment to a Participant in respect of its position as a Swaption Seller in an Index Swaption shall constitute the exercise by ICE Clear Credit, as swaption buyer, of such Index Swaption. ICE Clear Credit shall not be required to provide any other exercise notice in respect of such exercise.

- (l) Promptly following the final assignments, ICE Clear Credit will notify Participants thereof. For this purpose, by 6 p.m. on the Expiration Date, ICE Clear Credit will provide a report (an “**Exercise Report**”) to each Participant showing all Open Positions exercised by it in respect of its House Account and Client Origin Account and all final assignments to Open Positions in its House Account and Client Origin Accounts in respect of each Index Swaption expiring on such Expiration Date.

### **2.3 Exercise Limitations**

- (a) ICE Clear Credit may impose limitations as to the speed, frequency or notional amounts in which an Index Option may be exercised at particular times during the Exercise Period, and may provide for different levels or types of limitations at different times during the Exercise Period.
- (b) ICE Clear Credit shall not be responsible for any inability or failure of a Participant or Non-Participant Party to exercise any Index Swaption, in whole or in part. Each Exercising Party is responsible for monitoring applicable submission requirements, exercise limitations and deadlines and for ensuring it has submitted valid Swaption Exercise Notices in sufficient time to effect all desired exercises of Index Swaptions.

### **2.4 Party Entitled to Exercise; Non-Participant Parties**

- (a) Only the Exercising Party with respect to an Index Swaption shall be entitled to provide Preliminary Swaption Exercise Notices or Swaption Exercise Notices to ICE Clear Credit in respect thereof. Accordingly, a Participant shall not be entitled to provide a Preliminary Swaption Exercise Notice or Swaption Exercise Notice on behalf of Non-Participant Parties for which it carries Index Swaptions. A Non-Participant Party will only be permitted to exercise an Index Swaption in a portfolio belonging to the Non-Participant Party. Each Non-Participant Party acknowledges and agrees that it will be responsible for submitting its own Preliminary Swaption Exercise Notices and Swaption Exercise Notices and will not be able to rely on its Participant or ICE Clear Credit to do so on its behalf.
- (b) Notwithstanding anything to the contrary in paragraph 2.4(a), a Participant may elect, in furtherance of its rights under Rule 304(c) as a result of a default or termination event with respect to a Non-Participant Party for which it carries an Index Swaption, (i) to exercise such Index Swaption on behalf of the Non-Participant Party for the purpose of liquidating or closing out such position or (ii) to convert such Index Swaption into a House Position.

- (c) In furtherance of (and without limiting) Rule 406(k), each Participant shall be required to obtain the agreement of each Non-Participant Party for which it carries an Open Position in Index Swaptions to the provisions of the Rules and Exercise Procedures applicable to Index Swaptions (including this paragraph 2.4) and hereby represents and warrants to ICE Clear Credit that it has obtained such agreement.
- (d) Without limiting the obligations of any Exercising Party under the Rules or these Exercise Procedures, ICE Clear Credit may require additional agreements or documentation from Exercising Parties in connection with the exercise of Index Swaptions.

## 2.5 Electronic Notice Process

- (a) ICE Clear Credit will establish an electronic system (the “**Exercise System**”) pursuant to which Participants may electronically submit Preliminary Swaption Exercise Notices (including modifications and withdrawals thereof) and Swaption Exercise Notices and pursuant to which Participants will receive from ICE Clear Credit estimated (if any) and final assignments of Swaption Exercise Notices to their Open Positions.
- (b) Unless otherwise determined by ICE Clear Credit pursuant to paragraph 2.6 below, Swaption Exercise Notices shall only be submitted through the Exercise System pursuant to the Electronic Notice Process. Notices sent through any other means shall be invalid and ineffective.
- (c) Electronic Notices will be effective when received in and processed by the Exercise System, pursuant to paragraph 2.2. ICE Clear Credit’s records as to the receipt and processing (and time of receipt and processing) of any Electronic Notice shall be conclusive.

## 2.6 Exercise System Failure

In the event of an Exercise System Failure affecting an Exercise Period, ICE Clear Credit shall give notice thereof to all Participants and shall, at ICE Clear Credit’s election, ~~(i) cancel and reschedule the Exercise Period (which may include scheduling a new Pre-Exercise Notification Period), in which case any Preliminary Swaption Exercise Notices and Swaption Exercise Notices submitted prior to such cancellation shall be of no effect and Exercising Parties will need to resubmit Swaption Exercise Notices during the rescheduled Exercise Period;~~ (ii) determine that automatic exercise pursuant to paragraph 2.8 below will apply; and/or (iii) take such other action as ICE Clear Credit shall determine to be appropriate to permit Exercising Parties to effectively submit Swaption Exercise Notices and to permit ICE Clear Credit to effectively assign Swaption Exercise Notices to other

Participants. This provision is without limitation of any other rights or powers of ICE Clear Credit under the Rules.

## 2.7 Party Communication Failure

If an Exercising Party provides notice to ICE Clear Credit of a Party Communication Failure in respect of an Exercise Period, in circumstances in which paragraph 2.6 does not also apply, ICE Clear Credit shall either (i) follow paragraph 2.2 (including paragraph 2.2(i)) above notwithstanding such Party Communication Failure; or (ii) take such other action as ICE Clear Credit shall determine to be appropriate to permit such Exercising Party to effectively submit Swaption Exercise Notices and to permit ICE Clear Credit to effectively assign such Swaption Exercise Notices to other Participants. This provision is without limitation of any other rights or powers of ICE Clear Credit under the Rules.

## 2.8 Automatic Exercise for Exercise System Failure

- (a) If automatic exercise applies pursuant to paragraph 2.6, ICE Clear Credit will automatically and without further notice or action by any Exercising Party exercise on the Expiration Date in whole each Open Position of all Exercising Parties in an Index Swaption that is determined by ICE Clear Credit to be “in the money” on such date. Whether an Index Swaption is in the money will be ~~determined by ICE Clear Credit~~ based on the relevant market-observed prices for the underlying CDS Contract determined by ICE Clear Credit using the intraday market data available to it at the time, or average of the end-of-day price of the underlying CDS Contract on the preceding Business Day and the end-of-day price of the underlying CDS Contract on the Expiration Date established at any ICE clearinghouse, and where relevant, also based on the last available ICE average of the end-of-day price on the preceding Business day and the end-of-day price on the Expiration Date of each single name constituent Contract with respect to which an Existing Restructuring has occurred. Upon such exercise, ICE Clear Credit shall allocate exercised Index Swaptions in accordance with paragraph 2.2(i).
- (b) Except as provided in this paragraph 2.8, Index Swaptions will not be automatically exercised on the Expiration Date.
