Re: CFTC Regulation 40.6(a) Certification. Notification Regarding Amendments to CME Rulebook Chapters 600 (“Cleared OTC Non-Deliverable Forward FX Products”) and 8-F (“Over-the-Counter Derivative Clearing”) and CME, CBOT, NYMEX/COMEX Rule 900. (“Categories of Clearing Members”). COMEX Submission No. 19-313 (5 of 5)

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC” or “Commission”) Regulation 40.6(a), Chicago Mercantile Exchange Inc. (“CME”), in its capacities as both a designated contract market (“DCM”) (“CME Exchange”) and a derivatives clearing organization (“DCO”), The Board of Trade of the City of Chicago, Inc. (“CBOT”), New York Mercantile Exchange, Inc. (“NYMEX”), and Commodity Exchange, Inc. (“COMEX”) (collectively, the “Exchanges”) hereby notify the CFTC that they are self-certifying amendments to CME, CBOT, and NYMEX/COMEX Rule 900. (“Categories of Clearing Members”) and CME Rulebook Chapters 600 (“Cleared OTC Non-Deliverable Forward FX Products”) and 8-F (“Over-the-Counter Derivative Clearing”) (collectively, the “Rule Amendments”) to provide further clarity regarding over-the-counter (“OTC”) clearing member categories and to be effective August 29, 2019.

CME Rule Chapter 8-F contains rules relevant to OTC Derivatives Clearing Members. CME proposes revisions to clarify the membership criteria for firms that seek to directly clear OTC FX instruments without first becoming a CME Exchange Clearing Member. Revisions to CME Rule 8F002 confirm that an applicant can become an OTC FX Clearing Member without first becoming a CME Exchange Clearing Member. This approach is consistent with CME’s approach to IRS and, formerly, CDS, Clearing Member applicants. To clarify the application of CME rules to such OTC FX-only Clearing Members, further revisions to CME Rule 8F002 establish that every OTC FX Clearing Member is subject to the CME Rules, including disciplinary and arbitration provisions. The revisions to CME Rule 60002 amend the definition of “FX Clearing Member” for consistency with CME Chapter 8-F references. In addition, CME proposes revisions in Chapter 8-F to update references and terms.

Revisions to CME, CBOT, and NYMEX/COMEX Rule 900. specify, for the avoidance of doubt, the Exchanges’ right to establish categories of clearing membership. These rule revisions are intended to clarify existing powers and practices and will not impact Exchange operations.

The aforementioned amendments do not substantively alter the rights, obligations or operations of the Exchanges.

The Exchanges reviewed the DCO core principles (“DCO Core Principles”) and the DCM core principles (“DCM Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or the “Act”) and identified that the Rule Amendments may have some bearing on the following principles:

- DCO Core Principle C - Participant and Product Eligibility: The Rule Amendments are consistent with the requirement to establish membership eligibility criteria that are objective and publicly disclosed.
- DCO Core Principle L – Public Information and DCM Core Principle 7 – Availability of General Information: The rulebook chapter changes will be added to the publicly available Rulebooks available on the CME Group website. In addition, the Exchanges will release a notice to the marketplace regarding the amendments in advance of the effective date which will also be posted on the CME Group website.

Exhibits A through C, which are attached hereto, set forth the Rule Amendments, with additions underscoring and deletions ~~overstruck~~.

The Exchanges certify that this submission has been concurrently posted on the CME Group website at <http://www.cmegroup.com/market-regulation/rule-filings.html>. There were no substantive opposing views to the Rule Amendments.

Should you have any questions concerning the above, please contact the undersigned at (212) 299-2200 or via e-mail at CMEGSubmissionInquiry@cmegroup.com

Sincerely,

/s/ Christopher Bowen
Managing Director & Chief Regulatory Counsel

CME Rulebook Chapter 8-F Over-the-Counter Derivative Clearing

(additions are underscored; deletions are ~~struck through~~)

8F001. SCOPE OF CHAPTER

This chapter sets forth the rules governing clearing and settlement of all products, instruments, and contracts in Over-The-Counter Derivatives, including, but not limited to, swaps and forward rate agreements, that the Clearing House has designated as eligible for clearing. OTC Clearing Members are also subject to all applicable Rules in the CME, CBOT, ~~and/or~~ NYMEX and/or COMEX Rulebooks that apply to CME, CBOT, NYMEX or COMEX Clearing Members as applicable, unless an exemption from such rule has been granted by staff or the Clearing House Risk Committee.⁺ In the event there is a conflict between a rule in this Chapter 8-F and another rule in the Rulebooks, the Chapter 8-F Rule shall supersede the conflicting rule with respect to OTC Derivatives transactions.

8F002. DEFINITIONS

BASE OTC CLEARING MEMBER

A Base OTC Clearing Member is an entity that has been approved by CME to clear OTC Derivatives that are Base Guaranty Fund Products.

OTC FX CLEARING MEMBER

An OTC FX Clearing Member is a Clearing Member that has been approved by CME to clear OTC FX Products, as defined in CME Rule 60002. Unless an OTC FX Clearing Member is also approved to clear other Base Guaranty Fund Products, such entity is not required to own, hold or lease any Exchange membership solely as a precondition to OTC FX Clearing Membership. Notwithstanding the foregoing, an OTC FX Clearing Member that does not hold or lease one or more Exchange memberships shall continue to be responsible for violations of Exchange Rules as a Base OTC Clearing Member and agrees to have any disputes that relate to or arise out of any transaction cleared by the Exchange during the time in which the entity is approved as a Base OTC Clearing Member resolved in accordance with Exchange Rules, including but not limited to the arbitration provisions of Chapter 6. For avoidance of doubt, each OTC FX Clearing Member is a 'member' as defined at Rule 601.A.4, a Base OTC Clearing Member and an OTC Clearing Member.

OTC CLEARING MEMBER

An OTC Clearing Member is an entity that has been approved by CME to clear OTC Derivatives. An OTC Clearing Member that is not also a CME, CBOT, NYMEX or COMEX Clearing Member may not clear CME, CBOT, NYMEX or COMEX transactions, as applicable, other than OTC Derivatives.

Subject to approval by CME Clearing or the Clearing House Risk Committee, CME, CBOT, NYMEX and COMEX Clearing Members may be afforded full rights and privileges to trade and clear OTC Derivatives that are listed for clearing by CME, CBOT, NYMEX or COMEX, as applicable. Such CME, CBOT, NYMEX and COMEX Clearing Members shall then be considered "OTC Clearing Members," as applicable, for purposes of the Rules. This chapter shall be applicable to entities that are approved as "OTC Clearing Members" and CME, CBOT, NYMEX and COMEX Clearing Members approved to clear OTC Derivatives.

OTC DERIVATIVES

~~Agreements, contracts, or transactions excluded from the Commodity Exchange Act by section 2(c), 2(d), 2(f), or 2(g) of the CEA, or by U.S.C. §§27 to 27f, or exempted under section 4(c) of the CEA, or other over-the-counter derivative instruments (as defined in the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. §4421(2)).~~

Agreements, contracts or transactions that the Clearing House clears as 'swaps', as that term is defined under the Commodity Exchange Act.

OTC DERIVATIVE PRODUCT CATEGORY

Each category and sub-category of OTC Derivatives as determined by the Clearing House for default management purposes.

CLOSE-OUT AMOUNT

The amount of losses and costs of the CME that are or would be incurred by the CME, net of any gains

⁺ Revised July 2008.; December 2016

8F003. CLASSIFICATION OF POSITIONS²

All Clearing Members must comply with the requirements set forth in CME Rule 971 for such Cleared Swaps Customer Accounts.

Notwithstanding the foregoing, if the CFTC issues an order permitting OTC Clearing Members to commingle customer funds used to margin particular OTC Derivatives that are cleared by CME with other funds held in CEA Section 4d(a)(2) customer segregated accounts, such positions may be held in the customer segregated accounts of an OTC Clearing Member and, if so held, all collateral deposited as performance bond to support such positions and all settlement variation payments made to such accounts shall be commingled with similar property of regulated customers.
