Ms. Melissa Jurgens  
Office of the Secretariat  
Commodity Futures Trading Commission  
Three Lafayette Centre  
1155 21st Street, N.W.  
Washington, D.C. 20581

**RE: Modifications to NYMEX European and Asian Petroleum Products Gateway  
Incentive Program  
NYMEX Submission No. 14-344**

Dear Ms. Jurgens:

New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") of proposed modifications to the NYMEX European and Asian Petroleum Products Gateway Incentive Program ("Program"). The proposed modifications to the Program will become effective on September 1, 2014.

Exhibit 1 sets forth the terms of the Program. The modifications appear below with additions underscored and deletions ~~overstruck~~.

NYMEX reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program and proposed modifications will not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange's market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. The products included in this Program are listed for trading in the open and competitive market. The incentives available under the Program will apply to transactions by participants via any of NYMEX's execution and/or clearing venues, including the pit and our central limit order book. Therefore, the incentives under this Program protect any price discovery taking place in the centralized market. Participants in the Program will be selected by NYMEX staff using criteria set forth in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with NYMEX in which each participant agrees to comply with and be subject to, applicable regulations and NYMEX rules. The Program is subject to the Exchange's record retention policies which comply with the CEA.

NYMEX certifies that the Program and proposed modifications comply with the CEA and the regulations thereunder. There were no substantive opposing views to this Program or its proposed modifications.

NYMEX certifies that this submission has been concurrently posted on the NYMEX website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you require any additional information regarding this submission, please contact Tim Elliott at 312-466-7478 or via e-mail at [tim.elliott@cmegroup.com](mailto:tim.elliott@cmegroup.com), or contact me at 212-299-2200. Please reference our NYMEX Submission No. 14-344 in any related correspondence.

Sincerely,

/s/ Christopher Bowen  
Managing Director and Chief Regulatory Counsel

Attachment: Exhibit 1

# EXHIBIT 1

## NYMEX European and Asian Petroleum Products Gateway Incentive Program

### Program Purpose

The purpose of this Program is to encourage large market participants to increase their volume in the products listed below, enhancing market liquidity for those products. A more liquid contract benefits all participants in the market.

### Product Scope

All of the products listed below, regardless of NYMEX execution or clearing venues, are included in the overall Program (“Products”). However, participation will be on a product grouping basis. Each of the twelve (12) product groups is set out below (each a “Product Group”):

### Crude Oil

## Eligible Participants

NYMEX may select up to ten (10) participants for each of the Product Groups. Participants can be a NYMEX member or non-member trading firm. In determining whether or not a prospective applicant is selected to participate in the Program and a particular Product Group, NYMEX staff may take into

account a variety of factors including the prospective participant's overall experience and historical volume traded and/or cleared in the Products and experience in other energy contracts traded on or cleared by NYMEX. NYMEX may, from time to time, add or subtract from the aforementioned factors as it deems necessary.

### **Program Term**

Start date is January 31, 2012. End date is June 30, 2015.

### **Hours**

N/A

### **Program Obligations**

*New Participants.* For each participant admitted to the Program on or after July 1, 2014, ("New Participant"), NYMEX will calculate the New Participant's average cross-venue monthly trading volume in the applicable Product Group measured over the six (6) calendar month period prior to selection into the Program ("NP Measurement Volume"). After the first three (3) calendar months of participation ("Initial Period"), each calendar month that a respective New Participant (i) increases its combined average monthly volume for the applicable Product Group by at least fifty percent (50%) over its NP Measurement Volume, and (ii) meets the applicable Product Group threshold requirement in accordance with the chart below, the applicable New Participant will receive the incentives set forth below.

*Continuing Participants.* For each participant enrolled in the Program as of June 30, 2014, ("Continuing Participant") NYMEX will calculate the Continuing Participant's average cross-venue monthly trading volume in the applicable Product Group measured over the first six (6) calendar months of 2014 ("CP Measurement Volume"). Each calendar month that a respective Continuing Participant (i) achieves its CP Measurement Volume, and (ii) meets the applicable Product Group threshold requirement in accordance with the chart below, the applicable Continuing Participant will receive the incentives set forth below.

#### **MONTHLY VOLUME (Sides)**

<b>Product Group</b>	Crude	Distillates	Fuel Oil	Gasoline	Naptha	Propane
<b>Asian Threshold</b>	<del>1200</del> 300	<del>4200</del> 300	<del>500</del> 400	<del>400</del> 300	<del>200</del> 100	<del>50</del> 40
<b>European Threshold</b>	<del>1000</del> 300	<del>750</del> 300	<del>2000</del> 600	<del>750</del> 500	<del>675</del> 400	<del>75</del> 40

\*Mini contract volume will be normalized by 10 in order not to distort thresholds.

Continuing Participants and New Participants (not including those in the Initial Period) that do not qualify for the Program incentives for three (3) consecutive calendar months will be subject to a review of their participation in the Program and may be removed from the Program. If non-qualification continues for an additional two (2) months, participants will be removed from the Program.

### **Program Incentives**

For each calendar month, participants will be eligible for reduced trading and clearing fee incentives whereby participants will be charged a reduced fee rate for contracts traded and/or cleared in their applicable Product Group. The reduced fee levels are predetermined by NYMEX.

### **Monitoring and Termination of Status**

NYMEX shall monitor trading activity and participants' performance and shall retain the right to revoke Program participant status if it concludes from review that a Program participant no longer meets the eligibility requirements.
