Re: ICAP SEF (US) LLC – Regulation 40.6 Rule Certification – Revised Fee Schedule

Ladies and Gentlemen:

Pursuant to Section 5c(c) of the Commodity Exchange Act (the "Act") and Section 40.6(a) of the regulations of the Commodity Futures Trading Commission (the "Commission"), ICAP SEF (US) LLC (the "SEF") hereby notifies the Commission that it is publishing a revised fee schedule (the "Fee Schedule") revising, among other things, certain aspects of the SEF's discount program (the "Program"). The SEF has not revised the discount appendix to the Fee Schedule. The revisions to the Fee Schedule are limited to changing the amount of fees due for certain access programs and adding a new discount for certain access programs.

A clean copy of the Fee Schedule is attached hereto as Exhibit A, and a copy of the Fee Schedule marked to show changes against the version last submitted to the Commission is attached hereto as Exhibit B. A request for confidential treatment of the Fee Schedule is being simultaneously submitted to the Commission and a copy of that request for confidential treatment is included with this submission.

The revised Fee Schedule will become effective on September 1, 2016.

The SEF certifies that the Program and revised Fee Schedule comply with the requirements of the Act and the rules and regulations promulgated thereunder. The SEF has reviewed the swap execution facility core principles ("Core Principles") as set forth in the Act and has determined that each of the Program and the Fee Schedule complies with the requirements of impartial access in Core Principle 2 and Commission Regulation 37.202 because all fees and any discounts will be applied on an impartial, fair and non-discriminatory manner, and the Program will be made transparent to all Participants. In compliance with Core Principle 2 and Commission Regulation 37.200, the Program does not incentivize manipulative trading or market abuse or impact the SEF's ability to perform its trade practice and market surveillance obligations under the Act, and the SEF's Market Regulation staff will continue to monitor trading to prevent manipulative trading and market abuse. The Program also complies with the requirements for monitoring and trade processing in Core Principle 4 and Commission Regulation 37.401, and the recordkeeping and reporting requirements in Core Principle 10 and Commission Regulations 37.1000 and 37.1001. The SEF has implemented systems to track Program participants' transactions to ensure proper fee discounts are applied.

The SEF is not aware of any substantive opposing views expressed with respect to this filing and certifies that, concurrent with this filing, a copy of this submission was posted on the SEF's website and may be accessed at:
