Re: Cboe Futures Exchange, LLC Rule Certification
Submission Number CFE-2018-019

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended (“Act”), and §40.6(a) of the regulations promulgated by the Commodity Futures Trading Commission (“Commission”) under the Act, Cboe Futures Exchange, LLC (“CFE” or “Exchange”) hereby submits a CFE rule amendment (“Amendment”) to establish the Cboe[®] iBoxx[®] iShares[®] Bond Index Futures¹ Lead Market Maker Program (“LMM Program”). The Amendment is set forth in a segregated confidential Appendix A to this submission. The Amendment will become effective on or after September 10, 2018, on a date to be announced by the Exchange through the issuance of an Exchange notice.

Any CFE Trading Privilege Holder (“TPH”) organization may apply to the Exchange for appointment as a lead market maker (“LMM”) in the LMM Program for futures on iBoxx[®] iShares[®] Bond Indexes (“CB Indexes”). The Exchange may approve up to five LMMs for CB Index futures. TPHs shall be selected by the Exchange based on the Exchange’s judgment as to which applicants are most qualified to perform the functions of an LMM for CB Index futures based on specified criteria. The LMM Program provides for market performance benchmarks that LMMs must be satisfy in order to receive specified benefits. The market performance benchmarks include parameters with respect to minimum two-sided quote size and maximum quote width. The market performance benchmarks are applicable during CB Index futures trading hours. The benefits under the LMM Program are intended to attract and retain liquidity providers in CB Index futures. Exhibit 1 to this submission includes a description of the LMM Program which CFE will include in Policy and Procedure XV of the Policies and Procedures Section of the CFE Rulebook. The Exchange believes that the market performance benchmarks and associated benefits under the LMM Program strike the appropriate balance to incentivize and retain liquidity providers in CB Index futures.

The LMM Program expires on December 31, 2019, unless the LMM Program is extended by the Exchange. CFE may determine to extend the term of the LMM Program and LMM appointments under the LMM Program, allow the LMM Program and LMM appointments under the LMM Program to expire, terminate the LMM Program and all LMM appointments under the

¹ See Exhibit 2 for disclaimers and trademarks with respect to Cboe[®] iBoxx[®] iShares[®] \$ High Yield Corporate Bond Index futures relating to and of Markit Indices Limited and BlackRock Fund Advisors. CFE may also list futures on one or more additional iBoxx[®] iShares[®] Bond Indexes (“Corporate Bond Indexes” or “CB Indexes”).

LMM Program at any time, or replace the LMM Program with a different market maker program at any time. Any of these actions, other than allowing the LMM Program to expire, would be done through a subsequent rule amendment submission to the Commission.

CFE believes that the Amendment is consistent with Designated Contract Market Core Principles 2 (Compliance with Rules), 4 (Prevention of Market Disruption), 9 (Execution of Transactions), and 12 (Protection of Markets and Market Participants) under Section 5 of the Act. All LMMs in the LMM Program are obligated by CFE Rule 308 to comply with Exchange rules and are required under the terms of the LMM Program to utilize Exchange match trade prevention functionality under CFE Rule 406B with respect to trading in CB Index futures. The Exchange will also surveil for wash trading by LMM Program participants. Exchange rules include prohibitions against fraudulent, non-competitive, unfair, and abusive trading practices, and the Exchange will monitor trading in CB Index futures for violative activity such as manipulative trading and market abuse. The Exchange believes that the LMM Program will have a positive impact on the price discovery process by fostering improved liquidity, market width and size, and volume in CB Index futures traded on CFE's centralized market and will incentivize market participants to devote their efforts to enhancing market quality in CB Index futures. Enhanced market quality benefits all participants in the CB Index futures market. Accordingly, CFE believes that the impact of the Amendment will be beneficial to the public and market participants.

CFE is not aware of any substantive opposing views to the Amendment. CFE hereby certifies that the Amendment complies with the Act and the regulations thereunder. CFE further certifies that it has posted a notice of pending certification with the Commission and a copy of this submission on CFE's Web site (<http://cfe.cboe.com/aboutcfe/rules.aspx>) concurrent with the filing of this submission with the Commission.

Questions regarding this submission may be directed to Arthur Reinstein at (312) 786-7570 or Nicole Gordon at (312) 786-8109. Please reference our submission number CFE-2018-019 in any related correspondence.

XV. ~~RESERVED~~ Cboe® iBoxx® iShares® Bond Index Futures Lead Market Maker Program

The Cboe® iBoxx® iShares® Bond Index (“CB Index”) Futures Lead Market Maker Program (“Program”) is applicable with respect to CB Index futures.

Trading Privilege Holder (“TPH”) organizations may apply to the Exchange for appointment as a lead market maker (“LMM”) in the Program. The Exchange may approve up to five TPHs as LMMs in the Program. Any TPH that desires to apply for LMM status in the Program should submit an application in the form of a letter outlining the organization’s qualifications and commitments. TPHs shall be selected by the Exchange based on the Exchange’s judgment as to which applicants are most qualified to perform the functions of an LMM under the Program. Factors to be considered in making this selection may include, but are not limited to, satisfaction of the qualifications listed below as well as any one or more of the factors listed in Rule 515(b), as applied to LMM applicants instead of with respect to DPM applicants.

The following describes the qualifications, market performance benchmarks, benefits, and appointment term under the Program unless otherwise specified.

Qualifications

- Experience in trading the iShares® iBoxx® \$ High Yield Corporate Bond ETF and the iShares® iBoxx® \$ Investment Grade Corporate Bond ETF.
- Ability to automatically and systematically provide two-sided markets during CB Index futures trading hours.

Market Performance Benchmarks

- Each LMM shall identify in advance to the Exchange the EFIDs through which the LMM will provide Orders to satisfy the market performance benchmarks under the Program.
- Each LMM is required to utilize Exchange match trade prevention functionality under Rule 406B with respect to trading in CB Index futures.
- Each LMM shall provide Orders in CB Index futures in conformity with specified criteria relating to minimum two-sided quote size and maximum quote width. These criteria apply during CB Index futures trading hours.
- The Exchange may terminate, place conditions upon or otherwise limit a TPH’s appointment as an LMM under the Program or reduce or not make payments to a TPH under the Program if the TPH fails to satisfy the market performance benchmarks under the Program. For example, the Exchange may reduce the applicable monthly incentive or

revenue pool payment to a TPH under the Program through a proration that takes into consideration the extent to which the TPH did not satisfy market performance benchmarks under the Program during the applicable calendar month. However, failure of a TPH to satisfy the market performance benchmarks under the Program shall not be deemed a violation of Exchange rules.

Benefits

- An LMM is eligible to receive specified benefits in connection with acting as an LMM under the Program.

Term

- The Program and each LMM appointment under the Program will expire on December 31, 2019. The Exchange may determine to extend the term of the Program and LMM appointments under the Program, allow the Program and LMM appointments under the Program to expire, terminate the Program and all LMM appointments under the Program at any time or replace the Program with a different market maker program at any time.
