**RE: CFTC Regulation 40.6(a) Certification. Revision to Rule 812 (“Final Settlement Price”).
NYMEX Submission No. 14-352 (3 of 4)**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. (“CME”), The Board of Trade of the City of Chicago, Inc. (“CBOT”), New York Mercantile Exchange, Inc. (“NYMEX”) and Commodity Exchange, Inc. (“COMEX”) (collectively, the “Exchanges”) hereby notify the Commodity Futures Trading Commission (“CFTC” or “Commission”) that they will be adopting a revision to Rule 812 (“Final Settlement Price”) effective Monday, September 15, 2014. The revision limits to ten business days the time period during which a financial adjustment will be permitted after a final settlement price has been publicly disseminated in the event there is a revision to the previously disseminated final settlement price. On an infrequent basis, the Exchanges will determine that an Exchange calculated final price needs to be adjusted. While the Exchange will correct the historical record, financial adjustments based on the revised settlement price will only be permitted if the revised settlement price is issued within ten business days of the initially reported final settlement price. The revision is intended to ensure that parties have financial finality with respect to Exchange issued final settlement prices.

The Market Regulation Department and the Legal Department collectively reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”). During the review, we have identified that the revision to Rule 812 may have some bearing on the following Core Principle:

Availability of General Information: As required by this Core Principle, the Exchanges will publicly disseminate a Special Executive Report to the marketplace in advance of the revision becoming effective.

The revision to Rule 812 appears in Exhibit A. The Exchanges certify that the revision to Rule 812 complies with the Act and the regulations thereunder. There were no substantive opposing views to this proposal.

The Exchanges certify that this submission has been concurrently posted on the Exchanges’ website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you have any questions regarding this submission, please contact me at 212-299-2200 or via e-mail at Christopher.Bowen@cmegroup.com.

Sincerely,

/s/ Christopher Bowen
Managing Director and Chief Regulatory Counsel

812. FINAL SETTLEMENT PRICE

Certain products, as described in the applicable product chapters, have procedures for establishing a final settlement price that are distinct from the procedures for establishing the daily settlement price for the product on the last day of trading. For such products, if a final settlement price is unable to be determined or if the applicable procedures result in a clearly aberrant final settlement price inconsistent with market value and alternative settlement procedures are not otherwise specified in the relevant product chapter, then the Chief Executive Officer, President or Chief Operating Officer, or their delegate, may establish a final settlement price that reflects the true market value at the time of final settlement.

A payment in settlement of a delivery obligation (physical or cash settled) shall not be adjusted after ten business days for any reason, including, without limitation, a calculation error or erroneous and/or incomplete input.
