Re: Freedom of Information Act ("FOIA") Confidential Treatment Request for Information Submitted to the Commodity Futures Trading Commission ("Commission") by ICAP Global Derivatives Limited Pursuant to Commission Regulation 40.6

Ladies and Gentlemen:

ICAP Global Derivatives Limited ("IGDL"), a swap execution facility registered with the Commission, today submitted to the Commission's Division of Market Oversight a rule certification pursuant to Commission Regulation 40.6 in order to certify certain amendments to Confidential Chapter 9 of its Rulebook ("Certification" or "IGDL-2017-R-6"). Attached as Exhibit B to the Certification is the amended version of Confidential Chapter 9, and attached as Exhibit C to the Certification is a marked copy of the amended Confidential Chapter 9 showing changes to the last version submitted to the Commission.

IGDL hereby requests pursuant to Section 145.9 of the Commission's regulations that Exhibit B and Exhibit C to the Certification ("Confidential Documents") be accorded confidential treatment on the grounds that disclosure would reveal IGDL's trade secrets and confidential commercial and financial information and would be of material assistance to IGDL's competitors. Our specification of these grounds for confidential treatment shall not preclude us from identifying additional grounds for confidential treatment at a later time.

Additionally, IGDL requests FOIA confidential treatment of any notes, memoranda or other records created by or at the direction of the Commission, its officers or staff members, that reflect, refer to or relate to the Confidential Documents (the "Confidential Records," and together with the Confidential Documents, the "Confidential Information").

This request for FOIA confidential treatment is sought for an indefinite period.
