**Re: Extension of Henry Hub Options New Participant Capped Fee Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) submits, by written certification, notice that the Exchange is extending the Henry Hub Options New Participant Capped Fee Program (“Program”), which was launched on July 11, 2014 and set to expire on September 30, 2020, through September 30, 2022. As explained in Exhibit A, the Exchange believes that the Program will continue to promote liquidity in the covered products. All other Program terms remain unchanged.

The Exchange certifies that the Program complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a redacted copy of this submission (consistent with the petition for Confidential Treatment filed contemporaneously with the Commission) was posted on the Exchange’s website at (<https://www.theice.com/futures-us/regulation#rule-filings>). The Exchange is not aware of any opposing views respect to the amendments, which will become effective on October 1, 2020.
