Submission No. 16-122
September 16, 2016

Mr. Christopher J. Kirkpatrick
Secretary of the Commission
Office of the Secretariat
Commodity Futures Trading Commission
Three Lafayette Centre
1155 21st Street, NW
Washington, DC 20581

**Re: Extension of NJ Solar Renewable Energy Certificate Volume Incentive Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) submits, by written certification, notice that the Exchange is extending the term of the NJ Solar Renewable Energy Certificate Volume Incentive Program (“Program”) through September 30, 2018, as set forth in Exhibit A. The Exchange believes that the Program, which was launched on February 20, 2015 and set to expire on September 30, 2016, will continue to attract liquidity and interest in the covered contracts. All other terms of the Program terms and conditions remain unchanged. The extension will become effective on October 1, 2016.

The Exchange certifies that the Program continues to comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a redacted copy of this submission (consistent with the petition for Confidential Treatment filed contemporaneously

with the Commission) was posted on the Exchange's website at (<https://www.theice.com/notices/RegulatoryFilings.shtml>).

If you have any questions or need further information, please contact me at 212-748-4021 or at jason.fusco@theice.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Jason V. Fusco". The signature is fluid and cursive, with a long horizontal stroke at the end.

EXHIBIT A

ICE Futures NJSREC Futures Contract Volume Incentive Program

Program Purpose

The purpose of the Program is to incentivize participants to increase liquidity in the products listed below; this enhanced liquidity will benefit all participants in the marketplace.

Product Scope

New Jersey Solar Renewable Energy Certificate (“NJSREC”) futures contracts, all vintages.

Eligible Participants

IFUS may designate an unlimited number of participants in the Program, who may be Exchange members or non-members. In order to be considered for selection into the Program, potential participants must have maintained a sufficient volume in program or other Exchange Environmental contracts over the past three months at the time of application. Notwithstanding the foregoing the Exchange may add or subtract from the aforementioned criteria as it deems necessary.

Program Term

The initial term of the program will end on September 30, 201[6]8.

Obligations

Participants are required to provide the Exchange with information acceptable to the Exchange detailing Participants’ trading activity under the program, and the Exchange may require an additional third party verification report.

Program Incentives

[PARAGRAPH REDACTED]

Monitoring and Termination of Status

The Exchange shall monitor trading activity and Participants’ performance and shall retain the right to revoke Participants’ status if it concludes from review that a Program Participant has failed to meet its obligations or no longer meets the eligibility requirements of this Program.
