Re: Broker Rebate Incentive Program (Eris Exchange, LLC Submission #2016-11)

Dear Mr. Kirkpatrick:

Eris Exchange, LLC ("Eris Exchange" or the "Exchange") hereby submits for self-certification to the Commodity Futures Trading Commission (the "Commission"), under Commission regulation 40.6(a), an extension to the existing Broker Rebate Incentive Program ("Program") effective as of October 27, 2016.

Explanation and Analysis

The amended Exhibit A sets forth the terms of the Program, with deletions and additions indicated.

Description of Rule Changes

Exchange Rule 517 permits the Exchange to establish fee incentive programs. No rule changes are required at this time.

Core Principle Compliance

The Exchange's staff has identified that the following designated contract market core principles ("Core Principles") may be potentially impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, and Compliance with Rules, and Recordkeeping.

The Program's structure does not incentivize manipulative trading or market abuse and does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the Commodity Exchange Act. The Program does not impact order execution priority or otherwise give participants any execution advantage. The Exchange's market regulation staff will monitor trading under the Program to identify and prevent manipulative trading and market abuse.

Products included in this Program are listed for trading in the open and competitive market, and incentives under the Program do not adversely impact price discovery in the centralized market. Incentives under the Program are only available to participants that submit previously-matched trades in the relevant products. The parties to a trade have discretion to select the venue. Brokers earn incentives after venue selection is made. The Program is open to all participants acting in a broker-like capacity.

The Program is subject to trading rules found in the Exchange's Rulebook at Chapter 4, that prohibit fraudulent, non-competitive, unfair or abusive practices; and subject to Chapter 6 that requires, inter alia, minimum size, fair and reasonable pricing, and reporting times for privately negotiated transactions. Furthermore, the Program is subject to the Exchange's record retention policies which comply with the Commodity Exchange Act.
