Re: Volume Discount Program (Eris Exchange, LLC Submission #2014-05)

Dear Mr. Kirkpatrick:

Eris Exchange, LLC (“Eris Exchange” or the “Exchange”) hereby submits for self-certification to the Commodity Futures Trading Commission (the “Commission”), under Commission regulation 40.6(a), its new Volume Discount Program (“Program”). The Program will become effective on November 6, 2014.

Explanation and Analysis

Exhibit 1 sets forth the terms of the Program.

Description of Rule Changes

Exchange Rule 517 permits the Exchange to establish fee incentive programs. No rule changes are required at this time.

Core Principle Compliance

The Exchange’s staff has identified that the following designated contract market core principles (“Core Principles”) may be potentially impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, and Compliance with Rules, and Recordkeeping.

The Program’s incentive structure does not incentivize manipulative trading or market abuse and does not impact the Exchanges’ ability to perform its trade practice and market surveillance obligations under the Act. The Program’s incentives also do not impact order execution. The Exchanges’ market regulation staff will monitor trading under the Program to identify and prevent manipulative trading and market abuse.

Participants in the Program will be selected by the Exchanges’ staff using criteria as further stated in Exhibit A. The Program is subject to trading rules found in the Exchange’s Rulebook, at Chapter 4, that prohibit fraudulent, non-competitive, unfair or abusive practices. Certain trades or trading activity that do not comply with the Exchange’s Rulebook will be disqualified in the Chief Regulatory Officer’s sole discretion.

Furthermore, the Program will be subject to the Exchanges’ record retention policies which comply with the Commodity Exchange Act.

Product Scope

All Eris Standard Swap Futures Contracts available for trading on Eris Exchange (“Contracts”).

Eligible Participants

Multiple participants may be accepted into the Program. Participants are required to have the operational capabilities and readiness to conduct transactions on Eris SwapBook™. Exchange staff will use a variety of factors in determining whether or not a prospective trader is selected to participate in the Program, including, but not limited to, previous experience in trading the Contracts and related interest rate products, and past performance in the Contracts. Participant eligibility shall be determined in the sole discretion of the Exchange.

Program Term

The Program start date will be November 6, 2014. The end date will be December 31, 2015.

Hours

The incentives will apply to all trades made in the Contracts regardless of the execution time.

Program Incentives

For an initial term of six months, participants who achieve a volume threshold each month will receive discounted transaction fees for that month based on a sliding scale (up to \$0.20 reduction per transaction). Participation in the Program may be renewed for an additional term of up to six months ending no later than December 31, 2015.

Monitoring and Termination of Status
