**Re: CFTC Regulation 40.6(a) Certification. Notification Regarding Amendments to CME/CBOT/NYMEX/COMEX Rules in Connection with the NYMEX and COMEX Trading Annex Closure.
CME Submission No. 18-365 (1 of 4)**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC” or “Commission”) Regulation 40.6(a), Chicago Mercantile Exchange Inc. (“CME”), The Board of Trade of the City of Chicago, Inc. (“CBOT”), New York Mercantile Exchange, Inc. (“NYMEX”) and Commodity Exchange, Inc. (“COMEX”) (collectively, the “Exchanges”) hereby notify the Commission that they are self-certifying amendments to various rules (the “Rule Amendments”) in connection with the NYMEX and COMEX Trading Annex closure on November 30, 2018. The Rule Amendments will be effective on Sunday, December 2, 2018 for trade date Monday, December 3, 2018.

Specific information on the Rule Amendments appears below.

NYMEX and COMEX Definitions

The term “Electronic Device” is referenced solely in Rule 507. (“Electronic Devices”) and is being eliminated.

The terms “Floor Broker” and “Floor Trader” are being eliminated as all NYMEX or COMEX members will have their registration as floor brokers and/or floor traders terminated after the close of business on November 30, 2018, in connection with closing the Trading Annex.

The term “Trading Annex” is being modified to denote that NYMEX and COMEX discontinued providing the Annex as of November 30, 2018.

NYMEX and COMEX Chapter 1 (“Membership”)

The term “qualifying clearing member” as used in the rules is directly tied to access to the Trading Annex. Upon closing the Trading Annex, the term qualifying clearing member will be eliminated from most of the rules as qualification by a clearing member firm will no longer apply.

NYMEX and COMEX Chapter 4 (“Enforcement of Rules”)

Several legacy references to the term “Trading Floor” are being replaced with a reference to “any trading floor,” which should have been adopted in connection with the closing of the NYMEX and COMEX trading floor.

NYMEX and COMEX Chapter 5 (“Trading Qualifications and Practices”)

Rule 500. (“Scope of Chapter”) is being amended to remove references to the term Trading Annex. The rules within the Section of Chapter 5 titled “Trading Annex Access” are being eliminated.

Other rules referencing the Trading Annex and/or floor brokers and floor traders are also being amended or eliminated, including Rules 510. (“Requirements for Members and their Employees in the Trading Annex”), 511. (“Qualified Traders and Brokers”), 516. (“Error Accounts”), 527. (“Errors and Mishandling of Orders”), 530. (“Priority of Customers’ Orders”), 535. (“Responsibility of Persons Acting in a Registered Capacity in the Trading Annex”), and 574. (“Globex Access Restrictions”).

A legacy reference to Rule 536.G. (“Floor Recordings”) which was eliminated in connection with the trading floor closure is being removed from Rule 536.H. (“Retention of Records”) and a legacy reference to the trading floor is being removed from Rule 589. (“Special Price Fluctuation Limits”).

CME, CBOT, NYMEX and COMEX Chapter 5 (“Trading Qualifications and Practices”)

In connection with the elimination of NYMEX and COMEX Rule 511., NYMEX and COMEX are adopting new Rule 509. (“Accounts of Members and Member Firms”) to codify that all member and member firm accounts must be carried on a disclosed basis on the books of a clearing member firm.

CME and CBOT are also adopting new Rule 509. and amending Rule 511. to eliminate language that is duplicative to the language of new Rule 509.

NYMEX and COMEX Chapter 9 (“Clearing Member”)

Rule 901. (“General Requirements and Obligations”) is being amended to add a provision codifying that NYMEX and COMEX discontinued use of the term “qualified a member” effective at the close of business on November 30, 2018.

Rule 902. (“Clearing Membership Assignment Requirements”) is being amended to eliminate a provision applicable to a valid claim by a clearing member against a member it qualified where the member’s membership was assigned to a different clearing member firm.

Rule 903. (“Responsibility for Qualified Members”) is being amended to add the same statement concerning qualification that is being added to Rule 901.

Rule 904. (“Funds in Trading Accounts Carried by Clearing Members”) is being amended to eliminate references to qualifying clearing members and Rule 511.

Rule 984. (“Clearing Member Acceptance of Executed Customer Trades”) is being modified to replace the capitalized term “Floor Broker” with the generic term “broker.”

The Rule Amendments are set forth in Exhibit A with additions underscored and deletions ~~overstruck~~.

The Exchanges reviewed the designated contract market core principles (“DCM Core Principles”) as set forth in the Commodity Exchange Act (“CEA” or “Act”) and identified that the Rule Amendments may have some bearing on the following Core Principles:

Core Principle 2 – Compliance with Rules: The Rule Amendments are being adopted to ensure legacy references to the Trading Annex and provisions specifically applicable to the Trading Annex are eliminated from the NYMEX and COMEX Rulebooks as well as provide for various other conforming changes. The Rule Amendments are therefore in compliance with the Core Principle.

Core Principle 7 – Availability of General Information: The Exchanges will disseminate a Special Executive Report concerning the Rule Amendments, which will be emailed to subscribers and posted publicly on the CME Group website.

General opposition to the closing of the Trading Annex has been expressed by the members currently licensing space in the Trading Annex. Several members expressed concern that the loss of registration as a floor broker would negatively impact their ability to continue to service existing customers. Several members expressed concern that the loss of NFA registration as a floor trader would no longer permit them to make block markets under NYMEX and COMEX rules as they would not be able to meet the definition of an eligible contract participant by other means. The decision to close the Trading Annex was communicated to affected members and clearing member firms in early January 2018 to provide sufficient notice for these market participants to make any necessary and appropriate changes in advance of the closing, including for members to obtain NFA registration status in another capacity if eligible. Additionally, certain market participants raised a concern that certain NYMEX and COMEX markets would be adversely impacted by the elimination of the Trading Annex. The Exchanges performed a business analysis of the situation and determined that NYMEX and COMEX markets were unlikely to experience an appreciable negative impact as a result of this proposal.

Pursuant to Section 5c(c) of the Act and CFTC Regulation 40.6(a), the Exchanges certify that the Rule Amendments comply with the Act and regulations thereunder.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

~~Each qualifying clearing member which carries an error account agrees, without qualification, to accept and clear the broker's trades involving brokerage errors.~~

517.-519. [RESERVED]

527. ERRORS AND MISHANDLING OF ORDERS

If a broker overbuys or oversells for an order, the customer is not entitled to any of the quantity executed in excess of the order quantity. A position that has been established as a result of an erroneous execution or mishandling of an order must be placed in ~~an the error~~ account of the broker or firm responsible for the error or order mishandling. Any profits resulting from the liquidation of trades placed in ~~such a~~ broker's or firm's ~~error~~ account belong to the relevant broker or firm, and any such profits may be retained or disbursed at the broker's or firm's discretion.

1. Unfilled or Underfilled Orders

If a broker fails to execute an order or underbuys or undersells for an order, the broker shall do one of the following:

- a. Execute the order or the remainder of the order in the market and adjust the customer by check if the customer is filled at a price less favorable than that to which he was entitled due to the broker's error or mishandling of the order. If the order is filled at a more favorable price, the customer is entitled to the better price.

Execute the order or the remainder of the order in the market. If the order, or the remainder of the order, is filled at a worse price than that to which the customer was entitled but for the error or mishandling, the broker may allocate the fill to his ~~error~~ account, ~~pursuant to Section C.1. above~~, provide the customer a fill at the price to which the customer was entitled, and place the opposite side of the customer fill into his ~~error~~ account. If the order is filled at a more favorable price, the customer is entitled to the better price.

2. Wrong Contract Month, Wrong Strike, or Wrong Commodity Executions

When an order has been executed in the wrong contract month, wrong strike price, or wrong commodity, and the erroneous transaction has been placed in the relevant broker's or firm's ~~error~~ account, the error may be corrected by one of the following:

- b. Execution of a spread or combination transaction to execute the order and liquidate the position arising from the initial erroneous execution of the order, whereby one leg of the spread or combination transaction represents the correct execution of the order and the other leg offsets the erroneous position in the broker's or firm's ~~error~~ account. The broker or firm must clearly identify such transactions by appropriate designation, clearly document in writing the circumstances surrounding the nature of the error and promptly provide such documentation to the Market Regulation Department upon request.

3. Wrong Side of Market Executions

When an order has been executed on the wrong side of the market and the erroneous execution has been placed in the relevant broker's or firm's ~~error~~ account, the order shall be executed in accordance with its terms, with an adjustment to the customer by check if the order is executed at a worse price as a result of the error or mishandling of the order.

530. PRIORITY OF CUSTOMERS' ORDERS

A member shall not buy (sell) a futures contract, buy (sell) a call option or sell (buy) a put option for his own account, an account in which he has a direct or indirect financial interest, or an account over which he has discretionary trading authority when he is in possession of an executable order for another person to buy (sell) a futures contract, buy (sell) a call option or sell (buy) a put option in the same product, regardless of the venue of execution. All contract months in a given futures product and all options on the futures product, in addition to any corresponding alternative sized (mini or micro) futures or options contracts on a given product, shall be considered the same product for the purposes of this rule.

The foregoing shall not apply to DRT orders provided that the customer has previously consented in writing and evidence of such general consent is indicated on the order with the "WP" (with permission) designation. In the case of a ~~member~~~~Floor Broker~~ holding a discretionary order for an account described in Rule 547, a "WP" designation on the order shall constitute sufficient evidence of prior consent.

No person shall enter an order into the Globex platform for his own account, an account in which he has a direct or indirect financial interest or an account over which he has discretionary trading authority, including, without limitation, an order allowing discretion as to time and price, when such person is in possession of any order for another person that the Globex platform is capable of accepting.

535. ~~[RESERVED]~~RESPONSIBILITY OF PERSONS ACTING IN A REGISTERED CAPACITY IN THE TRADING ANNEX

~~Any member acting in a registered capacity under the Commodity Exchange Act in the Trading Annex shall assist his clearing member in the clearing of his trades. Any such member must leave contact information with the clearing member through which or for which he has traded in order that he may be contacted during the balance of the day in the event there is a discrepancy in the clearing of his trades.~~

536. RECORDKEEPING REQUIREMENTS FOR GLOBEX AND NEGOTIATED TRADES

[Sections A. – D. are unchanged.]

536.E. Negotiated Trades

At the time of execution, every order received from a customer for execution pursuant to Rule 526 ("Block Trades") and Rule 538 ("Exchange for Related Positions") must be in the form of a written or electronic record and include an electronic timestamp reflecting the date and time such order was received ~~in the Trading Annex~~, and must identify the specific account(s) for which the order was placed. Such record shall also include an electronic timestamp reflecting the date and time such order was modified, returned, confirmed or cancelled.

[Sections F. and G. are unchanged.]

536.H. Retention of Records

Each member and member firm and employees of the foregoing must keep full, complete and systematic records, including records created or transmitted electronically, together with all pertinent data and memoranda, of all transactions relating to its business of dealing in commodity interests and related cash or forward transactions in accordance with CFTC Regulation 1.35. Written and electronic records must be retained for a minimum of five years in permanent form. Oral communications required to be recorded pursuant to CFTC Regulation 1.35(a) must be retained for a minimum of one year past the date on which the oral communication occurred. ~~Oral communications recorded by the Exchange pursuant to Section G. will be maintained by the Exchange for a minimum of one year past the date on which the oral communication occurred.~~

All records required to be retained shall at all times be open to inspection by Exchange staff or any representative of the CFTC or the United States Department of Justice.

574. GLOBEX ACCESS RESTRICTIONS

All connections to the Globex system must be guaranteed by a clearing member that assumes financial responsibility for all activity through the connection. With respect to transactions given up to other clearing members, such guarantee is effective only until such time that the other clearing member accepts the

trade.

All individuals entering non-member customer orders in other than a clerical capacity must have appropriate CFTC registration. Non-member customer orders may be entered only from the ~~Trading Annex or from the~~ premises of an entity registered to conduct customer business.

Clearing members shall assist the Exchange in any investigation into potential violations of the rules or the Act which occur through or with respect to a Globex connection guaranteed by the clearing member. Such assistance must be timely and may include, but not be limited to, requiring any Person to produce documents, to answer questions from the Exchange, and/or to appear in connection with an investigation.

Clearing members shall suspend or terminate a Person's Globex access if the Exchange determines that the actions of the Person threaten the integrity or liquidity of any contract or violate any Exchange rule or the Act, or if the Person fails to cooperate in an investigation.

If a clearing member has actual or constructive notice of a violation of Exchange rules in connection with the use of Globex by any Person for which it has authorized a direct connection and the clearing member fails to take appropriate action, the clearing member may be found to have committed an act detrimental to the interest or welfare of the Exchange.

589. SPECIAL PRICE FLUCTUATION LIMITS

The special price fluctuation limits applicable to those contracts with special price fluctuation limits are set forth in the Special Price Fluctuation Limits and Daily Price Limits Table ("Table") in the Interpretations Section at the end of Chapter 5.

589.A. Initial Price Fluctuation Limits for All Contract Months

At the commencement of each trading day, there shall be initial price fluctuation limits in effect for each futures contract month of the primary futures contract (as identified in the Table) above or below the previous day's settlement price for such contract month set at the first special price fluctuation limit level as provided in the Table.

589.B. Triggering Events and Temporary Trading Halts

1. First Triggering Event and Temporary Trading Halt If the lead contract month (as identified by the Exchange) of the primary futures contract is bid or offered via Globex at the upper or lower price fluctuation limit at the first special price fluctuation limit level, as applicable, it will be considered a triggering event that will begin a two (2) minute monitoring period in the lead contract month. If, at the end of the two (2) minute monitoring period, the lead contract month of the primary futures contract is not bid or offered at the applicable special price fluctuation limit, the special price fluctuation limits shall be expanded an additional increment above and below the previous day's settlement price for all contract months of the primary futures contract and all contract months of associated products of the primary futures contract as provided in the Table. If, however, at the end of the two (2) minute monitoring period, the lead contract month of the primary futures contract is bid or offered at the applicable special price fluctuation limit, a two (2) minute temporary trading halt will commence in all contract months of the primary futures contract and in all contract months of associated products of the primary futures contract as provided in the Table. In addition, trading in any associated product that is an option related to the primary futures contract or in an option contract related to any other associated product of the primary futures contract that may be available for trading on Globex ~~or on the trading floor~~ shall be subject to a coordinated temporary trading halt.

[The remainder of the Rule is unchanged.]

901. GENERAL REQUIREMENTS AND OBLIGATIONS

Membership in the Clearing House is a privilege and license granted by the Board and may be withdrawn by the Board for cause at any time. ~~Additionally, a clearing member that qualifies members must provide fifteen days notice to the Exchange of any proposal to terminate such business or any material part of such business.~~

The relevant committee or Exchange staff, upon such notice, may disapprove or approve, subject to certain conditions, such changes in structure or operations if it determines that the proposed change could jeopardize the financial or operational integrity of the Exchange or the Clearing House. For purposes of this Rule, the Clearing House Oversight Committee shall be the relevant committee with respect to corporate organization and structure changes and the Clearing House Risk Committee shall be the relevant committee with respect to all other changes.

I. The Exchange discontinued use of the term "qualifies a member" effective at the close of business on November 30, 2018. A clearing member's responsibility for a member it qualifies on or prior to the effective date shall continue in accordance with this Rule.

J. It shall notify the Financial and Regulatory Surveillance Department in a timely manner of any material change in key personnel who are responsible to act on behalf of the clearing member.

K. [Reserved]

L. [Reserved]

M. It shall guarantee and assume financial responsibility for all trading activity routed through a Globex portal, or routed through any other electronic trading system to CME for clearing of such transactions.

Such activity is guaranteed to CME by the clearing member via any connection, terminal, link, telecommunications hub or handheld unit provided by the clearing member to a third party as well as any other applicable electronic trading systems and terminals that the clearing member provides to a third party to enter orders.

N. It shall be responsible for the acts of Globex terminal operators accessing the Globex system through its connections, including direct connections or other connections that it provides to firms that are under common ownership with it. It shall be the duty of the clearing member to supervise its employees and agents acting as Globex terminal operators to ensure such employees and agents comply with Exchange rules, and any violation of Exchange rules by such terminal operators shall be considered a violation by the clearing member.

O. [Reserved]

P. Each clearing member shall use systems and appropriate procedures to track accurately, and to provide to the Clearing House accurately, the positions and collateral of each of its cleared swaps customers.

Q. Requirement to Establish Uncommitted Repo. Each clearing member that is a U.S. Government Securities Broker-Dealer or has a U.S. Government Securities Broker-Dealer affiliate shall enter into (or arrange for such affiliate, or an affiliate that is a bank, to enter into) a master repurchase agreement with CME on terms substantially similar to those set out by the Clearing House. Each clearing member that has entered into such master repurchase agreement shall (or shall cause its affiliate that has entered into such master repurchase agreement to) periodically test repurchase transactions with the Clearing House when requested by the Clearing House.

R. Reserved

S. The obligation of a clearing member to pay settlement variation during each settlement cycle is satisfied when all required cash is credited as a settlement variation payment into the correct CME bank account at the relevant settlement bank. The obligation of a clearing member to post performance bond during each settlement cycle is satisfied when all required assets are deposited as performance bond into the correct CME bank account at the relevant custodial bank.

902. CLEARING MEMBERSHIP ASSIGNMENT REQUIREMENTS

902.A. Assignment Requirement

Subject to exemptions granted by Exchange staff, each clearing member shall have at least two Exchange memberships in each Division in which it desires clearing member privileges assigned to the Clearing House.

At least one membership required for clearing membership pursuant to this rule must be owned by the clearing member or a person, including a parent company, with an acceptable proprietary interest in such clearing member, if such clearing member was approved for membership after July 1, 2009. The second membership may be independently assigned.

A clearing member approved for membership on or before July 1, 2009, may continue to maintain the same number of independent membership assignments as the clearing member held on July 1, 2009. If a clearing member approved on or before July 1, 2009, or a person with an acceptable proprietary interest in the clearing member, subsequently purchases a membership and substitutes such asset for one which was previously an independent assignment, such membership must thereafter be owned by the clearing member or a person with an acceptable proprietary interest if necessary to meet the minimum requirements of the previous paragraph.

Upon default of a clearing member in meeting its obligations to the Clearing House or upon the Clearing House Risk Committee's determination that a clearing member's financial position jeopardizes the financial integrity of the Clearing House, the Clearing House may direct the sale of any or all of the clearing member's assigned memberships. The proceeds from the sale of the memberships shall be used to satisfy Rule 110 obligations.

902.B. [Reserved]

902.C. Assignment Process

A membership may be assigned upon the completion of an Exchange-approved form. A membership may be assigned on behalf of only one clearing member and may not be subject to any Rule 110 claims at the time of assignment. Upon submitting an assignment form to the Membership Services Department, the membership shall be notified of the assignment. Parties will have ten days after the notification of the assignment to submit any Rule 110 claims against the membership being assigned. After all Rule 110 claims have been resolved to the satisfaction of the Exchange, the membership shall be assigned.

902.D. Assignment Substitutions

A clearing member may substitute a membership for an assigned membership provided that the clearing member continues to meet the assignment requirements of this Rule. ~~In the event a clearing member has a valid claim against a member that it qualifies and the member's membership is assigned to another clearing member, the clearing member utilizing the membership for assignment shall have 10 business days to substitute another membership to fulfill the assignment requirements of this Rule.~~

902.E. Assignment Withdrawal Disputes

In the event a member wants to withdraw his assigned membership over the objection of the clearing member to which the membership is assigned, such member must request permission to do so from Clearing House staff. The request must be in writing with a copy delivered to the clearing member to which the membership is assigned.

902.F. Lien on Memberships

Each Clearing Member hereby grants to the Clearing House a first priority and unencumbered lien against all memberships required for clearing membership by the Exchange.

903. RESPONSIBILITY FOR QUALIFIED MEMBERS

A. A clearing member that qualifies a member thereby guarantees and assumes complete responsibility for the financial obligations attendant to: 1) all trades and orders executed or accepted for execution by such member, including trades or orders executed, or which such member fails to execute, negligently, fraudulently or in violation of Exchange rules; 2) an unpaid arbitration award issued by a panel of the Arbitration Committee against such member in circumstances where the dispute is related to a matter described in number 1) above; 3) an unpaid restitution order issued against such member by a panel of the Business Conduct Committee, the Clearing House Risk Committee or a hearing panel of the Board of Directors; and 4) unpaid Exchange disciplinary fines imposed upon such member if the member is also an employee of the clearing member or its affiliate, subject to a determination by the sanctioning entity. The Exchange discontinued use of the term "qualifies a member" effective at the close of business on November 30, 2018. A clearing member's responsibility for a member it qualifies on or prior to the effective date shall continue in accordance with this Rule.

~~B. – F. [Reserved.] To qualify traders, a clearing member must have established systems in place for trade submission, clearing, and settlement/banking with the Clearing House.~~

~~C. No member may be qualified by more than one clearing member at one time.~~

~~D. A member may not transfer his qualification unless he has obtained a written release from the clearing member last qualifying him. A release shall not be withheld unless a member has an unsatisfied indebtedness to the clearing member last qualifying him where the indebtedness is due to a deficit arising from transactions on the Exchange or where the clearing member last qualifying him is the guarantor under an existing valid guarantee of a loan which had been made to the member exclusively for the purpose of financing the purchase of the member's membership. A member who believes his qualifying clearing member is unreasonably withholding a release necessary to permit the member to be qualified by a different clearing member may request a hearing before a Panel of the Business Conduct Committee as provided in Rule 544. Any other disputes between the parties shall be resolved, to the extent permitted by the rules, through the arbitration procedures set forth in Chapter 6.~~

~~E. A clearing member may, without prior notice, revoke a member's authorization to trade by written revocation filed with the Membership Services Department. Such revocation shall be effective and the member's qualification to trade shall terminate when notice of the disqualification is posted in a location determined by the Exchange. A member shall not appear in the Trading Annex until he has been requalified.~~

~~F. A member shall place all trades, including trades for his own account or any account which he controls, on the books of his qualifying clearing member unless written authorization to the contrary from said clearing member has been filed with the Membership Services Department. Regardless of such authorization, a member in a deficit position with any clearing member shall place trades only through his qualifying clearing member. Any non-qualifying clearing member that carries a member's account in a deficit position shall promptly notify the clearing member that is qualifying such member.~~

G. No clearing member shall provide access to Globex or ClearPort ~~Trading access to~~, or clear any trade for, an employee, ~~qualified trader~~ or other representative of another clearing member without the written consent of such other clearing member. No clearing member shall provide access to Globex or ClearPort ~~Trading access to~~, or clear any trade for, a person in a partnership with another clearing member without the written consent of all partners. Such written consent shall be filed with the Membership Services Department.

~~H. In the case of a member who has Globex access or ClearPort Trading access guaranteed by a clearing member other than his qualifying clearing member, the qualifying clearing member may terminate the member's ability to place orders through Globex or ClearPort Trading by notifying the clearing member providing the member access to Globex or ClearPort Trading. The clearing member providing the access to Globex or ClearPort Trading will be responsible for ensuring that the member does not place orders through Globex or ClearPort Trading.~~

904. FUNDS IN TRADING ACCOUNTS CARRIED BY CLEARING MEMBERS

If a Member (as defined in Rule 400) trades in excess of written limits prescribed by his ~~qualifying or~~ guaranteeing clearing member ~~or a clearing member through which such Member is authorized by his qualifying clearing member to trade pursuant to Rule 514~~ without sufficient funds in his account to margin the position, or if the Member is alleged to have engaged in reckless and unbusinesslike dealing inconsistent with just and equitable principles of trade, and such trades are profitable, the disposition of any and all funds in the applicable trading account(s) may be suspended by the carrying clearing member. The claim of a carrying clearing member to such profits shall be submitted to arbitration pursuant to the provisions of Chapter 6. 509. ACCOUNTS OF MEMBERS AND MEMBER FIRMS

~~All trades initiated for the account of a member or member firm, or an account in which the member or member firm has a proprietary interest, shall be disclosed on the books of a clearing member.~~

511. QUALIFIED TRADERS AND BROKERS

No member shall be permitted to execute a pit, spot call or allowable privately negotiated transaction on the Exchange unless he is qualified to do so by a clearing member.

A member shall place all trades for his own account or any account which he controls, on the books of his qualifying clearing member unless written authorization to the contrary from said clearing member has been filed with the Shareholder Relations and Membership Services Department. Regardless of such authorization, a member in a deficit position with any clearing member shall place trades only through his qualifying clearing member. Any non-qualifying clearing member that carries a member's account in a deficit position shall promptly notify the clearing member that is qualifying such member.

~~All trades initiated for a member's account, an account which he controls or an account in which he has a proprietary interest shall be disclosed on the books of a clearing member.~~

A member who believes his qualifying clearing member is unreasonably withholding a release necessary to permit the member to be qualified by a different clearing member may request a hearing before a Panel of the Business Conduct Committee ("Panel") pursuant to the applicable provisions of Rule 408. The Panel may, in its sole discretion, remand a dispute concerning the validity of a signed non-compete agreement between the parties to arbitration pursuant to Rule 600.A. Either party may petition the arbitration chairman for expedited handling of the matter pursuant to Rule 613.

The Panel may assess attorneys' fees and the administrative costs of the proceeding against one or both of the parties if it determines that a claim or defense was frivolous or filed in bad faith.
