**Re: Amendments to Block Trade Procedures - Establishment of Block Trade Minimums for New MSCI Daily Futures Contracts- Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Section 5c(c)(1) of the Commodity Exchange Act, as amended, and Commodity Futures Trading Commission (“Commission”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) self certifies amendments to the Exchange’s Block Trading Procedures (the “Procedures”), which are reflected in the Exchange’s Block Trade FAQ (“FAQ”), as set forth in Exhibit A. The Exchange is amending the FAQ to establish minimum block trade quantities for the 17 new MSCI Daily futures contracts (see Submission Nos. 22-183 through 22-199) being listed by the Exchange on December 5, 2022. The Exchange is setting the minimum block trade quantity for each new MSCI Daily futures contract at the same level as the existing quarterly futures contract on the specified MSCI Index.

The Exchange is not aware of any opposing views and certifies that the amendments to the FAQ, which will become effective on December 5, 2022, or such other date as the Exchange shall determine which shall be no sooner than the first business day following the tenth business day following submission to the Commission, comply with the requirements of the Act and the rules and regulations promulgated thereunder. Specifically, the amendments comply with Core Principle 9, which allows designated contract markets (“DCM”) to authorize transactions, such as

block trades, that are executed away from the DCM's centralized marketplace. The Exchange further certifies that, concurrent with this filing, a notice of pending certification was posted on the Exchange's website as well as a copy of this submission, which may be accessed at (<https://www.theice.com/futures-us/regulation#Rule-Filings>).
