**RE: Modifications to the Eurodollar Pack and Bundle Deferred Contract Liquidity Program
CME Submission No. 15-491**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. (“CME” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) of plans to modify the Eurodollar Pack and Bundle Deferred Contract Liquidity Program (“Program”). The modifications to the Program will become effective on January 1, 2016.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

CME reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA”). During the review, CME staff identified the following Core Principles as potentially being impacted; Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA and the Exchange’s market regulation staff will monitor all market participants that trade the Program’s products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants’ obligations to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchange’s order execution. Participants in the Program will be selected by Exchange staff using criteria as further stated in Exhibit 1. Chapter 4 of the CME rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the Exchange in which each participant will expressly agree to comply with and be subject to, applicable regulations and CME rules. The Program is subject to the Exchange’s record retention policies which comply with the CEA.

CME certifies that this Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

If you require any additional information regarding this submission, please e-mail CMEGSubmissionInquiry@cmegroup.com or contact Rachel Johnson at 312-466-4393 or via e-mail at Rachel.Johnson@cmegroup.com. Please reference our CME Submission No. 15-491 in any related correspondence.

Sincerely,

/s/ Christopher Bowen

EXHIBIT 1

Eurodollar Pack and Bundle Deferred Contract Liquidity Program

Program Purpose

The purpose of this Program is to develop increased liquidity and encourage trading in specific deferred month Eurodollar packs and bundles and their related Eurodollar futures contracts which are at present less liquid by comparison with the broader Eurodollar Futures complex. Increased liquidity in these contracts benefits the entire marketplace.

Product Scope

Eurodollar Pack and Bundle Futures contracts traded on Globex® (“Products”).

Eligible Participants

The Exchange may designate up to twenty (20) participants in the Program. Participants must be CME members. All prospective participants are required to submit a Bid Sheet to the Exchange which is used to determine eligibility. Exchange staff looks at a variety of factors when selecting participants including, but not limited to, historical performance in the Products or related markets, previous experience in trading and market making of deferred Eurodollar contracts, and the ability to commit to and maintain continuous two-sided markets in the Products.

Program Term

Start date is January 1, 2015. End date is ~~December 31, 2015~~ December 31, 2016.

Obligations

~~Quoting Requirements: All participants are obligated to quote, at contracted sizes and spreads, a chosen set of pack and bundle instruments from a schedule of quoting selections offered by CME. Sets of pack and bundle instruments are compiled to represent different back month portions of the Eurodollar curve, and requirements for each are normalized relative to one another to reflect the characteristics of included instruments. The Exchange will determine, in its sole discretion, whether a participant has complied with its quoting requirement.~~

In order to be eligible to receive Program incentives, Program participants must select and comply with one (1) set of quoting obligations such as the target obligations set forth in the Quoting Buckets below. Participants must comply with the selected quoting obligations for 65% of the applicable trading session each month.

Program Incentives

~~Upon satisfying all Program obligations, as determined by the Exchange, participants may be eligible to receive predetermined incentives.~~

Fee Waivers: Upon meeting all Program obligations, as determined by the Exchange, Program participants may be eligible to receive a \$0.08 discount on fees for applicable volume traded in the Products.

Fee Discount Credits: Upon meeting all Program obligations, as determined by the Exchange, Program participants may be eligible to receive fee discount credits which may be applied to certain fees incurred from other Eurodollar futures volume traded in the same month. Fee credits will have a value of \$0.06 each. Only one (1) credit may be applied for each non-Pack and Bundle Eurodollar Future traded.

Fee Discount Credit Multiplier Schedule*

Year Bracket of Contract Expiration Month	Fee Discount Credits/Leg
Green Packs / 3Y Bundles	7 fee credits (per leg)
Blue Packs and beyond / 4Y & 5Y Bundles	15 fee credits (per leg)

**In the case of applicable spread types that span multiple color years the color year of the longest component of the spread will determine the multiplier to be applied.*

Monitoring and Termination of Status

The Exchange shall monitor market making activity and shall retain the right to revoke Program participant status if it concludes from its review that a Program participant is not complying with Program obligations.

The Exchange's market regulation staff will monitor all market participants that trade the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange will remove self-matched trades from Program incentive calculations.

If the Exchange determines that a participant has not met its quoting obligations during the participant's first month of quoting, but is within twenty percent (20%) of its contracted quoting metric, the participant will be eligible to receive the incentives for that applicable month.

Excluding a participant's first month of quoting, if a participant does not meet its quoting obligations during one (1) calendar month, but is within ten percent (10%) of its contracted quoting metric, the participant will be eligible to receive the incentives for that applicable month. Participants must meet quoting obligations for all subsequent months in order to continue to receive the program incentives.
