**RE: Extension of the Lumber Futures Volume Incentive Program
CME Submission No. 22-498**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. (“CME” or “Exchange”) hereby notifies the Commodity Futures Trading Commission (“CFTC” or “Commission”) that it plans to extend the Lumber Futures Volume Incentive Program through July 31, 2023. The extension of the Program will become effective on February 1, 2023. All other Program terms remain unchanged.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underlined and deletions ~~overstruck~~.

CME reviewed the designated contract market core principles (“Core Principles”) as set forth in the Commodity Exchange Act (“CEA”). During the review, CME staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, Availability of General Information, and Recordkeeping.

The Program does not impact the Exchange’s ability to perform its trade practice and market surveillance obligations under the CEA and CME market regulation staff will monitor trading in the Program’s products to prevent manipulative trading and market abuse. Additionally, CME has implemented systems to track Program participants’ volume to ensure proper distribution of earned incentives. The Program does not impact the Exchange’s order execution. Participants in the Program will be selected by CME staff using criteria as further stated in Exhibit 1. Chapter 4 of the CME rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. The Program is subject to these rules.

CME certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange’s website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
