NYMEX Submission No. 17-461**

Dear Mr. Kirkpatrick:

New York Mercantile Exchange, Inc. ("NYMEX" or "Exchange") hereby notifies the Commodity Futures Trading Commission ("CFTC" or "Commission") that it plans to extend its market making program in support of certain NYMEX Brent contracts that are traded on Globex ("Program") through January 31, 2018. The extension of the Program will become effective on January 1, 2018. All other Program terms remain unchanged.

Exhibit 1 sets forth the terms of this Program. Modifications appear below, with additions underscored and deletions ~~overstruck~~.

NYMEX reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, NYMEX staff identified the following Core Principles as potentially being impacted: Monitoring of Trading, Execution of Transactions, Protection of Market Participants, Compliance with Rules, and Recordkeeping.

The Program does not impact the Exchange's ability to perform its trade practice and market surveillance obligations under the CEA. The Exchange's market regulation staff will monitor trading in the Program's products to prevent manipulative trading and market abuse. Additionally, the Exchange has implemented systems to track Program participants' volume to ensure proper distribution of earned incentives. The incentives in the Program do not impact the Exchange's order execution. Participants in the Program will be selected by NYMEX staff using criteria as further stated in Exhibit 1. Chapter 4 of the NYMEX rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with NYMEX in which each participant will expressly agree to comply with and be subject to, applicable regulations and NYMEX rules. The Program is subject to the Exchange's record retention policies which comply with the CEA.

NYMEX certifies that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to this Program.

The Exchange certifies that this submission has been concurrently posted on the Exchange's website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.

## Brent Futures and Inter-Commodity Spread Market Maker Program

### Program Purpose

The purpose of this Program is to incentivize market makers to provide liquidity in the products listed below. The resulting additional central limit order book liquidity benefits all participants in the market.

### Product Scope

Brent Last Day Financial Futures ("BZ") and the Exchange's listed spread between BZ and Crude Oil Futures ("CL") ("BZ-CL Spread"), the Exchange's listed spread between BZ and NY Harbor ULSD Futures ("HO") ("BZ-HO Spread"), and the Exchange's listed spread between BZ and RBOB Gasoline Physical Futures ("RB") ("BZ-RB Spread") traded on the Globex Platform ("Products").

### Eligible Participants

There is no limit to the number of participants that may participate in the Program. Participants may be NYMEX members or non-members. Potential participants are required to submit an application/bid sheet to the Exchange as part of a competitive application process which is used to determine eligibility. In determining whether or not a prospective market maker is selected to participate in the Program, NYMEX staff may take into account a variety of factors including the strength of the quoting obligations the prospective market maker is willing to commit to provide and whether NYMEX staff believes that the prospective market maker can maintain such obligations. NYMEX may, from time to time, add or subtract from the aforementioned requirements as it deems necessary.

### Program Term

Start date is November 30, 2012. End date is ~~December 31, 2017~~ January 31, 2018.

### Hours

RTH (8AM CST – 2PM CST), ATH (7PM CST – 3AM CST), ETH (1AM CST – 8AM CST)

### Obligations

Participants in the Program must quote continuous two-sided markets in the Products at designated bid/ask spreads and quote sizes during a specified percentage of the trading hours.

### Incentives

For each calendar month that a participant meets its quoting obligations, the applicable Program participant shall be eligible for predetermined incentives.

### **Monitoring and Termination of Status**

The Exchange shall monitor trading activity and participants' performance and shall retain the right to revoke Program participant status if it concludes from review that a Program participant has failed to meet its obligations or no longer meets the eligibility requirements of the Program.
