**RE: Extension of the CME/CBOT E-mini Equity Index Futures Market Maker Program
CBOT Submission No. 15-525 (2 of 2)**

Dear Mr. Kirkpatrick:

Chicago Mercantile Exchange Inc. ("CME") and The Board of Trade of the City of Chicago, Inc. ("CBOT") (collectively, the "Exchanges") hereby notify the Commodity Futures Trading Commission ("CFTC" or "Commission") of plans to extend the CME/CBOT E-mini Equity Index Futures Market Maker Program ("Program") through December 31, 2016. The extension of the Program will become effective on January 1, 2016. All other Program terms remain the same.

Exhibit 1 sets forth the terms of this Program. The modifications appear below, with additions underscored and deletions ~~overstruck~~.

The Exchanges reviewed the designated contract market core principles ("Core Principles") as set forth in the Commodity Exchange Act ("CEA"). During the review, the staff identified the following Core Principles as potentially being impacted: Prevention of Market Disruption, Execution of Transactions, Protection of Market Participants, Compliance with Rules and Recordkeeping.

The Program does not impact the Exchanges' ability to perform their trade practice and market surveillance obligations under the CEA. The Exchanges' market regulation staff will monitor trading in the Program's products in order to prevent manipulative trading and market abuse. The Program does not impact the Exchanges' order execution. Participants in the Program will be selected by the Exchanges' staff using criteria as set forth in Exhibit 1. Chapter 4 of the Exchanges' rules includes prohibitions against fraudulent, non-competitive, unfair or abusive practices. All participants must execute a contractual agreement with the Exchanges in which each participant will expressly agree to comply with, and be subject to, applicable regulations and the Exchanges' rules. Additionally, the Program is subject to the Exchanges' record retention policies, which comply fully with the CEA.

The Exchanges certify that the Program complies with the CEA and the regulations thereunder. There were no substantive opposing views to the Program.

The Exchanges certify that this submission has been concurrently posted on the Exchanges' website at <http://www.cmegroup.com/market-regulation/rule-filings.html>.
