Re: Amendments to Micro NYSE FANG+™ Index Clearing Member Rebate Program - Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, notice that the Exchange extending the term of the Micro NYSE FANG+ Index Clearing Member Rebate Program (“Program”) through December 31, 2023. The MICRO NYSE FANG+ contract was first listed by the Exchange in November 2017 and the market is still growing. The Exchange believes that the Program has helped attract volume and promote liquidity in the product. As such, the Exchange has decided to extend the Program for an additional year. No other changes are being made to the Program, which was launched on November 8, 2017 and was set to expire on December 31, 2022.

The Exchange certifies that the Program continues to comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange is not aware of any opposing views with regard to the amendments to the Program, which will become effective on January 1, 2023, and further certifies that, concurrent with this filing, a copy of this submission was posted on the Exchange's website at (<https://www.theice.com/futures-us/regulation#rule-filings>).
