**Re: Amendments to the MSCI Contracts Designated Market Maker Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commission Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) submits, by written certification, notice that the Exchange is amending the terms of the MSCI Contracts Designated Market Maker Program (“Program”), as set forth in Exhibit A, and is extending the term of the Program through December 31, 2018. The current term for the Program, which was initially launched June 30, 2014 with the listing of the MSCI Contracts, is currently set to expire on December 31, 2017. The Exchange believes the Program has helped build liquidity and volume in the covered contracts and is extending the term for another year.

The Exchange certifies that the amendments, which will become effective on January 1, 2018, comply with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the amendments comply with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange further certifies that, concurrent with this filing, a redacted copy of this submission (consistent with the petition for Confidential Treatment filed contemporaneously with the Commission) was posted on the Exchange’s website at (<https://www.theice.com/futures->

ICE Futures MSCI Contracts Designated Market Maker Program

Program Purpose

The purpose of the Program is to incentivize participants to increase central limit order book liquidity in the products listed below; this enhanced liquidity will benefit all participants in the marketplace.

Product Scope

Futures contracts on the MSCI Emerging Markets Index (“EM”) and on the Emerging Markets EMEA, Emerging Markets Asia, Emerging Markets Latin America, China, India, Mexico, Taiwan and South Africa, and ACWI Ex-US Indexes, collectively the “EM-associated contracts”; and the MSCI EAFE Index and the MSCI World, ACWI, Canada, USA, Euro, Europe and Pan Euro Indexes, collectively the “EAFE-associated contracts”.

Eligible Participants

IFUS may designate any number of participants in the Program, each of whom may participate for only the EM and EM-associated contracts (the “EM Track”), only the EAFE and EAFE-associated contracts (the “EAFE Track”), or both Tracks. In order to be considered for selection into the Program, potential participants must have maintained a sufficient monthly average volume in one or more of the Program contracts over the past six months at the time of application.
