**Re: Amendments to Power Futures Flat Fee Liquidity Provider Program
Submission Pursuant to Section 5c(c)(1) of the Act and Regulation 40.6**

Dear Mr. Kirkpatrick:

Pursuant to Commodity Futures Trading Commission (“CFTC”) Regulation 40.6(a), ICE Futures U.S., Inc. (“IFUS” or “Exchange”) hereby submits by written certification, amendments extending the term of the Power Futures Flat Fee Liquidity Provider Program (“Program”), which was launched in July 2019 and set to expire on December 31, 2020. The Exchange believes that the program has helped increase liquidity and volume in the covered power contracts and is extending the term through December 31, 2022. All other terms and condition of the Program, which are set forth in Exhibit A, remain unchanged.

The Exchange certifies that the amended Program complies with the requirements of the Commodity Exchange Act and the rules and regulations promulgated thereunder. In particular, the Program complies with Core Principle 4 (Monitoring of Trading), Core Principle 9 (Execution of Transactions) and Core Principle 12 (Protection of Market Participants). The Program does not impact order execution priority or otherwise give participants any execution preference or advantage. In addition, the Exchange’s Market Regulation Department actively monitors for trading abuses using electronic exception reports and will take appropriate action against any participants engaging in market abuses.

The Exchange is not aware of any opposing views with regard to the Program, which will become effective on January 1, 2021 and further certifies that, concurrent with this filing, a copy

of this submission was posted on the Exchange's website at (<https://www.theice.com/futures-us/regulation#rule-filings>).
